UNDER AND BY VIRTUE OF a Writ of Execution, issued out of the Supreme Court of Ontario, in an action wherein Norma Georgina Robertson is the Plaintiff and Robert John Robertson and Janet Pettit, the Defendants, to me directed, against the goods and chattels, lands and tenements of the said Defendant, Robert John Robertson, I have seized and taken in execution all the right, title, interest and equity of redemption of the said Defendant, Robert John Robertson, in and to:

All and Singular that certain parcel or tract and premises situate, lying and being in the Township of McNab, in the County of Renfrew, and being:

PARCEL 1: Part of the east half of Lot 17, Concession 2, Township of McNab, County of Renfrew, composed of some 25.8 acres, having a value in 1967 of approximately \$4,000.00.

PARCEL 2: Half owner of part of the east half of Lot 17, Concession 2, Township of McNab, County of Renfrew, having a value of approximately \$2,500.00 in the year 1967.

PARCEL 3: Half owner only, of the south half of Lot 18, in the second Concession, Township of McNab, County of Renfrew, composed of 97 acres, having a value of some \$1,700.00 in 1967.

PARCEL 4: Entire owner of part of the south half of Lot 18, Concession 2, Township of McNab, County of Renfrew, having a value of \$11,000.00.

PARCEL 5: Entire owner of the northeast corner of Lot 19, in the Fifth Concession, Township of McNab, and the east half of Lot 20, in the Fifth Concession, Township of McNab, composed of 148 acres altogether and valued at \$4,000.00 back in 1967.

PARCEL 6: One-seventh ownership of a parcel of land at Norway Lake, having a value of approximately \$500.00 in 1967.

On the premises is said to be erected a two-storey dwelling, seven rooms, oil heated, and a garage forming part of the building.

All of which said right, title, interest and equity of redemption of the said Defendant, Robert John

Robertson, in the said land and tenements I shall offer for sale by public auction, in my Office in the Court House, 297 Pembroke Street East, Pembroke, Ontario, on Wednesday, the 22nd day of August, 1973, at the hour of 2.00 o'clock in the afternoon.

TERMS: CASH.

Dated at the City of Pembroke, in the County of Renfrew, this 20th day of June, 1973.

W. D. POWELL,  
Sheriff, County of Renfrew.

## Treasurer's Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Queen's Printer and Publisher for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Department of Lands and Forests whether or not the land or any part can be purchased or leased from the Department. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

COUNTY OF MIDDLESEX

To Wit:

By VIRTUE OF A WARRANT issued by the Warden of the County of Middlesex, under his hand and the seal of the Corporation of the County of Middlesex, to me directed, and bearing date the 11th day of May, 1973, commanding me to levy upon and sell the lands in the County of Middlesex mentioned in the following list for arrears of taxes and costs, I hereby give notice that, if such arrears of taxes and costs are not sooner paid, I shall proceed to sell by public auction the said lands for the payment of the said taxes and costs.

The Tax Sale shall be held in the Lower Assembly Room, in the New County Building, in the City of London, on Thursday, October 18th, 1973, at the hour of 2.00 o'clock in the afternoon.

All of the following lands are patented.

The adjourned Sale, if any, will be held on Thursday, October 25th, 1973, at the same time and in the same place as the Tax Sale.

The following lands include tax arrears to December 31, 1972, but will be sold subject to the purchaser paying the taxes owing and accruing after that date.

DEREK NEWTON,  
Treasurer, County of Middlesex.

Crop Insurance Plan—Hay.

Made—April 30th, 1973.

Approved—June 13th, 1973.

Filed—June 18th, 1973.

### REGULATION MADE UNDER THE CROP INSURANCE ACT (ONTARIO)

#### CROP INSURANCE PLAN—HAY

1. The plan in the Schedule is established for the insurance within Ontario of hay. O. Reg. 367/73, s. 1.

2. Regulation 147 of Revised Regulations of Ontario, 1970 and Ontario Regulation 185/71, are revoked. O. Reg. 367/73, s. 2.

## Schedule

*The Crop Insurance Act (Ontario)*

## PLAN

1. This plan may be cited as "The Ontario Crop Insurance Plan for Hay".

2. The purpose of this plan is to provide for insurance against a loss in the production of hay resulting from one or more of the perils designated in section 4.

## INTERPRETATION

3. In this plan,

- (a) "hay" means feed for live stock produced from grasses or legumes cut and stored as hay or hay silage;
- (b) "seeded acreage" means acreage seeded to grasses or legumes for the purpose of producing hay during the current crop year;
- (c) "ton" means 2000 pounds;
- (d) "ton of hay equivalent" means one ton of hay or 2½ tons of hay silage.

## DESIGNATION OF PERILS

4. The following are designated as perils for the purposes of this plan:

- 1. Drought.
- 2. Excessive moisture.
- 3. Excessive rainfall.
- 4. Flood.
- 5. Frost.
- 6. Hail.
- 7. Insect infestation.
- 8. Plant disease.
- 9. Wildlife.
- 10. Wind.
- 11. Winterkill.

## DESIGNATION OF CROP YEAR

5. The crop year for hay is the period from the 1st day of September in any year to the 31st day of August next following.

## CONTRACT OF INSURANCE

6. For the purpose of this plan, the entire contract of insurance for hay shall be deemed to be comprised of,

- (a) the contract of insurance in the form prescribed by Regulation 156 of Revised Regulations of Ontario, 1970;
- (b) an endorsement for hay in Form 1;
- (c) the application for insurance in Form 2;
- (d) the new seeding establishment endorsement in Form 3, where applicable; and
- (e) any amendment to a document referred to in clause *a*, *b*, *c* or *d* agreed upon in writing.

7.—(1) An application for insurance shall,

- (a) be in Form 2;
- (b) be accompanied by the full premium which shall be a minimum of \$15; and
- (c) be filed with the Commission not later than the 1st day of November of the crop year in respect of which it is made.

(2) Notwithstanding subsection 1, for the crop year commencing on the 1st day of September, 1972, applications may be filed until not later than the 1st day of May of the crop year.

## DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection 2 or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of September in the crop year during which the cancellation is to be effective.

## COVERAGE

9.—(1) Subject to subsection 2, the coverage provided under a contract of insurance shall be the number of pounds designated as the starting coverage in the Table for the area in which the insured crop is grown for each acre seeded to hay by the insured person in accordance with the regulations.

(2) The coverage per acre provided under subsection 1 shall be increased following each no claim year, and decreased following each claim year, by one step in accordance with and to the limits prescribed by the Table.

(3) The number of pounds determined under subsections 1 and 2 constitutes the total guaranteed production under a contract of insurance.

10. The maximum amount for which the Commission is liable under a contract of insurance is the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price prescribed by section 11.

11. The established price for hay is \$20 per ton.

#### PREMIUMS

12.—(1) The total premium is \$2.50 per acre.

(2) Notwithstanding subsection 1, the minimum premium payable by the insured person in each crop year is \$15.

(3) The premiums prescribed by subsection 1 include such payments in respect of premiums as may be made by,

(a) the Government of Canada under the *Crop Insurance Act* (Canada); and

(b) the Government of Ontario under subsection 2 of section 7 of the Act.

(4) Premium discounts provided under Regulation 158 of Revised Regulations of Ontario, 1970 are not applicable to any premiums payable under this plan.

13.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person has acreage seeded to hay crops.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium at the time he files the application.

14. For the purposes of this plan, the final date for harvesting hay in a crop year is the 31st day of August, or such other date as may be determined from time to time by the Commission.

#### NOTIFICATION OF LOSS

15. Where the insured person fails to report a loss in production by the 15th day of July in the crop year, the guaranteed production shall be deemed to have been harvested and the Commission shall not be liable for the payment of any indemnity. O. Reg. 367/73, Sched.

#### Form 1

#### *The Crop Insurance Act (Ontario)*

#### HAY ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for hay under The Ontario Crop Insurance Plan for Hay, hereinafter referred to as "the plan", and has paid the premium prescribed thereunder;

NOW THEREFORE, subject to *The Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover hay.

#### HARVESTING OF INSURED ACREAGE

1. All acreage seeded to hay in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the insured acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

#### EVALUATION OF LOSS

2. For the purpose of determining the loss in production of hay in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in paragraphs 3 and 4.

#### STAGE 1

3.—(1) Stage 1 commences on the 1st day of November and for any part of the seeded acreage ends with harvest, destruction or alternate use of such acreage.

(2) Where loss or damage occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to its abandonment or destruction and, in such case, the Commission shall determine the number of damaged acres.

(3) Where the damaged acreage is in excess of five acres and is destroyed or planted to another crop, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by multiplying 50 per cent of the guaranteed production for the damaged acreage by the established price per ton.

(4) Where the damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 3 shall not be taken into account in the final adjustment of loss.

(5) Where, upon application in writing by the insured person, the Commission has consented to the use of any insured acreage for any purpose other than harvesting as hay or hay silage, it shall determine the number of acres and release them from the contract of insurance.

(6) Where the insured person uses any insured acreage for any purpose other than harvesting as hay or hay silage without the consent of the Commission, the guaranteed production shall be deemed to have been harvested in respect of such acreage.

(7) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and to calculate the amount of loss in the manner prescribed in subparagraph 3 with respect to such damaged acreage and, where notice of such intention has been given, the Commission shall calculate accordingly the amount of loss to be taken into account in the final adjustment of loss and the value of the insured crop on such damaged acreage shall not progress beyond Stage 1.

STAGE 2

4.—(1) Stage 2 applies to acreage with respect to which harvesting has been completed.

(2) Where the actual production of the acreage so harvested is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

FINAL ADJUSTMENT OF LOSS

5. The indemnity payable with respect to the total seeded acreage in the final adjustment of loss shall be the sum of all Stage 1 and Stage 2 loss calculations applicable to such acreage, but where,

- (a) the actual production of any harvested acreage; or
- (b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per pound.

INCORRECT ACREAGE

6.—(1) Where the actual acreage of hay in a crop year is less than the acreage declared on the application, the guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual acreage of hay in a crop year exceeds the acreage declared on the application,

the production from the total acreage shall be counted and there shall be no increase in the total guaranteed production or the maximum amount of indemnity payable.

EXTENDED COVERAGE FOR NEW SEEDING  
ESTABLISHED FOR HAY

7. Where the insured person so elects prior to the 1st day of May in any year, and pays a premium of 50 cents per acre, coverage of \$15 per acre against the hazard of seeding establishment failure will be provided on the following terms and conditions:

- 1. Where the new seeding is not established by the 15th day of September, the insured person shall forthwith notify the Commission in writing.
- 2. A minimum of five acres of spring-seeded hay must fail to establish a reasonable stand by the 1st day of November.
- 3. The final date for seeding,
  - (a) in an area having 2300 heat units or more, is the 5th day of June; and
  - (b) in an area having less than 2300 heat units, is the 15th day of June,

or such other date as may be determined from time to time by the Commission.

- 4. Indemnity is payable only in respect of acreage destroyed after inspection by the Commission.

## THE INCOME TAX ACT

### O. Reg. 371/73.

General.

Made—June 13th, 1973.

Filed—June 18th, 1973.

### REGULATION MADE UNDER THE INCOME TAX ACT

1. Section 3 of Ontario Regulation 559/72 is revoked and the following substituted therefor:

3.—(1) Except as otherwise provided in this Regulation, the amount to be deducted or withheld by an employer from any payment of remuneration to an employee shall be determined, in the case of an employee who reports for work at an establishment of the employer in Ontario, as 61/251 of the amount determined in accordance with Table 158 as set forth in Schedule A to the *Federal Regulations*, having regard to the amount of remuneration, the length of the pay period in respect of which the remuneration is paid and the employee's exemptions for his taxation year in which the remuneration is paid.

(2) Except as otherwise provided in this Regulation, where an employer pays to an employee an amount of remuneration that is not provided for in Table 158, the amount to be deducted or withheld by the employer from such payment is, in the case of an employee who reports for work at an establishment of the employer in Ontario, 61/251 of the amount indicated in column 1, 2, 3, 4 or 5 of Table 158A as set forth in Schedule A to the *Federal Regulations*, having regard to the length of the pay period in respect of which the remuneration is paid

and the employee's pay and exemptions for his taxation year in which the remuneration is paid.  
O. Reg. 371/73, s. 1.

- 2.—(1) Subsection 1 of section 4 of Ontario Regulation 559/72 is revoked and the following substituted therefor:

(1) Where a payment in respect of a bonus or retroactive increase in remuneration is made by an employer to an employee whose total remuneration from the employer, including the bonus or retroactive increase, may reasonably be expected not to exceed \$5,000 in the calendar year in which the payment is made, the employer shall deduct or withhold, in the case of an employee in Ontario, 61/251 of 15 per cent of such payment in lieu of the amount determined under section 3. O. Reg. 371/73, s. 2 (1).

- (2) Clauses *a* and *b* of subsection 4 of the said section 4 are revoked and the following substituted therefor:

(a) where the payment does not exceed \$5,000, the employer shall deduct or withhold therefrom in the case of an employee who reports for work at an establishment of the employer in Ontario, 61/251 of 10 per cent of such payment in lieu of an amount determined under section 3; or

(b) where the payment exceeds \$5,000, the employer shall deduct or withhold therefrom, in the case of an employee who reports for work at an establishment of the employer in Ontario, 61/251 of 15 per cent of such payment in lieu of an amount determined under section 3.

3. This Regulation shall be deemed to have come into force on the 1st day of April, 1973.

## THE MOTOR VEHICLE FUEL TAX ACT

### O. Reg. 372/73.

General.

Made—June 13th, 1973.

Filed—June 18th, 1973.

### REGULATION MADE UNDER THE MOTOR VEHICLE FUEL TAX ACT

#### GENERAL

#### INTERPRETATION

1. In this Regulation,

(a) "motor vessel" means any vessel, ship, boat or watercraft that is designed to move in or through water, and that is powered

by fuel, but does not include any aircraft capable of operating on water nor any vehicle moving on ice;

- (b) "working boat" means a motor vessel,
- (i) that is registered under the *Canada Shipping Act* and classified under that Act as a work boat, or
  - (ii) that, not being registered under the *Canada Shipping Act*, is designated in writing as a working boat by an officer of the Ministry of Revenue authorized by the Minister to make such designations, and
  - (iii) that is normally operated in lakes or rivers in the carriage for hire of passengers, in the moving of freight as cargo or by towing or pushing any container containing such freight, in towing or pushing any motor vessel, in dredging in lakes or rivers, or in servicing waterfront facilities, navigational aids or other motor vessels. O. Reg. 372/73, s. 1.

#### EXCLUDED PRODUCTS

2. Except when any of the following products is blended, compounded or combined with any fuel taxable under the Act, the following products are excluded from the application of the Act,

- (a) bunker fuel;
- (b) any product that is a solvent, naphtha or thinner and that is obtained from a petroleum origin or from the destructive distillation of coal, wood or wood products or that is produced by fermentation or by synthetic chemical reaction;
- (c) any product that is compounded wholly of products excluded under clause b. O. Reg. 372/73, s. 2.

#### EXEMPTIONS

3. The following persons, when purchasing fuel exclusively for their own use, are exempt from the tax imposed by the Act,

- (a) Her Majesty in right of Canada;
- (b) those members of the diplomatic corps eligible for inclusion in the diplomatic list and representatives of other countries in Canada as published by the Department of External Affairs Canada that are,
- (i) heads of missions, including ambassadors, ministers and charges

d'affaires of foreign countries stationed at Ottawa and diplomatic officers on their staffs,

- (ii) high commissioners representing countries of the British Commonwealth and officers on their staffs enjoying diplomatic status that are stationed in Ontario,
- (iii) consuls general, consuls and vice consuls of career that are stationed in Ontario, and
- (iv) trade commissioners and assistant trade commissioners of career that are stationed in Ontario. O. Reg. 372/73, s. 3.

4. All fuel used in the following enumerated ways is exempt from the tax imposed by the Act,

- (a) fuel intended by the refiner thereof to be used by the purchaser for any purpose other than generating power by internal combustion if such fuel is so used;
- (b) fuel used to propel railway equipment on rails where such equipment is operated in connection with and as part of a public transportation system;
- (c) fuel delivered directly into the tanks of a motor vessel other than,
  - (i) a working boat,
  - (ii) a pleasure boat,
  - (iii) any Canadian vessel not registered under the *Canada Shipping Act*, or
  - (iv) any vessel of foreign ownership or registry that would be required to pay tax on fuel purchased in Ontario if that vessel were subject to the requirements of the *Canada Shipping Act*. O. Reg. 372/73, s. 4.

5.—(1) Where it has been established to the satisfaction of the Minister that tax has been wrongly paid under this Act,

- (a) by any person in respect of any product that is excluded by these Regulations from the application of the Act;
- (b) by any person exempt under these Regulations from the payment of the tax imposed by this Act;
- (c) on the use of fuel for any purpose other than generating power by internal combustion; or

- (d) on fuel the use of which is by these Regulations exempted from the tax imposed by the Act,

such tax may, upon application by the person who paid the tax, be refunded in full to the applicant.

(2) Subject to subsection 3, where it has been established to the satisfaction of the Minister that tax imposed by the Act has been paid in respect of fuel, there may, upon application by the purchaser who paid such tax, be refunded to him a portion of the tax that he has paid that is equal to seventeen cents for each imperial gallon of fuel on which the purchaser has established that tax has been paid.

(3) No refund of tax shall be made under subsection 2 in respect of fuel that is used to generate power in,

- (a) a motor vehicle that is licensed or that is required to be licensed under *The Highway Traffic Act* or that is operated in connection with the construction or maintenance of a highway;
- (b) a motorized snow vehicle whether or not it is licensed or required to be licensed under *The Motorized Snow Vehicles Act*; or
- (c) a motor vessel that is operated primarily for the pleasure or recreation of the operator or owner thereof.
- (4) Every purchaser who applies for a refund of tax under this section shall maintain in a form satisfactory to the Minister records that show,
- (a) all his acquisitions, inventories, and uses of fuel; and
- (b) a differentiation among uses of fuel sufficient to establish to the satisfaction of the Minister the entitlement of the applicant to the refund sought.

(5) Every invoice submitted in support of an application for a refund of tax shall show clearly,

- (a) the number of gallons of fuel to which the invoice relates;
- (b) the amount of tax paid;
- (c) the date of payment of the tax;
- (d) the number of the registration certificate of the registrant from whom the fuel, for the tax on which a refund is sought, was obtained;
- (e) the name and address of the vendor; and
- (f) the name and address of the purchaser.

O. Reg. 372/73, s. 5.

6. For the purpose of subsection 2 of section 9 and subsections 7 and 9 of section 10 of the Act, the rate of interest prescribed is 9 per cent per annum. O. Reg. 372/73, s. 6.

7.—(1) For the purposes of subsection 10 of section 10 of the Act, the prescribed form is Form 1 to this Regulation.

(2) For the purposes of subsection 3 of section 10a of the Act, the prescribed form is Form 2 to this Regulation. O. Reg. 372/73, s. 7.

8. Regulation 613 of Revised Regulations of Ontario, 1970 and Ontario Regulation 596/72 are revoked.

## THE MINISTRY OF HEALTH ACT, 1972

O. Reg. 381/73.

Grants—Health Resources.

Made—May 23rd, 1973.

Approved—June 13th, 1973.

Filed—June 19th, 1973.

## REGULATION MADE UNDER THE MINISTRY OF HEALTH ACT, 1972

### GRANTS—HEALTH RESOURCES

#### PART I

#### INTERPRETATION

#### 1. In this Part,

- (a) "applicant" means a person or group of persons who undertake to arrange for the provision of health services;
- (b) "health resources" means community health facilities including health practitioners and personnel through which health services can be provided to persons in a community. O. Reg. 381/73, s. 1.

#### APPLICATION FOR GRANTS

2. An applicant who applies for a capital grant for developing health resources shall,

- (a) make a written application to the Minister setting out the need for the health resources for which the application is made;
- (b) submit plans regarding the proposed acquisition of the health resources and proposals respecting their operation and services to be provided; and
- (c) submit an estimate of the costs involved in the establishment and operation of the health resources. O. Reg. 381/73, s. 2.

#### CLASSES OF GRANT

3. There shall be the following classes of grants:

1. Capital grants — up to 100 per cent of the approved costs which shall be available to pay for,
- (a) the acquisition of land or premises or both;
- (b) the construction or renovation of facilities or both;
- (c) the acquisition of equipment and furnishings for facilities;
- (d) fees that are approved by the Minister for architects, consulting engineers and other approved consultants;
- (e) land survey and soil tests and necessary paving and sodding.
2. Operational grants — which shall consist of annual grants available to provide for the costs of salaries of personnel, supplies, rents, utility services and other miscellaneous matters.

O. Reg. 381/73, s. 3.

#### QUALIFICATIONS FOR GRANTS

4.—(1) An applicant,

- (a) who satisfies the Minister as to the need for the development and operation of the health resources;
- (b) whose plans for the acquisition of land or premises or both, plans for the proposed construction or renovation of the facility or proposals for the acquisition of equipment and furnishings are approved by the Minister; and
- (c) who agrees to execute an undertaking as specified in subsection 2,

shall qualify for a capital grant for such amount as is approved by the minister.

(2) An applicant who receives a capital grant shall execute a written undertaking covenanting that in the event that the health resource for any reason whatsoever cannot be established by the applicant or ceases to be operated by him, the applicant may be required, at the discretion of the Minister, to repay to the Minister or to such person as the Minister may designate, the amount of the capital grant in the case of the health resource not being put into operation or the depreciated value of the assets acquired by virtue of the capital grant in the case of a health resource ceasing to be operated by the applicant.

(3) Where the applicant qualifies for a capital grant for land acquisition, construction or renovation not exceeding the amount of \$100,000, the grant monies shall be payable in such amounts and at such times as the Minister determines.

(4) Where the applicant qualifies for a capital grant for land acquisition, construction or renovation exceeding the amount of \$100,000, the amount of monies shall be payable as follows:

1. One-fifth when the Minister has given approval under clause *b* of subsection 1 of section 4 and the applicant has executed the undertaking specified in subsection 2.
2. One-tenth when  $\frac{1}{8}$  of the project is completed.
3. One-tenth when  $\frac{1}{4}$  of the project is completed.
4. One-tenth when  $\frac{3}{8}$  of the project is completed.
5. One-tenth when  $\frac{1}{2}$  of the project is completed.
6. One-tenth when  $\frac{5}{8}$  of the project is completed.
7. One-tenth when  $\frac{3}{4}$  of the project is completed.
8. One-tenth when  $\frac{7}{8}$  of the project is completed.
9. The balance when the project is completed and the buildings and facilities are furnished, equipped and ready to service persons in the community. O. Reg. 381/73, s. 4.

5.—(1) An applicant for an annual operating grant,

- (a) shall make written application to the Minister setting out the need for the operation of the health resource; and

- (b) shall submit an estimate of the annual operating budget.

(2) The amount of the applicant's annual operating grant shall be based on the amount of the budget submitted to the Minister that is approved by the Minister.

(3) The amount of the operating grant may be paid monthly in advance or on a reimbursement of expenditure basis.

(4) An applicant for an annual operating grant shall be required to requalify for the grant each year and the grant is renewable solely at the discretion of the Minister. O. Reg. 381/73, s. 5.

#### CONDITIONS

6. The provision of a grant to an applicant who qualifies under section 4 or 5 is subject to the following conditions:

1. That the applicant ensure the provision of health services to the residents in the community.
2. That at the determination of the Minister the applicant enter into a contractual arrangement with the Minister for the payment of health services provided, on a basis other than fee for service. O. Reg. 381/73, s. 6.

#### PART II

#### INTERPRETATION

7. In this Part,

- (a) "applicant" means a legally qualified medical or dental practitioner;
- (b) "health resources" means the establishment of a medical or dental practice or entry into a medical or dental practice in an area in Ontario designated by the Minister, or the provision of medical or dental services by a legally qualified medical or dental practitioner;
- (c) "northern part of Ontario" means the territorial districts of Ontario save and except the Municipality of the Territorial District of Parry Sound;
- (d) "southern part of Ontario" means a part of Ontario not included within the area described in clause *c*. O. Reg. 381/73, s. 7.

#### APPLICATION OF GRANTS

8. The Minister may provide grants for developing health resources to applicants who,

(a) make application in writing to the Minister declaring their intent to establish the health resources for which application is made; and

(b) submit plans regarding the acquisition of the health resources and set out the services proposed to be rendered. O. Reg. 381/73, s. 8.

#### GRANTS

#### 9. There shall be the following grants:

Consisting of moneys for the acquisition or establishment of a medical or dental practice including the costs of equipment and furnishings thereof, and consisting of moneys to secure a guaranteed annual income to the medical or dental practitioner. O. Reg. 381/73, s. 9.

#### QUALIFICATION FOR GRANTS

10. An applicant whose application is approved by the Minister qualifies for a grant under section 9. O. Reg. 381/73, s. 10.

#### PART III

#### PRECEPTORSHIP GRANTS

11. In this Part, "applicant" means an undergraduate medical student willing to serve a preceptorship with a legally qualified medical practitioner who practises as a family physician. O. Reg. 381/73, s. 11.

12. The Minister may provide a grant to an applicant who makes application in writing to the Minister declaring his willingness to serve a preceptorship with a legally qualified medical practitioner who practises as a family physician and who is approved by the Minister. O. Reg. 381/73, s. 12.

13. An applicant whose application is approved by the Minister qualifies for a grant for a maximum of three months in any one calendar year. O. Reg. 381/73, s. 13.

#### PART IV

14. In this part, "research" means operational, epidemiological or developmental health research or health research projects involving health education, health training or the provision of health service or programs established to support innovations in the organization and delivery of health services. O. Reg. 381/73, s. 14.

15.—(1) The Minister may make grants to universities and non-profit organizations that,

(a) make application to the Minister in writing setting out the subject matter of a research project they propose to undertake; and

(b) submit a detailed estimate of the costs involved for specific items of the project and details respecting the methods and procedures for executing the proposed research project.

(2) Where an applicant is approved by the Minister for a grant under this section, the amount thereof shall be the sum of the amounts approved for the specific items of the project and the amount of the grant may be paid in advance or on a reimbursement of expenditure basis. O. Reg. 381/73, s. 15.

Midland, Ontario,

#### NOTICE OF MOTION

TAKE NOTICE that The Ontario Highway Transport Board will be moved by Steed Standard Transport Limited, one of the Respondents in the matter, pursuant to Section 17 of *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316 for an Order directing the sitting panel to review its decision by means of a re-hearing of the argument in the application of Eagle Transport (Ontario) Limited heard by The Ontario Highway Transport Board on February 2, 1973, and resulting in a decision of the Board dated the 27th day of March, 1973, granting certain Class 'D' licence authority for the carriage of new and uncrated furniture and new, uncrated fixtures subject to certain additional restrictions imposed on the carriage of the said furniture for certain named shippers and with the further proviso that the Class 'D' privileges to which the application related be removed from the licence authority of Cooke Cartage and Storage Limited. The grounds upon which the foregoing Notice of Motion is based are as follows:

1. The reasons for decision of the Board in approving the transfer of the Class 'D' privileges of Cooke Cartage and Storage Limited to Eagle Transport (Ontario) Limited contained the following passage: "We are concerned about the ability of one respondent, Grein's Furniture Transport Limited to continue to provide satisfactory service to the public under its public commercial vehicle operating licence No. D-1791 in view of the present transfer. The respondent has, during the past few years, developed a specialized service for the movement of new furniture. This carrier holds a licence which is restricted (in terms of uncrated furniture) to six main shippers. The evidence given by Mr. Cain of Cooke Cartage and Storage Limited, does not indicate that any service was provided by his company to these six shippers. In the opinion of the Board, the public interest would not be served by permitting Eagle Transport (Ontario) Limited under the broad authority now being transferred to it, to institute a new and additional service to these particular shippers now well served by Grein's Furniture Transport Limited. The ability of the latter carrier to continue to provide satisfactory service under the terms of its licence would be adversely affected if this were allowed to happen. Accordingly, in the certificate to be issued to the applicant prohibitions against the movement of new uncrated furniture, for and on behalf of these shippers will be inserted".

2. Accordingly, the Board in issuing its Certificate inserted a proviso restricting the licensee against the movement of new, uncrated furniture, for and on behalf of the shippers named in the Grein licence authority.

3. Steed Standard Transport Limited is in the same position as Grein's Furniture Transport Limited in that its principal business consists of the movement of new furniture, for and on behalf of certain named manufacturers in its licence No. C-455 as follows: Kroehler Manufacturing Company Limited, Imperial Furniture Manufacturing Company Limited, Farquharson-Gifford Division of Flexsteel Industries (Canada) Limited, Fairfield Furniture Industries Limited, all of the City of Stratford; and Andrew Malcolm Furniture Limited from Listowel and Kincardine. The applicant, Steed Standard Transport Limited will submit that the sitting Board was not consistent in extending a measure of protection to Grein's Furniture Transport Limited and at the same time not extending the same protection to the applicant, Steed Standard Transport Limited in identical circumstances. And upon such further and other grounds as may be deemed appropriate", and has fixed Thursday, the 6th day of September, 1973, at its Chambers, 67 College Street, Toronto, Ontario, at 10 a.m. (E.D.S.T.) for that purpose.

D. S. CHURCH,  
Secretary.

### Servall Transport Limited,

00413-A

22 Creditstone Road,  
Concord, Ontario.

The Ontario Highway Transport Board, pursuant to Section 17, R.S.O. 1970, Chapter 316 of *The Ontario Highway Transport Board Act*, will review the terms of the Board's certificate dated the 21st day of March, 1973, which reads as follows: "To or from the City of Brantford:

PROVIDED there be no movement to or from any point north of North Bay on King's Highway No. 11 and all present or future highways connecting with King's Highway No. 11 north of its intersection with King's Highway No. 17 near North Bay.

CLASS 'D' PRIVILEGES—For the carriage of:

- (1) products manufactured by Taylor Forge Canada Limited at Hamilton from points in the Counties of Brant, Haldimand, Halton, Peel, Wentworth, the Regional Municipalities of Niagara, Waterloo and York and Metropolitan Toronto to points on King's Highway No. 17 west of the easterly limit of Nipigon including Red Rock on King's Highway No. 628 or from points on King's Highway No. 17 west of the easterly limit of Nipigon including Red Rock on King's Highway No. 628 to points in the Counties of Brant, Haldimand, Halton, Peel, Wentworth, the Regional Municipalities of Niagara, Waterloo and York and Metropolitan Toronto.

PROVIDED the licensee be prohibited from using tank, low-bed float or pole trailers and that transportation service be exclusively by road except when vehicle load limits are seasonally reduced under *The Highway Traffic Act*:

- (2) products of Rexall Drug Co. Limited of Toronto, National Paper Goods Limited of Hamilton, G.A.F. (Canada) Limited of Mississauga, Greening Donald Limited of Hamilton, to or from points on King's Highway No. 11 and 17 west of and including Kapuskasing;
- (3) one person's goods at a time to or from the City of Hamilton for and on behalf of Burlington Steel Company, a division of Slater Steel Industries Limited and The Steel Company of Canada Limited, both of the City of Hamilton and Kernohan Lumber and Sash Co. Ltd., C.I.P. Containers Limited, Somerville Industries Limited and Copp Builders Supply Company Limited, all of the City of London;
- (4) rough and dressed lumber from the Districts of Nipissing, Sudbury, and Algoma, and the Regional Municipality of Sudbury and other points in the Province of Ontario south of a line running east and west through North Bay;
- (5) goods for and on behalf of Canadian Cannery Limited to or from its installations;

- (6) bagged and packaged goods, for and on behalf of Canada and Dominion Sugar Company Limited of Chatham from its installation;
- (7) goods, for and on behalf of Gerber Products of Canada Limited at Niagara Falls;
- (8) products of Algoma Steel Corporation Limited from Sault Ste. Marie via King's Highway No. 17 and connecting routes to points in Ontario south of North Bay;
- (9) goods, for and on behalf of Robin Hood Multi-foods Limited of Port Colborne", as it is alleged that the licensee has not for a period of time served Hygrade Corrugated Products Ltd., or its successor CIP Containers Limited, and has fixed Friday, the 7th day of September, 1973, at its Chambers, 67 College Street, Toronto, Ontario, at 10 a.m. (E.D.S.T.) for that purpose.

The Board may amend or revoke the terms of the said certificate.

## Government Notice — Under The Mining Act

### LANDS AND/OR MINING RIGHTS TO BE FORFEITED FOR ACREAGE TAX ARREARS

PURSUANT to the provisions of *The Mining Act*, R.S.O. 1970, Chapter 274, Subsection 2, Section 668, the following list of lands and mining rights in respect of which acreage tax, penalties and costs to December 31st, 1972, imposed by the said Act are two years or more in default, notice is hereby given that unless the amount due as shown is paid on or before December 31st, 1973, on the day following shall be forfeited to and vested in the Crown, but shall not be open for prospecting, staking out, sale or lease until published in one issue of THE ONTARIO GAZETTE. (This is not a tax sale. The lands cannot be purchased by paying the taxes).

Those lands and mining rights forfeited to and vested in the Crown and published in one issue of THE ONTARIO GAZETTE during the month of May, 1974, shall be open for prospecting, staking out, sale or lease at and after 7 o'clock standard time in the forenoon of June 1st, 1974.

Communications regarding this matter should be directed to the undersigned at the Whitney Block, Parliament Buildings, Toronto.

WALTER Q. MACNEE,  
Deputy Minister of  
Natural Resources

## THE FARM PRODUCTS MARKETING ACT

### O. Reg. 413/73.

Wheat—Marketing.

Made—July 3rd, 1973.

Filed—July 3rd, 1973.

## REGULATION MADE UNDER THE FARM PRODUCTS MARKETING ACT

### WHEAT—MARKETING

#### INTERPRETATION

1. In this Regulation,

(a) "agent" means a person who buys wheat from a producer as an agent of the local board;

(b) "local board" means The Ontario Wheat Producers' Marketing Board;

(c) "plan" means The Ontario Wheat Producers' Marketing Plan;

(d) "processing" includes cleaning, drying, treating, turning, washing, grinding, rolling, pulverizing, cracking, crimping or distilling, with or without other ingredients, and processing or manufacturing articles of food or drink in whole or in part from wheat;

(e) "processor" means a person engaged in processing wheat;

(f) "producer" means a person engaged in the production of wheat;

(g) "wheat" means wheat of every variety produced in Ontario. O. Reg. 413/73, s. 1.

2. This Regulation provides for the control and regulation in any or all respects of the marketing within Ontario of wheat, including the prohibition of such marketing in whole or in part. O. Reg. 413/73, s. 2.

3. The Board exempts from this Regulation,

(a) wheat used on the farm on which it was produced; and

(b) wheat sold by a producer directly to another producer and used by that other producer on his farm. O. Reg. 413/73, s. 3.

#### LICENCES

- 4.—(1) No person shall commence or continue to engage in the producing of wheat except under the authority of a licence as a producer of wheat in Form 1.

(2) Every producer while not in default of payment of the fees required to be paid under section 5 shall be deemed to be the holder of a licence in Form 1. O. Reg. 413/73, s. 4.

- 5.—(1) Every producer shall pay to the local board licence fees at the rate of 1 cent for each bushel of wheat produced by him.

(2) Any person who receives wheat from a producer shall deduct from the moneys payable for the wheat any licence fees payable by the producer to the local board when he receives the wheat and shall forward such licence fees to the local board.

(3) Every producer shall pay to the local board not later than the 15th day of any month, all licence fees payable by him in respect of wheat sold by him in the preceding month that were not deducted and forwarded to the local board under subsection 2. O. Reg. 413/73, s. 5.

6.—(1) Any person who produces and processes wheat shall, not later than the 15th day of January in any year, furnish to the local board a statement of the amount of all wheat that was produced by him and used for processing by him in the preceding year and shall state when such wheat was produced.

(2) Every person who produces and processes wheat shall pay to the local board licence fees at the rate of 1 cent for each bushel of wheat produced and processed by him.

(3) Every person who produces and processes wheat shall forward to the local board the licence fees payable by him under subsection 1 in any month not later than the 15th day of the following month. O. Reg. 413/73, s. 6.

7. The local board may recover from any person by suit in a court of competent jurisdiction any licence fees payable to the local board. O. Reg. 413/73, s. 7.

#### POWERS OF LOCAL BOARD

8.—(1) The Board authorizes the local board to use the licence fees and other moneys payable to it for the purpose of paying the expenses of the local board, carrying out and enforcing the Act and the regulations and carrying out the purposes of the plan.

(2) The Board authorizes the local board to establish a fund in connection with the plan for the payment of any moneys that may be required for the purposes mentioned in subsection 1.

(3) The Board delegates to the local board its power,

- (a) to require persons engaged in producing or marketing wheat to register their names, addresses and occupations with the local board;
  - (b) to require persons engaged in producing or marketing wheat to furnish such information relating to the production or marketing of wheat, including completing and filing of returns, as the local board determines;
  - (c) to appoint persons to inspect the books, records, documents, lands and premises and any wheat of persons engaged in the marketing of wheat;
  - (d) to stimulate, increase and improve the marketing of wheat by such means as it considers proper;
  - (e) to co-operate with a marketing board, local board, marketing commission or marketing agency of Canada or of any province in Canada for the purpose of marketing wheat; and
  - (f) to do such acts and make such orders and issue such directions as are necessary to enforce the due observance and carrying out of the provisions of the Act, the regulations and the plan. O. Reg. 413/73, s. 8.
9. Subject to section 4, the Board delegates to the local board its powers to make regulations with respect to wheat,
- (a) providing for the licensing of any or all persons before commencing or continuing to engage in the marketing of wheat;
  - (b) prohibiting persons from engaging in the marketing of wheat except under the authority of a licence;
  - (c) providing for the refusal to grant a licence where the applicant is not qualified by experience, financial responsibility and equipment to engage properly in the business for which the application was made, or for any other reason that the local board considers proper;
  - (d) providing for the suspension or revocation of, or the refusal to renew, a licence for failure to observe or perform, or carry out the provisions of the Act, the regulations, the plan or any order or direction of the Board or local board;
  - (e) prescribing the form of licences;
  - (f) subject to section 3, providing for the exemption from any or all of the regulations, orders or directions under the plan of any class, variety, grade or size of wheat, or any person or class of persons engaged in the producing or marketing of wheat or any class, variety, grade or size of wheat;
  - (g) requiring the furnishing of security or proof of financial responsibility by any person engaged in the marketing of wheat and providing for the administration and disposition of any moneys or securities so furnished;
  - (h) providing for the control and regulation of the marketing of wheat, including the times and places at which wheat may be marketed;
  - (i) requiring any person who produces wheat to offer to sell and to sell the wheat to or through the local board;

- (j) prohibiting any person from processing, packing or packaging any wheat that has not been sold to, by or through the local board;
- (k) providing for the control and regulation of agreements entered into by producers of wheat with persons engaged in marketing or processing wheat, and the prohibition of any provision or clause in such agreements; and
- (l) providing for the making of agreements relating to the marketing of wheat by or through the local board and prescribing the forms and terms and conditions of such agreements. O. Reg. 413/73, s. 9.

APPOINTMENT OF AGENTS

10. The Board authorizes the local board to appoint agents, to prescribe their duties and terms and conditions of employment and to provide for their remuneration. O. Reg. 413/73, s. 10.

MARKETING OF WHEAT

- 11.—(1) All wheat shall be marketed by or through the local board.
- (2) No person shall market wheat except by or through the local board. O. Reg. 413/73, s. 11.

12. The Board vests in the local board the following powers:

- 1. To direct and control, by order or direction, either as principal or agent, the marketing of wheat including the times and places at which wheat may be marketed.
- 2. To determine the quantity of each class, variety, grade and size of wheat that shall be marketed by each producer.
- 3. To prohibit the marketing of any class, variety, grade or size of wheat.
- 4. To determine from time to time the price or prices that shall be paid to producers or to the local board, as the case may be, for wheat or any class, variety, grade or size of wheat and to determine different prices for different parts of Ontario.
- 5. To fix and impose service charges from time to time for the marketing of wheat.
- 6. To require the price or prices payable or owing to the producer for wheat to be paid to or through the local board.
- 7. To collect from any person by suit in a court of competent jurisdiction the price or prices or any part thereof of wheat.

- 8. To purchase or otherwise acquire such quantity or quantities of wheat as the local board considers advisable and to sell or otherwise dispose of any wheat so purchased or acquired.
- 9. To pay from service charges imposed under subsection 5 its expenses in carrying out the purposes of the plan.
- 10. To pay to the producers the price or prices for wheat less service charges imposed under subsection 5 and to fix the times at which or within which such payments shall be made. O. Reg. 413/73, s. 12.

13. Each payment under subsection 10 of section 13 shall be accompanied by a statement showing the class, variety, grade or size and the quantity of wheat marketed, the price or prices paid and the particulars of the service charges imposed. O. Reg. 413/73, s. 13.

14. The Board authorizes the local board to conduct a pool or pools for the distribution of all moneys received from the sale of wheat, and after deducting all necessary and proper disbursements and expenses, to distribute the remainder of the moneys received from the sale in such manner that every producer receives a share of the remainder of the moneys received from the sale in relation to the amount, class, variety, grade or size of wheat delivered by him, and authorizes the local board to make an initial payment on delivery of the wheat and subsequent payments until all of the remainder of the moneys received from the sale is distributed to the producers. O. Reg. 413/73, s. 14.

15. Regulation 347 of Revised Regulations of Ontario, 1970 and Ontario Regulations 20/72 and 133/72 are revoked. O. Reg. 413/73, s. 15.

## THE RETAIL SALES TAX ACT

### O. Reg. 417/73.

General.

Made—July 4th, 1973.

Filed—July 6th, 1973.

## REGULATION MADE UNDER THE RETAIL SALES TAX ACT

1. Regulation 785 of Revised Regulations of Ontario, 1970 is amended by adding thereto the following section:

### UNCOLLECTIBLE ACCOUNTS

25.—(1) Subject to subsection 2, where a vendor has loaned money or given credit to a purchaser with respect to the purchase price of tangible personal property, of a taxable service, or a price of admission together with retail sales tax payable on any of them and where the vendor on behalf of such purchaser has paid to the Treasurer the tax imposed on such transaction by the Act, the Treasurer may rebate to the vendor any or all of the tax imposed by the Act on such a transaction if the purchaser is shown to have defaulted in repaying to the vendor all or any of the loan or credit given, but no rebate under this section shall be made of any tax where the tangible personal property, taxable service or price of admission on which the tax was imposed was,

- (a) purchased by the purchaser through his use of a credit card or other credit arrangement that permitted credit purchases from vendors other than the vendor who made the sale;
- (b) purchased from the vendor before the first day of May, 1972; or
- (c) purchased from the vendor more than 180 days prior to the date of the purchaser's last credit purchase from the vendor who made the sale.

(2) No rebate under subsection 1 shall be made where, at the time of the application for such rebate, the indebtedness to the vendor by the purchaser with respect to the purchase price of tangible personal property, a taxable service, or a price of admission together with the tax imposed by the Act on any such transactions, is still included as an asset of the vendor's business or as an account receivable by him in his books of account.

(3) The tax that may be rebated under subsection 1 is that proportion of the tax paid to the Treasurer with respect to a transaction referred to in subsection 1 that the unpaid indebtedness owing by the purchaser to the vendor on such transaction bears to the original selling price plus retail sales tax

thereon, of the tangible personal property, taxable service or price of admission sold in such transaction.

(4) For the purpose of calculating the amount of unpaid indebtedness in subsection 3, a reduction shall be made for the proceeds of sale received by the vendor from the tangible personal property repossessed and sold on account of such indebtedness, and there shall not be included any amount of interest, finance, carrying, collection or similar charges by the vendor with respect to such transaction.

(5) Where a vendor may become entitled to a rebate or rebates under this section, the vendor may apply for the rebate or rebates by making a single application for the rebates for each 12-month period during which the rebate or rebates is claimed, and the rebate or rebates may be claimed by the vendor by adjustment to his tax return under the Act that is delivered next following his application for rebate, and every application for a rebate shall be supported by such information as is required by the Minister to satisfy him of the entitlement of the vendor to any rebate claimed.

(6) Notwithstanding subsection 5, the Minister may, upon application in writing therefor by a vendor, allow the vendor to apply for and make adjustments for further rebates under this section within a period of less than twelve months from the date of the vendor's last application for rebates under this section.

(7) No vendor may claim more than once for a rebate of tax in respect of the same transaction.

(8) Where, after receiving a rebate of tax with respect to a transaction referred to in subsection 1, a vendor recovers from the purchaser any of the unpaid indebtedness with respect to such transaction, the vendor shall repay to the Treasurer by adjustment to his next tax return delivered under the Act a percentage of the rebate that he received that is equal to the percentage of the indebtedness on such transaction that he was able to recover from the purchaser. ## THE CONSTRUCTION SAFETY ACT, 1973

## O. Reg. 419/73.

General.

Made—July 4th, 1973.

Filed—July 6th, 1973.

NOTE: *This Regulation does not come into operation until The Construction Safety Act, 1973 is proclaimed in force. See S.O. 1973, c. 47, s. 33.*

REGULATION MADE UNDER  
THE CONSTRUCTION SAFETY ACT, 1973

## GENERAL

## INTERPRETATION

## 1. In this Regulation,

- (a) "adequate" means adequate to protect a person from the risk of damage to his body or health and "adequately" has a corresponding meaning;
- (b) "allowable unit stress" means,
  - (i) the allowable unit stress assigned to a material by the National Building Code of Canada 1970, or
  - (ii) where the National Building Code of Canada 1970 does not assign an allowable unit stress to the material, the allowable unit stress for the material as determined by a professional engineer in accordance with good engineering practice;
- (c) "boom" means the projecting part of a backhoe, shovel, crane or similar lifting device from which a load is likely to be supported;
- (d) "competent" means qualified by knowledge, training and experience to perform an assigned task;
- (e) "depth" means the vertical dimension from the highest point of an excavation or trench to a point level with the lowest point of the excavation or trench;
- (f) "excavation" means an excavation that is not a trench;
- (g) "extension trestle ladder" means a combination of a trestle ladder and a vertically-adjustable single ladder with suitable means for securely locking the ladders together;
- (h) "falsework" means the structural supports and bracing for forms;
- (i) "flammable liquid" means any oil or liquid that will generate a flammable vapour at a temperature below 110° Fahrenheit when tested in an open cup tester;
- (j) "form" means the mould into which concrete is placed;
- (k) "lifejacket" means a lifejacket stamped or labelled and approved by the Ministry of Transport, Canada, for a body weight of more than ninety pounds;
- (l) "life net" means a net so placed and supported as to catch safely any workman who may fall into it;
- (m) "magazine" means a place in which explosives are stored or kept, whether above or below ground;
- (n) "means of egress" means a way or ladder leading to an exit from a building, structure, excavation or trench;
- (o) "nominal size" means the thickness and width of a piece of lumber after it has been sawed, edged and trimmed and before it has been dressed;
- (p) "potable" means fit for human consumption;
- (q) "prescribed" means prescribed by this Regulation;
- (r) "public way" means a sidewalk, street, highway, square or other open space to which the public has access, as of right or by invitation, expressed or implied;
- (s) "safety belt" means a combination of,
  - (i) a belt worn around the waist of a workman,
  - (ii) all necessary fittings, and
  - (iii) a lanyard attached to the belt referred to in paragraph i;
- (t) "safety harness" means a combination of,
  - (i) a belt worn around the waist of a workman, and
  - (ii) straps attached to the belt that pass over his shoulders and around his legs with the necessary fittings and a length of rope,

suitable for raising the workman by the rope without permitting the body of the workman to bend at the waist;

- (u) "service shaft" means a shaft for the passage of persons or materials to or from a tunnel under construction;
- (v) "suitable" means suitable for the purpose of protecting a person from the risk of damage to his body or health;
- (w) "underground" means within the confines of any shaft, tunnel, caisson or cofferdam;
- (x) "vehicle" means a vehicle propelled or driven by mechanical power and includes a trailer, traction engine, tractor and road-building machine but does not include a vehicle running on rails. O. Reg. 419/73, s. 1.

## PART I

### SCOPE

2. This Part applies to all projects. O. Reg. 419/73, s. 2.

### GENERAL REQUIREMENTS

3. No project shall be commenced or continued unless sufficient land space is available to permit compliance with all the requirements of this Regulation. O. Reg. 419/73, s. 3.

4. A constructor shall, before commencing work and during the continuance of work on a project,

- (a) provide and maintain in good condition at a location readily accessible to the workmen, a copy of the Act and this Regulation; and
- (b) affix and maintain in good condition at a location readily accessible to the workmen,
  - (i) such notice of the provisions of the Act and this Regulation in one or more languages as will enable a workman to be acquainted with his rights, responsibilities and duties under the Act and this Regulation,
  - (ii) a notice giving the constructor's name and the address and telephone number of his head office or principal place of business in Ontario and, if he carries on business in a name other than his own, his business name,
  - (iii) a notice giving the address and telephone number of the head office and the nearest district office of the Construction Safety Branch of the Ontario Ministry of Labour, and

- (iv) where a workman may be exposed to a concentration of lead, benzol or asbestos likely to endanger his health, a notice stating the danger involved and the precautions necessary for the protection of any workman. O. Reg. 419/73, s. 4.

### NOTICE OF PROJECTS

5.—(1) The constructor of a project on which,

- (a) the total cost of labour and materials including labour and materials for work carried out by subcontractors exceeds \$25,000;
- (b) the duration of the work will exceed thirty working days;
- (c) the work is the new erection, major alteration or demolition of a building more than two storeys or more than twenty-five feet in height;
- (d) the work is the new erection, major alteration, demolition or structural repair of a bridge more than twenty-five feet in height, an earth-retaining structure or water-retaining structure more than ten feet in height or a silo, chimney or any other structure more than fifty feet in height;
- (e) work in compressed air is to be carried out;
- (f) a tunnel, caisson, cofferdam or well which a person may be required to enter for any purpose is to be constructed;
- (g) a trench more than 1,000 feet long or a trench more than 100 feet long and over four feet deep is to be excavated; or
- (h) all or part of the permanent or temporary works are required by this Regulation to be designed by a professional engineer,

shall, before commencing work on the project, give to the Director a notice in writing setting out,

- (i) a description of the project;
- (j) the name and address of the constructor and of the owner;
- (k) the municipal address of the project and its location with respect to the nearest common and public highway;
- (l) the starting date and the anticipated duration of the work;
- (m) the total cost of the project for labour and materials including labour and materials for work carried out by subcontractors; and

(n) the name of the superintendent.

(2) Where a shaft, tunnel, caisson or cofferdam is to be constructed, the notice required under subsection 1 shall contain the following additional information:

1. Specifications of the proposed construction together with drawings showing profiles, transverse sections and plans of the shaft, tunnel, caisson or cofferdam.
2. Full details of all temporary and permanent ground support.

(3) An employer whose work-injury frequency for employees or accident cost for the calendar year ending on the previous December 31st was two or more times the average of all employers in the same Workmen's Compensation Board rate number shall, before commencing work on a project, give the Director a notice in writing setting out,

- (a) his name and address and the name and address of the constructor;
- (b) a description of the project, its municipal address and its location with respect to the nearest common and public highway;
- (c) the starting date and the anticipated duration of his work; and
- (d) the total cost of direct labour and materials for his work. O. Reg. 419/73, s. 5.

#### COMMUNICATIONS AND RECORDS

6.—(1) Where the project is one for which a notice is required under subsection 1 of section 5 and where police, fire, medical, hospital or ambulance services are reasonably accessible to the project and can be reached by telephone, a telephone shall be installed on the project unless there is a telephone readily accessible near the project.

(2) Where a record is required to be kept available for inspection under this Regulation, the record shall be kept for at least one year after the completion of the project to which it relates. O. Reg. 419/73, s. 6.

#### DUTIES OF SUPERINTENDENTS

7.—(1) Subject to subsection 2 where a project is one for which notice is required under subsection 1 of section 5 and on which five or more workmen are working at the same time, the constructor shall designate a competent superintendent to be in charge of the project.

(2) The superintendent in charge of a project may be the constructor.

(3) A superintendent shall,

- (a) supervise the work at all times either personally or by a competent assistant;
- (b) ensure that all machinery and equipment, including fire extinguishing equipment, magazines, electrical installations, communication systems, sanitation and medical facilities, buildings and other structures, temporary supports and means of egress are inspected by a competent person,
  - (i) as often as is necessary to ensure that they are in good and safe condition, and
  - (ii) at least once a week; and
- (c) ensure that such tests and observations as are necessary for the detection of hazardous conditions that may occur on the project are made by a competent person. O. Reg. 419/73, s. 7.

#### NOTICE OF OCCURRENCES

8.—(1) For the purposes of this section an accidental occurrence means,

- (a) the overturning or major structural failure of a crane or similar hoisting machine;
- (b) a collision between a vehicle and a person;
- (c) the structural failure of all or part of falsework that was designed by or required by this Regulation to be designed by a professional engineer;
- (d) the structural failure of all or part of an earth- or water-retaining structure, including the failure of the temporary or permanent supports for a shaft, tunnel, caisson, cofferdam or trench;
- (e) the structural failure of a principal supporting member of a building, including a column, beam, wall or truss;
- (f) the failure of the sloping walls of an excavation that have been cut and trimmed to a slope for which a professional engineer has certified in writing that the stability of the slope will not endanger workmen;
- (g) a workman falling a vertical distance of ten feet or more;
- (h) a workman falling where his fall is arrested by a safety belt;
- (i) a workman becoming unconscious for any reason;

(j) a contact made by a backhoe, shovel, crane or other similar lifting device or its load with a live power line at more than 750 volts; or

(k) the failure of all or part of the structural supports of a scaffold.

(2) The constructor, the superintendent and, where the occurrence is in connection with the work of a subcontractor, the subcontractor, shall ensure that an inspector is notified forthwith of any accidental occurrence on a project and the constructor shall, within forty-eight hours of the occurrence, notify the Director in writing of the circumstances of the occurrence.

(3) Where the accidental occurrence involves the failure of,

(a) temporary or permanent works; or

(b) a structure,

for which a design by a professional engineer is required by the Act or this Regulation, the notice required by subsection 2 shall include the opinion of a professional engineer as to the cause for the accidental occurrence. O. Reg. 419/73, s. 8.

#### ALTERNATIVE METHODS AND MATERIALS

9. Except where an inspector gives to a constructor, subcontractor, employer or person with authority over a workman, a written opinion that the variation does not afford a protection equal to or greater than that afforded by this Regulation, a procedure and the composition, size and arrangement of any material or object may vary from the requirements of this Regulation provided that the variation affords a protection equal to or greater than that afforded by this Regulation. O. Reg. 419/73, s. 9.

#### PUBLIC WAY PROTECTION

10.—(1) Subject to subsection 2, where a building or other structure being constructed, altered, repaired, dismantled or demolished is located within fifteen feet of a public way, work shall not be carried out on the project unless a covered way has been constructed over that part of the public way immediately adjacent to the project.

(2) Subsection 1 does not apply to a project where the work being done is totally enclosed or is at a distance of fifteen feet or more from a public way. O. Reg. 419/73, s. 10.

11. Where a covered way is required under section 10 it shall,

(a) have a clear height of not less than eight feet;

(b) have a clear width of not less than five feet or, where it is over a sidewalk that is less than five feet wide, have a width equal to the width of the sidewalk;

(c) be capable of supporting any load likely to be applied to it and at least capable of supporting a load of fifty pounds per square foot;

(d) have a weather-tight roof;

(e) be enclosed next to the project side with an enclosure that is smooth on the side facing the public way;

(f) have a railing forty-two inches high from the ground level on the street side; and

(g) where the public way has lighting, have lighting that is adequate for safe pedestrian traffic. O. Reg. 419/73, s. 11.

12. Where a pedestrian may be endangered while using a public way adjacent to a project, a solidly constructed fence or boarding at least six feet in height shall be constructed between the public way and the project. O. Reg. 419/73, s. 12.

#### TRAFFIC CONTROL

13. Where a workman may be endangered by vehicular traffic on,

(a) a project on a public way; or

(b) a public way on a project,

he shall be protected by such of the following measures as are necessary for his protection:

1. Workmen directing traffic by flags or signs.

2. Warning signs.

3. Barriers.

4. Lane control devices.

5. Flashing lights or flares. O. Reg. 419/73, s. 13.

14. Where a flag is used to direct traffic it shall,

(a) be red in colour;

(b) be at least eighteen inches in width and twenty inches in length;

(c) be mounted on a staff at least thirty-six inches in length with the longer side of the flag attached securely to the staff along the entire length of the flag; and

(d) be maintained in a clean and untorn condition. O. Reg. 419/73, s. 14.

15. Where a sign is used to direct traffic it shall,

- (a) be diamond in shape;
- (b) be of material having the rigidity of plywood at least  $\frac{1}{4}$  of an inch thick;
- (c) be eighteen inches in width and eighteen inches in length and mounted at one corner on a pole four feet in length;
- (d) be red in colour on one side with corner areas coloured black so that the red area forms a regular eight-sided figure, and with the word "STOP" in clearly distinguishable white letters six inches in height located in a central position on the sign;
- (e) be yellow in colour on the other side, with the word "SLOW" in clearly distinguishable black letters six inches in height located in a central position on the sign; and
- (f) be maintained in a clean condition.

O. Reg. 419/73, s. 15.

16.—(1) Where a workman,

- (a) is directing traffic; or
- (b) may be endangered by vehicular traffic while he is working on a public way,

he shall wear,

- (c) a vest; or
- (d) a hat and sleeves extending from above the elbow to the wrist.

(2) The vest, hat and sleeves required by subsection 1 shall be fluorescent and coloured blaze orange or red. O. Reg. 419/73, s. 16.

17. Where a workman is required to direct traffic he shall be given written instructions in a language he can read setting out the signals he is to use and the instructions shall be explained to him verbally. O. Reg. 419/73, s. 17.

#### GENERAL

18. Every part of a project, including any temporary structure, shall be,

- (a) capable of supporting; or
- (b) braced, either permanently or temporarily, to support,

all loads to which it may be subjected without exceeding the allowable unit stress for each material used. O. Reg. 419/73, s. 18.

19. All areas in which a workman is present and the means of access to and the means of egress from those areas shall be adequately lit. O. Reg. 419/73, s. 19.

20.—(1) Subject to subsection 2, where an opening in any floor or other surface to which a workman has access is not protected by a guardrail, the opening shall be covered with securely fastened planks or other material,

- (a) capable of supporting; or
- (b) braced, either permanently or temporarily, to support,

all loads to which they may be subjected, and

- (c) at least capable of supporting a load of fifty pounds per square foot,

without exceeding the allowable unit stress for each material used.

(2) Planks or other material used as a covering may be removed temporarily while work is being done at or near the opening in any floor or other surface to which a workman has access, provided that,

- (a) the work cannot be done with the planks or other material installed; and
- (b) signs as prescribed by section 23 have been posted. O. Reg. 419/73, s. 20.

21.—(1) During the construction of a building, temporary or permanent flooring shall be installed progressively.

(2) Subject to subsection 3, except for work carried out from a scaffold, all work shall be carried out within a height of two storeys of flooring.

(3) Where the vertical distance between column splices exceeds two storeys, work may be carried out within a height of three storeys of flooring.

(4) Flooring shall,

- (a) consist of material,
  - (i) capable of supporting any load to which it may be subjected, and
  - (ii) at least capable of supporting a load of fifty pounds per square foot,

without exceeding the allowable unit stress for the material used;

- (b) be securely fastened to and supported on girders, beams or other structural members capable of supporting any load likely to be applied to the flooring without exceeding the allowable unit stress for the material used; and

- (c) except for work carried out from a scaffold, extend over the whole area of the surface on or above which work is being carried out. O. Reg. 419/73, s. 21.

**22.** Overhead protection consisting of material capable of supporting fifty pounds per square foot without exceeding the allowable unit stress for the material used shall be provided,

- (a) at every means of access to and egress from a building or other structure under construction where there is a danger of material falling on a workman; and
- (b) above an area where work is being carried out and there is a danger of material falling on a workman. O. Reg. 419/73, s. 22.

**23.—**(1) Signs containing the word "DANGER" in clear lettering at least six inches in height shall be posted in sufficiently prominent locations and in sufficient numbers to warn a workman of a hazard on the project.

(2) Without limiting the generality of subsection 1 signs in conformity with subsection 1 shall be posted,

- (a) adjacent to a hoisting area;
- (b) under a suspended scaffold;
- (c) at the outlet from a chute; and
- (d) at a means of access to a place in which there is a lack of oxygen or a noxious gas, liquid, fume or dust is present. O. Reg. 419/73, s. 23.

#### DAMAGED STRUCTURES

**24.—**(1) Where a structure has been so damaged that a workman is likely to be endangered by the collapse of the structure or any part of the structure,

- (a) the structure shall be braced and shored; or
- (b) such other safeguards shall be provided,

to prevent injury to a workman.

(2) The bracing and shoring or other safeguards prescribed by subsection 1 shall be installed progressively to ensure that the workmen installing the bracing and shoring or other safeguards are not endangered. O. Reg. 419/73, s. 24.

#### ACCESS TO AND EGRESS FROM WORK AREAS

**25.** Adequate means of egress shall be provided from a work area above or below ground level to permit a workman to leave the area quickly in an emergency. O. Reg. 419/73, s. 25.

**26.—**(1) Subject to subsection 2, access to and egress from a work area above or below ground level shall be by stairs, runway, ramp or ladder.

(2) Subsection 1 does not apply to a suspended scaffold which can be moved to give access to a floor, roof or platform or to ground level. O. Reg. 419/73, s. 26.

**27.** A work area, a route to and from a work area and a scaffold on which work is being performed shall,

- (a) be maintained in a safe condition at all times;
- (b) be kept clear of obstructions;
- (c) be kept clear of snow, ice or other slippery material; and
- (d) be sprinkled with sand or other material when necessary to ensure a firm footing. O. Reg. 419/73, s. 27.

**28.—**(1) Subject to subsection 2, where a building or structure,

- (a) is to be 100 feet or more in height; or
- (b) will have permanent stairs and the building or structure has reached a height of two storeys or thirty feet above the lowest floor level, whichever height is the lesser,

permanent or temporary stairs shall be installed progressively from the lowest floor level to,

- (c) the uppermost working level; or
- (d) where stairs would interfere with work on the uppermost working level, to within two storeys or thirty feet vertically of the uppermost working level, whichever distance is the lesser.

(2) Subsection 1 does not apply to,

- (a) a part of a building or structure where only the structural steel beams or columns have been erected; or
- (b) a structure to which a permanent ladder is attached before the structure is raised into position. O. Reg. 419/73, s. 28.

#### PERSONAL PROTECTIVE CLOTHING, EQUIPMENT AND DEVICES

**29.** An employer shall require every workman in his employ to wear or use such personal protective clothing, equipment or device as is necessary for the workman's protection from the particular hazard to which the workman may be exposed. O. Reg. 419/73, s. 29.

**30.—**(1) Subject to subsection 3, every workman shall wear a safety hat at all times.

(2) A safety hat shall,

(a) consist of a shell and suspension that will adequately protect the head against impact and from flying or falling small objects; and

(b) have the dielectric strength to withstand 20,000 volts phase to ground.

(3) Subsection 1 does not apply to a workman who, in the opinion of an inspector, is not exposed to danger of injury to his head and who has a safety hat available for his personal use nearby. O. Reg. 419/73, s. 30.

**31.** No workman shall work where he is exposed to the hazard of eye injury,

(a) due to flying particles;

(b) from hazardous substances; or

(c) from harmful light or other rays,

unless he is protected by a screen, clear or coloured glasses or other adequate protective device. O. Reg. 419/73, s. 31.

**32.—**(1) Subject to subsection 3, every workman shall wear adequate safety footwear.

(2) Safety footwear shall,

(a) consist of a shoe or boot;

(b) have a metal box toe that will protect the workman's toes against injury due to compression or impact; and

(c) have a sole or metal insole that will protect the workman's feet against injury due to puncture by a sharp object.

(3) Clauses *b* and *c* of subsection 2 do not apply to the footwear of a workman,

(a) whose work requires him to move about on the beams and columns and similar structural members of a skeleton steel structure; or

(b) working on a part of a project where he is not exposed to the danger of injury to his toes or feet. O. Reg. 419/73, s. 32.

**33.—**(1) No workman shall be present in an area where he is likely to be exposed to the hazard of injury from,

(a) a noxious gas, liquid, fume or dust including asbestos dust; or

(b) lack of oxygen,

unless the workman is adequately protected from that hazard.

(2) No workman shall be present in an area where he is likely to be exposed to the hazard of injury from the contact of his skin with a noxious gas, liquid, fume or dust, unless the workman is wearing adequate protective clothing.

(3) No workman shall be present in an area where he is likely to be exposed to the hazard of injury from,

(a) inhaling a noxious gas, fume or dust; or

(b) a lack of oxygen,

unless the workman is protected by adequate,

(c) mechanical ventilation; or

(d) respiratory equipment.

(4) Where materials that contain asbestos are applied by a spraying method,

(a) the area in which the spraying is being carried out shall be enclosed by the installation of permanent or temporary partitions or tarpaulins to prevent the sprayed material from entering other parts of the project;

(b) no person, other than a person who is protected by adequate respiratory equipment, shall enter or remain in the area where the spraying is being carried out; and

(c) all sprayed material that fails to adhere to a surface to which it is applied and that may be a hazard to a workman shall be collected by an industrial vacuum cleaner or other equally effective means and removed from the project. O. Reg. 419/73, s. 33.

**34.—**(1) Where a workman is exposed to such concentration of lead, mercury, beryllium, asbestos, isocyanates, silica, fluorides, benzol or other substances of similar toxicity that is likely to endanger his health, he shall be examined by a legally qualified medical practitioner at such intervals as specified in writing by the Director, upon the advice of the Chief, Occupational Health Service, Ministry of Health, and the legally qualified medical practitioner shall submit a report of the examination to the Chief, Occupational Health Service, Ministry of Health.

(2) The examination required by subsection 1 shall be prescribed by the Chief, Occupational

Health Service, Ministry of Health and may include an X-ray examination and a blood test or other test.

(3) The report of the examination required by subsection 1 shall be in a form suitable to the Chief, Occupational Health Service, Ministry of Health.

(4) Where the report of the examination required by subsection 1 indicated that the health of a workman has been impaired, that workman shall not be exposed on a project to the substance which caused his impairment for the period of time specified in writing by the Director, on the advice of the Chief, Occupational Health Service, Ministry of Health. O. Reg. 419/73, s. 34.

**35.—**(1) Subject to subsection 4, a workman who is exposed to the hazard of falling more than ten feet shall wear a safety belt secured to,

(a) a fixed support; or

(b) a lifeline of manilla rope, five-eighths of an inch or more in diameter, that is securely fastened to the project;

or be protected by a life net.

(2) A safety belt and a lifeline shall each be of sufficient strength to absorb twice the load or energy that, under the circumstances of its use, may be transmitted to it.

(3) A safety belt shall be so arranged that in the event a workman falls he will be suspended at a distance of not more than five feet below the position where he was situate for the purpose of working immediately prior to his fall.

(4) Subsection 1 does not apply to a workman who,

(a) is proceeding to or from his work position; or

(b) is engaged in connecting structural steel members of a skeleton structure. O. Reg. 419/73, s. 35.

**36.** Without limiting the generality of section 35, where a workman is exposed to the risk of drowning by falling into water that is of sufficient depth for a lifejacket to be effective, the workman shall wear a lifejacket. O. Reg. 419/73, s. 36.

**37.—**(1) Without limiting the generality of sections 35 and 36, where a workman is exposed to the risk of drowning by falling into water, two or more workmen shall be available for a rescue operation and rescue equipment shall be provided in a suitable position on or near the project and, where practicable, consist of,

(a) a seaworthy boat equipped with,

(i) a ring buoy attached to fifty feet of manilla rope, three-eighths of an inch in diameter,

(ii) a boat hook, and

(iii) lifejackets for each of the persons required for a rescue operation with the boat but, in any event, not less than two lifejackets;

(b) where there is a current in the water, a line extending across the water and having attached to it floating objects capable of providing support for a person in the water; and

(c) an alarm system capable of warning workmen of the necessity of carrying out a rescue operation.

(2) In locations where the water is likely to be rough or swift or where a manually operated boat is not practicable, the boat required under subsection 1 shall be a power driven boat.

(3) The alarm system required by clause c of subsection 1 shall be activated whenever a rescue operation is necessary. O. Reg. 419/73, s. 37.

#### EXCAVATIONS

**38.—**(1) Gas, electrical and other services that are likely to endanger a workman having access to an excavation shall be shut off and disconnected prior to the commencement of the work on the excavation.

(2) Pipes, conduits or cables for gas, electrical or other services shall be supported where necessary to prevent their failure or breaking.

(3) No person shall commence or continue an excavation or other part of a project that is likely to endanger a workman by affecting the stability of an adjacent building or structure, unless adequate precautions have been taken, including the underpinning of the adjacent building or structure where necessary, to prevent structural collapse. O. Reg. 419/73, s. 38.

**39.—**(1) Subject to subsection 2, except where a professional engineer has certified in writing that the stability of the walls is such that no danger is presented to anyone in the excavation, the walls of an excavation shall be supported by adequate shoring and bracing at all times in order to prevent their collapse.

(2) Subsection 1 does not apply to an excavation,

(a) that is less than four feet in depth;

(b) that no workman is required to enter for any purpose;

- (c) that is cut in solid rock;
  - (d) where the walls are sloped to within four feet of the bottom of the excavation with a slope that does not exceed one foot of vertical rise to each foot of horizontal run; or
  - (e) in which no workman is required to be within a horizontal distance of a wall of the excavation equal to the height of the wall.
- (3) The walls of an excavation shall,
- (a) be stripped of loose rock or other material that might slide, roll or fall upon a workman; and
  - (b) if cut in solid rock be supported by rock bolts, wire mesh or an equally effective method, where necessary, to prevent the spalling of loose rock.
- (4) A level area extending two feet or more back from the top of each wall of an excavation shall be maintained free of all equipment and materials.
- (5) No vehicle or other machinery shall be driven, operated or located so near to the edge of an excavation as to endanger a person by affecting the stability of the walls of the excavation. O. Reg. 419/73, s. 39.
40. Except where no person is likely to be in danger of falling into the excavation, where an excavation is more than ten feet deep, a barricade at least forty-two inches high shall be provided at the top of any wall of the excavation that is not sloped in accordance with clause *d* of subsection 2 of section 39. O. Reg. 419/73, s. 40.
41. Every excavation shall be kept reasonably free of water at all times. O. Reg. 419/73, s. 41.

## HOUSEKEEPING

42. No object shall be placed where it is likely to endanger a workman. O. Reg. 419/73, s. 42.
43. Where a workman may be endangered by formwork ties or nails protruding from concrete, the formwork ties or nails shall be removed or cut off at the surface of the concrete as soon as the formwork attached by the formwork ties or nails has been removed from the concrete. O. Reg. 419/73, s. 43.
44. Except where the scrap material or lumber is stored in a container for removal from the project, where a workman may be endangered by nails protruding from scrap material or lumber, the nails shall be removed. O. Reg. 419/73, s. 44.

45. Reusable material, waste material and debris on a project shall be removed to a disposal or storage

area as often as is necessary to prevent a hazardous condition. O. Reg. 419/73, s. 45.

- 46.—(1) Subject to subsection 2, rubbish, debris and other materials shall,

- (a) not be permitted to fall freely from one level to another; and
- (b) be lowered by a chute or in a container.

(2) Subsection 1 does not apply to demolition on a project where materials fall or are dropped into a designated area,

- (a) that is enclosed; and
- (b) to which no workman has access.

(3) Objects larger than rubbish or debris shall be lowered by cranes, hoists or other safe means. O. Reg. 419/73, s. 46.

- 47.—(1) A chute shall,

- (a) be adequately constructed and rigidly fastened;
- (b) if at more than forty-five degrees to the horizontal, be enclosed on its four sides;
- (c) where of the open type, be inclined at an angle of forty-five degrees or less to the horizontal;
- (d) have a gate at the bottom end where necessary to control the flow of material from the chute; and
- (e) discharge into a container or an enclosed and barricaded area.

- (2) The entrance to a chute shall,

- (a) be constructed so as to prevent material from spilling over when rubbish, debris and other materials are being deposited into the chute;
- (b) have a four-inch or larger curb or cleat where the entrance is at or below the floor level;
- (c) not be more than four feet high;
- (d) be kept closed when not in use; and
- (e) be of a design that will discourage entry by any person. O. Reg. 419/73, s. 47.

## STORAGE OF MATERIALS

- 48.—(1) Materials to be used on a project or removed from a project shall,

(a) be stored in an orderly manner so as not to endanger a workman; and

(b) when being moved or transported on the project, be moved or transported only in a manner that does not endanger a workman.

(2) No person shall remove or disturb any blocking, support chain, metal band or wire rope that is being used to maintain material in a secure position prior to the removal of the material from a vehicle or a stockpile, until such time as the removal can be made without causing the material to move so as to endanger a workman.

(3) Materials shall be removed from a vehicle or a stockpile in a manner so as not to endanger a workman. O. Reg. 419/73, s. 48.

**49.** Construction materials or equipment shall not be placed or stored on a permanent or temporary structure so as to exceed the load-carrying capacity of the structure or any part thereof. O. Reg. 419/73, s. 49.

**50.** A temporary storage structure shall be designed and constructed to withstand the loads which may be imposed by the material to be stored. O. Reg. 419/73, s. 50.

**51.—(1)** Subject to subsections 2 and 3, no construction material shall be stored, stacked or piled within six feet of,

(a) a floor or roof opening;

(b) the open edge of a floor, roof or balcony; or

(c) an excavation.

(2) Subsection 1 does not apply to a building or a completely enclosed part of a building used solely for the purpose of storing and distributing materials.

(3) Subsection 1 does not apply to a pile of small masonry units, including bricks, blocks or similar small objects,

(a) that can be handled by one workman; and

(b) that are to be used at the edge of,

(i) a floor,

(ii) a roof,

(iii) an opening in a floor, or

(iv) an opening in a roof,

provided that the height of the pile is less than the distance of the face of the pile from the edge. O. Reg. 419/73, s. 51.

**52.—(1)** Lumber, structural steel and similar materials shall be stored so that the pile is secure against collapsing or tipping.

(2) Where a pile of lumber is more than four feet in height, cross-pieces shall be used to provide stability to the pile. O. Reg. 419/73, s. 52.

**53.—(1)** Masonry units shall be stacked,

(a) on level wooden planks, a platform or other level base;

(b) in tiers throughout a pile; and

(c) with header units in the pile where necessary to provide stability.

(2) Where a pile of masonry units is more than seven feet in height,

(a) it shall be stepped back progressively so that no vertical face is more than seven feet in height; and

(b) strips of wood shall be inserted between tiers to provide stability to the pile. O. Reg. 419/73, s. 53.

**54.—(1)** Bagged material shall,

(a) be piled with cross-piles on the exterior of the pile to prevent movement of the bags; and

(b) be piled not more than ten bags high at a vertical face of a pile except where,

(i) the pile is in a storage bin or enclosure, and

(ii) the face of the pile is supported by the walls of the storage bin or enclosure.

(2) The top of a pile of bagged material shall be kept reasonably level. O. Reg. 419/73, s. 54.

**55.** Pipe and reinforcing steel shall be so stacked, supported or braced as to prevent its accidental movement. O. Reg. 419/73, s. 55.

**56.** A storage cylinder for propane, acetylene, oxygen or similar compressed gases shall,

(a) be secured in an upright position to prevent overturning; and

(b) when the storage cylinder is not in use, have the control valve covered by a protective cap that is securely screwed into its proper position. O. Reg. 419/73, s. 56.

57. Except where the liquid is stored,

- (a) in a container that is suitable for the particular hazards of the liquid; and
- (b) in a room that,
  - (i) has sufficient window area to provide explosion relief to the outside, and
  - (ii) is separated from the means of egress from the building or structure,

not more than one day's supply of flammable liquid shall be stored in any building or structure. O. Reg. 419/73, s. 57.

58.—(1) Where the Director has requested in writing information from a constructor, subcontractor, employer or person with authority over a workman regarding the ingredients of a substance used on a project, and this information has not been provided within fourteen days of the request, the substance shall not be used on the project.

(2) A container for a combustible, corrosive or toxic substance, including any substance which contains lead, mercury, asbestos, isocyanates, silica, enzymes, fluorides or benzol, shall,

- (a) be suitable for the substance that the container holds; and
- (b) be clearly labelled to identify,
  - (i) the substance,
  - (ii) the hazards that are involved in the use of the substance,
  - (iii) the uses to which the substance shall not be put, and
  - (iv) the protective measures to be taken by workmen before, during and after use of the substance. O. Reg. 419/73, s. 58.

#### SANITATION

59.—(1) A reasonable supply of potable drinking water shall be kept readily accessible for the use of workmen.

(2) A clean and sanitary means of drinking the water referred to in subsection 1 shall be provided for the use of workmen.

(3) The water referred to in subsection 1 shall be supplied from a piping system or from a clean, covered container having a drain faucet.

(4) No workmen shall be required to or shall use a dipper or drinking cup in common with other workmen. O. Reg. 419/73, s. 59.

60.—(1) At least one flush toilet, chemical toilet or privy shall be provided or made available,

- (a) for the use of workmen from the commencement of the project;
- (b) where there are more than thirty men on the project at any one time, for each thirty men or fraction thereof; and
- (c) within reasonable access from each work area.

(2) Every flush toilet, chemical toilet or privy shall,

- (a) be constructed so that any user is sheltered from view and protected from the weather and from falling objects;
- (b) be illuminated by natural or artificial light;
- (c) be provided with toilet paper and disinfectant;
- (d) be maintained in a clean and sanitary condition;
- (e) be equipped with a toilet seat and cover; and
- (f) if portable or temporary, be equipped with a urinal trough in addition to the toilet or privy. O. Reg. 419/73, s. 60.

61. Washing facilities with clean water, soap and individual towels shall be provided for workmen who use or handle corrosive, poisonous or other substances likely to endanger their health. O. Reg. 419/73, s. 61.

62.—(1) A heated room shall be provided for the use of workmen employed underground and the wet clothes of such workmen shall be dried on the project by sanitary means.

(2) The facilities for drying wet clothes shall consist of a change room which shall,

- (a) where work clothes are hoisted overhead for drying, have a minimum height of twelve feet;
- (b) be equipped with mechanical ventilation to provide not less than six air changes per hour;
- (c) be maintained at a temperature of at least 80° Fahrenheit;
- (d) be equipped with a rack of sufficient capacity for drying to accommodate all the work clothes of the workmen employed underground;

- (e) have a free floor area of not less than 100 square feet or of ten square feet per workman on a shift, whichever area is the greater;
- (f) be provided with a lock-up type locker for each workman employed underground;
- (g) be provided with proper drainage facilities; and
- (h) be scrubbed out once every twenty-four hours.

(3) Where ten or more workmen are employed underground at any one time, the change room shall be provided with one shower and one washbasin for each ten workmen or fraction thereof and the showers and washbasins shall have a supply of hot and cold water. O. Reg. 419/73, s. 62.

#### FIRE PROTECTION

63. Every reasonable precaution shall be taken to prevent fire in or about a project. O. Reg. 419/73, s. 63.

64.—(1) Fire extinguishing equipment shall,

- (a) be provided where the danger of fire exists;
- (b) be of a suitable type and size for fighting any fire that may occur in the area that such equipment is designed to service;
- (c) be protected from mechanical injury;
- (d) be readily accessible at adequately marked stations;
- (e) be maintained in good operating condition; and
- (f) be protected from freezing where the equipment or its contents may be exposed to freezing temperatures.

(2) A fire extinguisher shall,

- (a) after use, be forthwith refilled and returned to its marked station or be replaced;
- (b) be inspected at least once every month and the date of the last inspection shall be recorded on a tag attached to the fire extinguisher; and
- (c) not contain any carbon tetrachloride, methyl bromide or other vaporizing liquid. O. Reg. 419/73, s. 64.

65.—(1) At least one water-type extinguisher of a stored pressure, cartridge operated or pump tank type and with a minimum capacity of two Imperial gallons shall be provided,

- (a) in every workshop;
- (b) in every building or part of a building where combustible material is stored;
- (c) in places where welding or open-flame operations are carried on;
- (d) subject to subsection 2, on each storey in an enclosed building being constructed or altered; and
- (e) subject to subsection 2, where a storey in a building being constructed or altered has more than 5,000 square feet of floor space, for each 5,000 square feet of floor space or fraction thereof.

(2) Clauses *d* and *e* of subsection 1 do not apply to a building,

- (a) to be used as a detached or semi-detached single-family dwelling;
- (b) two storeys or less in height which is to be used as a multiple family dwelling; or
- (c) that has only one storey and does not have a basement or cellar. O. Reg. 419/73, s. 65.

66.—(1) One or more dry chemical extinguishers, the contents of which are discharged under pressure and which have a capacity of at least four pounds, or one or more equally effective extinguishers shall be provided,

- (a) where flammable liquids are stored or handled;
- (b) subject to subsection 2, where oil or gas-fired equipment is used;
- (c) where a tar or asphalt kettle, trailer or tank is used; and
- (d) on a tunnel project,
  - (i) at each panel board for electricity,
  - (ii) on each electric-powered locomotive, and
  - (iii) at each battery charging station.

(2) Clause *b* of subsection 1 does not apply where the oil or gas-fired equipment being used is intended to be the permanent furnace equipment of the building. O. Reg. 419/73, s. 66.

67.—(1) Where a permanent standpipe is to be installed in a building of two or more storeys it shall,

- (a) be installed progressively, so far as is practicable, as the construction of the building proceeds;
  - (b) have sufficient hose outlets to permit every part of the building to be protected by a hose not longer than seventy-five feet;
  - (c) have a connection for the use of the local fire department,
    - (i) on the street side of the building not more than three feet and not less than one foot above ground level, and
    - (ii) to which there is clear access at all times; and
  - (d) be maintained so as to be readily operable if required to be used.
- (2) A hose outlet shall have a valve and a hose and the hose shall,
- (a) be at least 1½ inches in diameter;
  - (b) have a combination straight stream and fog nozzle; and
  - (c) when not in use, be stored on a rack in such a way as to protect it from damage and to keep it available for immediate use. O. Reg. 419/73, s. 67.

## ELECTRICITY SUPPLY

68. Every reasonable precaution shall be taken to prevent danger to a workman from a live electrical conductor or from any electrical equipment. O. Reg. 419/73, s. 68.

69. A panel board shall be,

- (a) securely mounted on a vertical surface of sound construction;
- (b) kept clear of any obstruction for three feet to the front of the panel board;
- (c) within easy reach of and readily accessible to workmen;
- (d) located in an area where water will not accumulate; and
- (e) have a cover over any uninsulated part carrying current. O. Reg. 419/73, s. 69.

70. A switch controlling a service entrance, service feeder or branch circuit shall,

- (a) be securely mounted on a vertical surface of sound construction;

- (b) be kept clear of any obstruction for three feet to the front of the switch;
- (c) be within easy reach of and readily accessible to workmen;
- (d) be located in an area where water will not accumulate;
- (e) not be locked in the closed position;
- (f) be provided with a device for locking the switch in the open position; and
- (g) have, over any uninsulated part carrying current a cover with a locking device that is,
  - (i) effective when the switch is in both the open and closed position, and
  - (ii) locked when the switch is in the closed position. O. Reg. 419/73, s. 70.

71.—(1) No workman shall use any cord-connected electrical equipment or tool unless the equipment or tool is effectively grounded.

(2) Except where the connection is made by inserting an attachment plug cap on the cord of the electrical equipment or tool into a convenience receptacle, no person other than a workman who is an electrician certified under *The Apprenticeship and Tradesmen's Qualification Act* or a workman who is similarly qualified by training and experience shall connect any electrical equipment or tool to a power source or disconnect any electrical equipment or tool from a power source. O. Reg. 419/73, s. 71.

72.—(1) Subject to subsection 3, no workman shall bring any object closer to a power line for electricity at more than 750 volts than the minimum distance set out in subsection 4.

(2) Subject to subsection 3, no workman shall move a back-hoe, shovel, crane or other similar lifting device or its load closer than the length of the boom of the lifting device to a power line for electricity at more than 750 volts unless he has another workman stationed within his view to warn him when any part of the lifting device or its load is approaching the minimum distance from the power line as prescribed in subsection 4.

(3) Subsections 1 and 2 do not apply where the owner of the power line has,

- (a) disconnected the electrical supply to the power line; or
- (b) insulated the power line.

(4) The minimum distance referred to in subsections 1 and 2 shall be the distance set out in column 2 of the following Table for the voltage set opposite thereto in column 1 of the following Table.

TABLE

Minimum Distance From Live Power Lines for Electricity	
Column 1	Column 2
Voltage of Live Power Line	Minimum Distance
750 to 150,000 volts	10 feet
150,001 to 250,000 volts	15 feet
over 250,000 volts	20 feet

O. Reg. 419/73, s. 72.

## TEMPORARY HEAT

**73.** A fuel-fired heating device shall,

- (a) be so located, protected and used that there is no risk of igniting,
  - (i) tarpaulins or similar temporary enclosures, or
  - (ii) wood or other combustible materials adjacent to the heating device;
- (b) be used in a confined or enclosed space only when there is provision for,
  - (i) an adequate supply of air for combustion, and
  - (ii) adequate general ventilation;
- (c) be located so as to be protected from damage or overturning;
- (d) not restrict a means of egress; and
- (e) where used to burn a solid fuel, be equipped with a securely supported sheet metal pipe for the purpose of properly discharging the products of combustion outside the building. O. Reg. 419/73, s. 73.

**74.** All fuel supply lines shall be so constructed, guarded or placed as to be protected from damage. O. Reg. 419/73, s. 74.

**75.** Temporary steam-piping shall,

- (a) be properly installed;
- (b) be securely supported; and
- (c) where a workman is likely to come into contact with the piping accidentally, be insulated or protected by screens or guards. O. Reg. 419/73, s. 75.

## CONSTRUCTION EQUIPMENT

**76.**—(1) A vehicle, crane, machine, tool or other piece of equipment shall,

- (a) be maintained in such condition that it will not endanger a workman when in use;
- (b) not be used when weather conditions are such that the use of the vehicle, crane, machine, tool or other piece of equipment is likely to endanger a workman;
- (c) not be used when being repaired or serviced;
- (d) if mechanically powered, be inspected by a person, competent to carry out the inspection, at least once prior to its initial use on the project and daily thereafter when in use; and
- (e) if it has an operator's station, have a means of access to that station that will not endanger the operator.

(2) Modifications, extensions, part replacements and repairs made to a vehicle, crane, machine, tool or other piece of equipment shall have at least the same safety factor as that in the original design of the vehicle, crane, machine, tool or other piece of equipment.

(3) Where a mobile crane is mounted on rails it shall be securely locked to the rails when not in use. O. Reg. 419/73, s. 76.

**77.**—(1) Subject to subsection 2, no workman shall operate a vehicle upon a project unless he has the training and experience to operate the vehicle and,

- (a) he is authorized or qualified by law to operate a vehicle upon a highway; or
- (b) he has the qualifications to earn a driver's licence to operate a vehicle upon a highway.

(2) Subsection 1 does not apply to a workman who is,

- (a) being instructed in the operation of a vehicle; and

- (b) accompanied by a person having the qualifications required by subsection 1. O. Reg. 419/73, s. 77.

**78.**—(1) Subject to subsection 2 and sections 190 and 191, no workman shall be on a platform, bucket, basket, load, hook or sling that is capable of moving and that is supported by,

- (a) the boom of a crane or other hoisting machine similar to a crane; or
- (b) a fork-lift truck, front-end loader or other similar machine.

(2) Subsection 1 does not apply to a workman where the workman is in,

- (a) a well; or
- (b) a caisson being drilled by an auger. O. Reg. 419/73, s. 78.

**79.** A gear, pulley, belt, chain, shaft, flywheel, saw or other mechanically-operated part of a machine shall be guarded or fenced unless the gear, pulley, belt, chain, shaft, flywheel or other mechanically-operated part of the machine is so located and constructed that it will not endanger workmen. O. Reg. 419/73, s. 79.

**80.**—(1) Subject to subsection 2, every hoisting hook shall be equipped with a safety catch.

(2) Subsection 1 does not apply to a hoisting hook used in the placing of structural members where the method of placing used provides the same standard of protection for a workman as would be provided by a safety catch. O. Reg. 419/73, s. 80.

**81.** A friction-type clamp used in hoisting materials shall be so constructed that the accidental slackening of the hoisting cable will not release the clamp. O. Reg. 419/73, s. 81.

**82.** Materials shall not be hoisted by a helicopter or any other means by which the weight of the materials is not transferred to ground support at all times unless permission has been given by an inspector in writing to a person with authority over the hoisting operation. O. Reg. 419/73, s. 82.

**83.** Where,

- (a) the bucket of a front-end loader, back-hoe or other excavating machine;
- (b) the blade of a bulldozer;
- (c) the forks of a fork-lift truck; or
- (d) the load of a crane or other hoisting machine,

is in a raised position, the operator shall not leave the controls of the equipment unattended. O. Reg. 419/73, s. 83.

**84.** Where any equipment or part thereof is being dismantled, altered or repaired and a workman may be endangered by the collapse or movement of the equipment or any part thereof, blocking shall be installed to prevent the collapse or movement. O. Reg. 419/73, s. 84.

**85.** No internal combustion engine shall be operated,

- (a) in an excavation or a trench unless provision is made to ensure that exhaust gases or fumes will not accumulate in the excavation or the trench; or
- (b) in a building or other structure that is enclosed, unless,
  - (i) the exhaust gases or fumes are discharged directly outside the building or structure to a point sufficiently remote to prevent the return of the gases or fumes, or
  - (ii) there is an adequate supply of air for combustion and adequate mechanical ventilation for exhaust gases or fumes. O. Reg. 419/73, s. 85.

**86.** Where the operator may be exposed to overhead hazards, a cab, screen or other adequate overhead protection shall be provided on,

- (a) a power-driven crane, shovel or similar machine;
- (b) a fork-lift truck; and
- (c) a front-end loader or other excavating machine. O. Reg. 419/73, s. 86.

**87.**—(1) The load carrying capacity of a crane or similar hoisting machine shall be established in accordance with good engineering practice by,

- (a) a competent person, if the crane or similar hoisting machine was manufactured before the 1st day of January, 1974; or
- (b) the manufacturer, if the crane or similar hoisting machine was manufactured on or after the 1st day of January, 1974.

(2) Where the boom, counterweight or other principal part of a crane or similar hoisting machine is modified, extended, altered or replaced on or after the 1st day of January, 1974 so as to affect the load carrying capacity, the revised load carrying capacity shall be established by a professional engineer.

(3) No person shall subject a crane or similar hoisting machine to a load in excess of its load carrying capacity.

(4) A load rating plate containing sufficient information to enable the operator to determine the load that the crane or similar hoisting machine is capable of hoisting under any condition shall be attached to the crane or similar hoisting machine such that the operator is able to see the plate while he is in his operating position.

(5) A load rating plate shall be clear, legible and protected from the weather. O. Reg. 419/73, s. 87.

**88.—(1)** No person shall operate a crane or other hoisting machine in such a manner that any part of its load will pass over a workman other than,

- (a) the workman receiving the load; or
- (b) a workman engaged in the sinking of a shaft.

(2) Where practicable, a workman,

- (a) receiving a load; or
- (b) engaged in the sinking of a shaft,

shall position himself so that the load will not pass over him. O. Reg. 419/73, s. 88.

**89.—(1)** A container, sling or similar device for the hoisting of an object shall,

- (a) be suitable for the object;
- (b) have sufficient strength to support the object; and
- (c) be so arranged as to prevent the object or any part of it from falling out of or off the sling, container or similar device.

(2) Every part of a hoisting device or assembly, including a hook, shackle, ring, bolt, sling, rope, cable or splice shall,

- (a) be suitable for its intended use; and
- (b) be capable of supporting at least five times the maximum load to which it is likely to be subjected. O. Reg. 419/73, s. 89.

**90.—(1)** A rope or cable used by a mechanically-powered crane, hoist or other similar hoisting device, shall,

- (a) be steel wire rope having a steel or fibre core;
- (b) be capable of supporting,
  - (i) when not used for hoisting persons, at least five times, or

- (ii) when used for hoisting persons, at least ten times the maximum load to which it is likely to be subjected;

(c) not be used when more than 10 per cent of the total number of wires in any one lay of the rope are broken;

(d) not be used when showing visible signs of corrosion, kinks, severe wear or other possible cause of rope failure;

(e) be suitable for the drum sheaves and the grooving on the drum;

(f) not be spliced;

(g) be suitably lubricated to prevent corrosion and wear; and

(h) have the end connections securely fastened and, when in use, at least three full turns on the drum.

(2) Any attachment of a rope or cable used by a mechanically-powered crane, hoist or other similar hoisting device shall be secure and made by,

(a) the rope or cable being bound around an oval thimble and fastened to itself by three or more clamps; or

(b) being fastened within a tapered socket. O. Reg. 419/73, s. 90.

**91.** No person shall operate a shovel, backhoe or similar excavating machine in such a manner that the shovel, backhoe or similar excavating machine or any part of its load will pass over a workman. O. Reg. 419/73, s. 91.

**92.** Where a workman may be endangered by the rotation or uncontrolled motion of a load being hoisted by a crane or similar machine, one or more guide ropes or tag lines shall be used to prevent the rotation or other uncontrolled motion. O. Reg. 419/73, s. 92.

**93.** Where the operator of a crane, shovel or similar machine is obstructed in his view of the path of travel of any part of the crane, shovel or similar machine or its load, one or more competent signal men shall assist the operator,

(a) by keeping that part of the crane, shovel or similar machine or its load under observation when it is out of the view of the operator; and

(b) by communicating with the operator by the use of prearranged visual signals or, where these signals are impracticable, by a telecommunication system. O. Reg. 419/73, s. 93.

94.—(1) No workman shall remain on or in a vehicle where he may be endangered during the loading or unloading of the vehicle.

(2) Where a vehicle, crane, machine or other equipment is to be driven in reverse in a location in which the operator or another person may be endangered, the operator shall reverse the vehicle, crane, machine or other equipment as directed by a workman who shall be stationed,

- (a) in full view of the operator;
  - (b) with a full view of the intended path of travel of the vehicle, crane, machine or other equipment; and
  - (c) clear of the intended path of travel.
- (3) Where an unattended vehicle is,
- (a) on sloping ground; or
  - (b) adjacent to an excavation or a trench,

the unattended vehicle shall have its brakes applied and wheels blocked to prevent movement. O. Reg. 419/73, s. 94.

95. No person shall begin to disconnect or carry out repairs on a section of a pipeline under pressure until he has ensured that no workman will be endangered by the disconnection or repair. O. Reg. 419/73, s. 95.

96. Where a hose may become separated from a hammer or drill carriage, a wire rope or chain shall be attached to the hose supplying steam or air to the hammer of a pile driver or to the drill carriage to prevent the hose from whipping. O. Reg. 419/73, s. 96.

97. Every lifting jack shall,

- (a) have its rated capacity legibly cast or stamped in plain view on the jack; and
- (b) be equipped with a positive stop to prevent over-travel or, where a positive stop is impracticable, with an indicator. O. Reg. 419/73, s. 97.

98.—(1) Piles or sheet-piling shall be adequately supported at all times during their hoisting, placing, removal or withdrawal.

(2) Where practicable, no workman, other than a workman who is directly engaged in any of the operations referred to in subsection 1, shall be in the area where the operations are being carried out. O. Reg. 419/73, s. 98.

99.—(1) Except for a trailer, every vehicle shall be equipped with,

- (a) a means of stopping the vehicle; and
- (b) an adequate seat or other position for the operator.

(2) Except where a seat is provided for his use no person other than the operator shall ride upon a vehicle. O. Reg. 419/73, s. 99.

100.—(1) Subject to subsection 2, no vehicle shall be drawn or towed on a project unless there are two separate means of attachment so constructed and attached that the failure of one such means will not permit the vehicle being drawn or towed to become detached.

(2) Subsection 1 does not apply to a vehicle,

- (a) in which there is an operator; and
- (b) that is equipped with a means of stopping the vehicle. O. Reg. 419/73, s. 100.

#### SPECIAL PROVISIONS

101. No workman shall enter or remain in an excavation for an augered caisson or a well where the excavation is greater than four feet in depth, unless,

- (a) a steel liner of adequate strength that,
  - (i) extends two feet above ground level and to within four feet of the point where the work is being done,
  - (ii) is adequately supported on two sides by steel wire rope, and
  - (iii) has a sufficient diameter so that the difference between the diameter of the steel liner and the diameter of the excavation does not exceed four inches,

has been installed; and

- (b) the workman,
  - (i) works from within the steel liner,
  - (ii) wears a safety harness, the rope of which is secured at the surface of the ground, and
  - (iii) is attended by another workman stationed outside the excavation. O. Reg. 419/73, s. 101.

102. No workman shall enter a confined space where the means of egress is restricted, unless,

- (a) the space has been tested to ascertain whether or not a hazard exists;

- (b) the precautions required by sections 29 and 33 have been taken against any hazard found to exist;
- (c) he is attended by another workman stationed outside the confined space; and
- (d) adequate arrangements, including the wearing of a safety harness, where practicable, have been made to remove the workman from the confined space where he requires assistance. O. Reg. 419/73, s. 102.

**103.** Where a rock-drilling operation is being carried out, an adequate supply of water shall be provided at the operation to prevent the dissemination of dust unless all the workmen in the immediate vicinity are protected as required by section 33. O. Reg. 419/73, s. 103.

## EXPLOSIVES

**104.** Every precaution shall be taken in the handling, storage, transportation and use of explosives to protect persons on a project. O. Reg. 419/73, s. 104.

**105.**—(1) No fire or other naked flame shall be taken or be within twenty-five feet of any magazine, vehicle, building or place in which explosives are stored, handled or transported.

(2) No person shall smoke,

- (a) in any magazine where explosives are stored; or
- (b) within twenty-five feet of a place where explosives are being handled, transported or used. O. Reg. 419/73, s. 105.

**106.** Where explosives are to be used,

- (a) a competent person shall be appointed by the superintendent to be in charge of and to personally supervise all blasting operations; and
- (b) the name of the person appointed under clause *a* shall be posted in the field office of the project and on or in the magazines where the explosives are stored. O. Reg. 419/73, s. 106.

**107.** The person appointed under clause *a* of section 106 shall,

- (a) inspect all explosives and all magazines, buildings and vehicles used for storing or transporting explosives at regular intervals and at least once a week;
- (b) report the results of the inspection prescribed in clause *a* to the superintendent;

- (c) take immediate steps to correct any unsuitable condition and properly dispose of any deteriorated explosives;
- (d) where an act of careless placing or handling of explosives is discovered by him or reported to him promptly investigate the circumstances;
- (e) supervise the fixing of all charges and other blasting operations;
- (f) post persons at the approaches to any place,

- (i) where blasting is to be carried out, and

- (ii) where a person may be endangered by the blasting, including the area around a drill hole,

to prevent inadvertent access by any person;

(g) before blasting ensure that,

- (i) no persons, other than those persons required to assist him in blasting, are present in any location where they may be endangered by blasting,

- (ii) adequate warning is given to all parts of the project by siren or other suitable means, and

- (iii) no persons are in any area from which their means of egress passes the place where the blasting is to be carried out; and

(h) before blasting within a distance less than twice the length of the longest drill rod being used or fifteen feet, whichever distance is the greater, of another shaft, tunnel, caisson or cofferdam, thoroughly examine the other shaft, tunnel, caisson or cofferdam to ensure that any work being carried out in the other shaft, tunnel, caisson or cofferdam can proceed during the blasting without any person being endangered. O. Reg. 419/73, s. 107.

**108.** Every firing circuit used in blasting shall be disconnected from the source of energy and short-circuited immediately after each blasting operation. O. Reg. 419/73, s. 108.

**109.** No greater quantity of explosives than is required for immediate use shall be outside a magazine. O. Reg. 419/73, s. 109.

**110.** No person who is inexperienced in handling dynamite or other high explosives shall handle,

transport, prepare or use dynamite or other high explosives on a project unless that person works under the personal supervision of another person who is experienced in blasting operations. O. Reg. 419/73, s. 110.

111. Except for an explosive that is manufactured for bulk loading, no explosive shall be removed from its wrapper. O. Reg. 419/73, s. 111.

112.—(1) A drill hole shall not be commenced,

- (a) before the exposed face or surface has been carefully examined for holes or remnants of holes containing explosives; and
- (b) before any hole or remnant of a hole found to contain explosives has, as far as is practicable, been cleared of the explosive.

(2) Subject to subsection 3, a drill hole shall,

- (a) not be drilled within twenty-five feet of a hole being loaded with or containing explosives; and
- (b) not be drilled within six inches of a hole, or remnant of a hole, that has been charged or blasted unless adequate precautions have been taken to ensure that the hole or remnant is free from explosives.

(3) Subject to subsection 4 a drill hole may be drilled within twenty-five feet of a hole being loaded with or containing explosives provided that,

- (a) a specification has been prepared in writing by a professional engineer,
  - (i) describing the precautions to be taken to prevent the accidental detonation of the explosives in a loaded hole by the drilling of another hole, and
  - (ii) bearing the signature and seal of the professional engineer;
- (b) a copy of the specification referred to in clause *a* is kept at the project while the drilling and blasting to which the specification refers are being carried out; and
- (c) the drilling and blasting are carried out in strict compliance with the specification referred to in clause *a*.

(4) No hole shall be drilled within three feet of another hole containing explosives.

(5) A drill hole shall,

- (a) where cartridges of explosives are to be used, be of a size sufficient for free insertion of a cartridge to the bottom of the hole;

(b) not be charged with explosives unless a properly prepared detonation agent is placed in the charge; and

(c) when charged with explosives,

- (i) be fired in one blasting operation, and
- (ii) except for the time required in a continuing operation to complete the charging and blasting of adjacent holes, not be left unfired.

(6) A tool or rod of iron or steel shall not be used,

- (a) in the charging of a drill hole; or
- (b) in any drill hole containing explosives. O. Reg. 419/73, s. 112.

113. Every precaution shall be taken, including the use of blasting mats where necessary, to prevent injury to persons from flying rocks or other objects due to blasting operations. O. Reg. 419/73, s. 113.

#### PLATFORMS, RUNWAYS AND RAMPS

114. A runway, ramp or platform other than a scaffold platform shall,

- (a) be designed, constructed and maintained to support, without exceeding the allowable unit stresses for the materials used, all loads that may be expected to be applied to it;
- (b) be nineteen inches or more in width; and
- (c) be securely fastened in place. O. Reg. 419/73, s. 114.

115.—(1) Subject to subsection 2, a ramp shall have,

- (a) a slope not exceeding one foot of vertical rise to each three feet of horizontal run; and
- (b) cross cleats where the slope exceeds one foot of vertical rise to each eight feet of horizontal run,

and the cleats shall be,

- (c) spaced at regular intervals not exceeding eighteen inches; and
- (d) made from one inch by two inch nominal size boards securely nailed to the ramp.

(2) Where the ramp has,

- (a) a slope not exceeding one foot of vertical rise to one foot of horizontal run; and
- (b) cross cleats,
  - (i) spaced at regular intervals not exceeding twelve inches, and
  - (ii) made from two inch by two inch nominal size boards securely nailed to the ramp,

subsection 1 does not apply to a ramp installed in the stairwell of a building not exceeding two storeys in height. O. Reg. 419/73, s. 115.

#### LADDERS

##### 116. A ladder shall,

- (a) be designed, constructed, maintained and used so as not to endanger any workman; and
- (b) be used only in such a way that the loads applied thereto will not cause the materials used in any part of the ladder to be stressed beyond the allowable unit stresses for the materials used. O. Reg. 419/73, s. 116.

##### 117. A ladder shall,

- (a) be free from broken or loose members or other faults;
- (b) have rungs evenly spaced at twelve inches on centres;
- (c) have side rails not less than twelve inches apart;
- (d) be placed on a firm footing;
- (e) be held in place by one or more persons while being used if it exceeds thirty feet in length and is not securely fastened;
- (f) when not securely fastened, be placed so that the base of the ladder is not less than one-quarter and not more than one-third of the length of the ladder from a point directly below the top of the ladder and at the same level as the base of the ladder;
- (g) where it is used as a regular means of access between levels,
  - (i) be securely fastened in place,
  - (ii) extend at least three feet above the landing or floor at the upper level,
  - (iii) have a clear space of at least six inches behind any rung, and

- (iv) be so located that an adequate landing surface, clear of obstructions, is available at the top and bottom of the ladder;

- (h) not be in an elevator shaft when such space is being used for hoisting; and

- (i) not be lashed to another ladder to increase its length. O. Reg. 419/73, s. 117.

##### 118. A wooden ladder shall,

- (a) consist of wood that is straight-grained and free from loose knots, sharp edges, splinters and shakes;
- (b) not be painted or coated with an opaque material; and
- (c) have rungs of clear straight-grained material which is free of knots. O. Reg. 419/73, s. 118.

119.—(1) The side rails of a wooden ladder of the cleat type shall not be less than sixteen inches apart and shall have a nominal size of,

- (a) not less than two inches by four inches where the ladder is not more than nineteen feet long; or
- (b) not less than two inches by six inches where the ladder is over nineteen feet long.

(2) The rungs of a wooden ladder of the cleat type shall have a nominal size of not less than one inch by three inches and be braced by filler blocks between the rungs. O. Reg. 419/73, s. 119.

##### 120. A double width ladder shall,

- (a) have three rails evenly spaced;
- (b) be not less than five feet in width;
- (c) have cleats or rungs that extend the full width of the ladder; and
- (d) be securely fastened in place. O. Reg. 419/73, s. 120.

121. The maximum length of a ladder measured along the side rail shall not be more than,

- (a) sixteen feet for a trestle ladder or for each of the base or extension sections of an extension trestle ladder;
- (b) twenty feet for a step-ladder;
- (c) thirty feet for a single ladder or individual section of a ladder;

- (d) forty-eight feet for an extension ladder having two sections; and
- (e) sixty-six feet for an extension ladder having more than two sections. O. Reg. 419/73, s. 121.

**122.** Where a step-ladder is being used as a self supporting unit,

- (a) the legs shall be fully spread and the spreader shall be locked;
- (b) the top of the step-ladder shall not be used as a step; and
- (c) the pail shelf shall not be used as a step. O. Reg. 419/73, s. 122.

**123.** Where a ladder is used as a means of access to or a means of egress from a part of a project and a person using the ladder is exposed to the hazard of falling a distance of fifty feet or more, the ladder shall be provided with a safety cage that shall commence at the lower end of the ladder and extend to the top of the ladder. O. Reg. 419/73, s. 123.

#### STAIRS

**124.** Temporary stairs and landings shall be designed and constructed to support a live load of 100 pounds per square foot without exceeding the allowable unit stresses for the materials used. O. Reg. 419/73, s. 124.

**125.** Temporary stairs shall have a clear width of not less than twenty inches. O. Reg. 419/73, s. 125.

**126.** Stairs shall,

- (a) have treads and risers that in any one flight are uniform in width, length and height;
- (b) subject to section 127, have stringers that are not in excess of 50° from the horizontal;
- (c) have landings which are not more than fifteen feet apart vertically; and
- (d) have on the open sides of each flight and at each landing, a wooden handrail that,
  - (i) has a nominal size of two inches by four inches, and
  - (ii) is securely fastened and supported. O. Reg. 419/73, s. 126.

**127.** Clause *b* of section 126 does not apply to prefabricated stairs erected inside a tower formed by scaffold frame sections provided that the stringers are not in excess of 60° from the horizontal. O. Reg. 419/73, s. 127.

**128.** Skeleton steel stairs shall have temporary wooden treads,

- (a) of suitable planking extending the full width and breadth of the stairs and landings; and
- (b) securely fastened in place. O. Reg. 419/73, s. 128.

#### GUARDRAILS

**129.**—(1) Subject to subsection 4, a guardrail constructed in accordance with section 130 shall be provided around any uncovered opening in a floor, roof or other surface to which a workman has access.

(2) Subject to subsection 4, a guardrail constructed in accordance with section 130 shall be provided at the perimeter, open sides and ends of,

- (a) a floor, including a mezzanine and a balcony;
- (b) a surface of a bridge;
- (c) a concrete roof, while the formwork remains in place; and
- (d) a scaffold, working platform, runway or ramp,

to which a workman has access and from which he may fall into water or for a vertical distance of eight feet or more.

(3) Subject to subsection 4, a guardrail constructed in accordance with section 130 shall be provided at the open sides and ends of a scaffold, working platform, runway or ramp,

- (a) that is used as a path by a wheel-barrow or other similar equipment; and
- (b) from which a workman may fall a distance of four feet or more.

(4) Where work cannot be carried out with guardrail installed, the guardrail may be temporarily removed provided that,

- (a) the workmen doing the work are protected as prescribed by sections 35, 36 and 37; and
- (b) where a workman other than the workmen doing the work has access to the area, signs as prescribed by section 23 have been posted. O. Reg. 419/73, s. 129.

**130.**—(1) A guardrail shall be capable of resisting any lateral load likely to be applied to it.

(2) Subject to subsection 5, a guardrail shall have a height of not less than thirty-six inches and not more

than forty-two inches above the surface, floor, scaffold or roof on which it is installed.

(3) A wooden guardrail shall be free of splinters and protruding nails and shall consist of,

(a) a top rail of a nominal size of not less than two inches by four inches securely supported on posts which are of a nominal size of not less than two inches by four inches and spaced at intervals of not more than eight feet;

(b) a toe-board securely fastened to the posts or other vertical supports and extending from the surface, floor, scaffold or roof to a height of not less than five inches; and

(c) an intermediate rail of a nominal size of not less than one inch by four inches securely fastened to the inner side of the posts midway between the top rail and the toe-board.

(4) A wire cable guardrail shall be maintained taut by means of a turn-buckle and shall consist of,

(a) a top-rail and an intermediate rail made of wire cable not less than  $\frac{3}{8}$  of an inch in diameter;

(b) vertical separators not less than two inches wide spaced at intervals not exceeding eight feet; and

(c) a toe-board securely fastened to the inner side of the vertical separators and extending from the surface, floor, scaffold or roof to a height of not less than five inches.

(5) A wood-slat guardrail shall,

(a) have vertical slats four feet in length, at least  $1\frac{1}{2}$  inches in width and  $\frac{3}{8}$  of an inch thick that,

(i) are painted a distinctive colour,

(ii) are woven among five double strands of No. 13 Imperial Standard Gauge steel wire ten inches apart, such that the slats are tight, and

(iii) are spaced at not more than  $3\frac{1}{2}$  inches from centre to centre;

(b) have the double strands of wire wrapped around each other at least three times in each space between the slats;

(c) be adequately supported in a vertical position; and

(d) be maintained taut.

(6) Where an inspector is of the opinion that a wire cable guardrail or wood-slat guardrail,

(a) has not been installed in accordance with this section; or

(b) is not being maintained in good condition,

the inspector may direct that the guardrail be replaced forthwith by a guardrail constructed in accordance with subsection 3. O. Reg. 419/73, s. 130.

#### SCAFFOLDS

**131.** A scaffold, constructed in accordance with sections 134 to 140, both inclusive, or other equally safe means of support, shall be provided for a workman. O. Reg. 419/73, s. 131.

**132.**—(1) No workman shall use a barrel, box or other loose object,

(a) to stand upon while working; or

(b) to support a scaffold or working platform.

(2) No workman shall use stilts or a leg extension device to stand upon while working. O. Reg. 419/73, s. 132.

**133.**—(1) The erection, alteration or dismantling of a scaffold shall be carried out under the supervision of a workman experienced in such operation.

(2) No work shall be carried out on or under a scaffold or scaffold platform that is being erected, altered or dismantled unless it is carried out from a part of the scaffold or scaffold platform that complies with sections 134 to 140, both inclusive. O. Reg. 419/73, s. 133.

**134.**—(1) A scaffold shall,

(a) be capable of supporting at least two times the maximum load to which it is likely to be subjected, without exceeding the allowable unit stresses for the particular materials used;

(b) not be loaded in excess of the maximum load it could reasonably be expected to support;

(c) be constructed only of suitable structural material;

(d) where lumber is used in its construction, be constructed only of Construction Grade spruce or Number 1 Grade spruce or lumber of better quality than Construction Grade spruce and Number 1 Grade spruce;

(e) have all uprights diagonally and horizontally braced to prevent lateral movement;

- (f) have horizontal members that are adequately secured to prevent lateral movement and that have no splices between the points of support;
- (g) have footings, sills or supports that are sound, rigid and capable of supporting at least two times the maximum load to which the scaffold is likely to be subjected without unreasonable settlement or deformation;
- (h) have all fittings and gear properly installed;
- (i) have safety catches on all hooks; and
- (j) be adequately secured to prevent lateral movement at vertical intervals not exceeding three times the least lateral dimension of the scaffold measured at the base.

(2) Where a scaffold consists of a structural system of tubular metal frames, the scaffold shall not be loaded in excess of,

- (a) the capacity of the system as established after a test loading of the particular method of loading by a professional engineer; and
- (b) one-third of the failure load as established by test loading the scaffold axially through the corner posts. O. Reg. 419/73, s. 134.

**135.** A scaffold platform or other working platform shall,

- (a) be designed, constructed and maintained to support all loads to which it is likely to be subjected without exceeding the allowable unit stresses for the materials used;
- (b) be at least nineteen inches wide;
- (c) where it is eight feet or more above a floor roof or other surface, consist of planks laid tightly side by side for the full width of the scaffold;
- (d) be provided with a guardrail as prescribed by section 130; and
- (e) where it consists of wooden planks, have wooden planks,
  - (i) of Number 1 Grade spruce or of quality better than Number 1 Grade spruce,
  - (ii) that are at least two inches thick and ten inches wide, with a span not exceeding ten feet,
  - (iii) that overhang their supports by not less than six inches and not more than eighteen inches, and

- (iv) that are cleated or otherwise secured against slipping. O. Reg. 419/73, s. 135.

**136.** A suspended scaffold or a boatswain's chair shall,

- (a) be attached to a fixed support or outrigger beam capable of supporting at least four times the maximum load to which the fixed support or outrigger beam is likely to be subjected without overturning and without exceeding the allowable unit stresses for the materials used in the fixed support or outrigger beam;
- (b) subject to subsection 2 of section 137, have hangers,
  - (i) located not less than six inches and not more than eighteen inches from the ends of the platform; and
  - (ii) securely attached to the platform;
- (c) where it is capable of moving either vertically or horizontally have,
  - (i) rope falls equipped with suitable pulley blocks, or
  - (ii) a mechanical hoisting device equipped with a positive device to prevent the scaffold from falling freely;
- (d) not have fibre rope where,
  - (i) the distance between blocks exceeds 300 feet,
  - (ii) a corrosive substance is in the vicinity of the rope, or
  - (iii) mechanical-grinding or flame-cutting equipment is to be used in the vicinity of the rope;
- (e) where practicable and where it is not being raised or lowered, be secured and firmly anchored to the building or structure;
- (f) subject to subsection 2 of section 137, have wire mesh of at least Number 16 gauge,
  - (i) capable of rejecting a ball 1½ inches in diameter, and
  - (ii) securely fastened in place from the toe-board to the top rail of the guardrail; and
- (g) where operated by mechanical power, be inspected by a person, competent to carry out an inspection, prior to each day's use. O. Reg. 419/73, s. 136.

**137.—(1)** A boatswain's chair shall,

- (a) be not less than two feet long and ten inches wide; and
- (b) where the workman on the chair is using,
  - (i) a corrosive substance, or
  - (ii) mechanical-grinding or flame-cutting equipment,

be supported by a sling consisting of wire rope at least  $\frac{3}{8}$  of an inch in diameter.

(2) Clauses *b* and *f* of section 136 do not apply to a boatswain's chair. O. Reg. 419/73, s. 137.

**138.—(1)** Subject to subsection 3, every workman on a suspended scaffold, or boatswain's chair, shall wear a safety-belt that is securely fastened to an independently suspended lifeline separate from the suspended scaffold or boatswain's chair.

**(2)** The lifeline referred to in subsection 1 shall,

- (a) be of manilla rope having a diameter of at least  $\frac{5}{8}$  of an inch;
- (b) be securely attached to the project or other support so that failure of the scaffold or boatswain's chair will not cause the lifeline to fail;
- (c) be free from the danger of chafing on any sharp edge; and
- (d) where it is possible for the workman to fall, suspend him should he fall, at a distance of not more than five feet from the place where he was working immediately prior to the fall.

(3) Subsection 1 does not apply to a workman on a part of a scaffold that has more than two means of support or suspension and that is so designed, constructed and maintained that the failure of one means of support or suspension will not cause the collapse of that part of the scaffold on which the workman is situated. O. Reg. 419/73, s. 138.

**139.—(1)** The distance between the platform of an outrigger scaffold and the wall beyond which the scaffold extends shall be not greater than three inches.

(2) The outrigger beams of an outrigger scaffold shall be secured against horizontal and vertical movement. O. Reg. 419/73, s. 139.

**140.** A scaffold mounted on castors or wheels shall,

- (a) where the height of the scaffold platform exceeds three times the least lateral di-

mension of the scaffold measured at the base, be equipped with outriggers, guy wires or other securing device to prevent overturning of the scaffold;

- (b) be equipped with a suitable braking device on each wheel or castor;
- (c) have the brakes applied when any workman is on the scaffold or scaffold platform; and
- (d) where it is more than eight feet in height, not be moved when a workman is on the scaffold or scaffold platform unless every workman on the scaffold or scaffold platform is using a safety belt fastened as prescribed by subsection 1 of section 138. O. Reg. 419/73, s. 140.

**141.—(1)** Except for a suspended scaffold, a movable working platform operated by mechanical or electrical power shall,

- (a) be designed, constructed and maintained to support all loads to which it may be subjected without exceeding the allowable unit stresses for the materials used;
- (b) be provided with a guardrail as prescribed by section 130; and
- (c) have a floor extending over the full width and length of the platform.

(2) The supporting mechanism of a movable working platform shall,

- (a) prior to each day's use, be inspected by a person competent to carry out an inspection, to determine if it is maintained in compliance with this section;
- (b) be designed, constructed and maintained to support at least two times the maximum load to which it is likely to be subjected,
  - (i) without exceeding the allowable unit stresses for the materials used, and

(ii) without overturning; and

- (c) be provided with a secondary means of support so arranged that in the event of the failure of the principal means of support, the working platform will not fall.

(3) Where the motion of a working platform is not regulated by controls located on the platform, every workman on the platform shall wear a safety belt securely attached to the platform. O. Reg. 419/73, s. 141.

## FORMS AND FALSEWORK

**142.**—(1) Forms and falsework shall be designed, constructed, supported and braced to withstand all loads likely to be applied to them without exceeding the allowable unit stresses for the materials used before, during and after the placing of concrete.

(2) A shore shall,

- (a) be braced with sufficient bracing in the vertical and horizontal planes to prevent lateral movement of the forms and buckling of the shores; and
- (b) have sound and rigid footings capable of carrying the maximum load to which it is likely to be subjected without unreasonable settlement or deformation.

(3) Where shoring is more than one tier in height, the junction of each tier shall be braced against a fixed support in at least two directions to prevent any lateral movement.

(4) Without limiting the generality of subsection 1, where falsework includes.

- (a) tubular metal frames;
- (b) columns where the effective length is dependent upon the provision of lateral restraints between the ends of the column;
- (c) shores placed one upon another to form a supporting system that is more than one tier in height;
- (d) trusses;
- (e) members so connected to one another that a load applied to one member of it may alter or induce stresses in the other members; or
- (f) shores more than ten feet in height,

the falsework shall be designed by a professional engineer in accordance with good engineering practice to withstand all loads likely to be applied to the falsework before, during and after the placing of the concrete and it shall be constructed in accordance with the design of the professional engineer.

(5) Drawings of the falsework designed under subsection 4 shall,

- (a) show the size and specifications of the falsework including the type and grade of all materials to be used in the construction of the falsework;
- (b) bear the signature and seal of the professional engineer referred to in subsection 4; and

(c) be kept at the project at all times.

(6) Forms or falsework shall not be removed unless the concrete has attained sufficient strength to support any load likely to be applied to the concrete or the concrete has been adequately re-shored. O. Reg. 419/73, s. 142.

## DEMOLITION

**143.** No person shall commence or continue to demolish, dismantle or move a building or other structure unless,

- (a) he has taken all steps necessary to prevent injury to any person on or near the project or the adjoining property; and
- (b) all existing gas, electrical and other services that are likely to endanger a workman having access to the building or other structure have been shut off and disconnected. O. Reg. 419/73, s. 143.

**144.**—(1) No workman shall stand on top of a wall, pier or chimney to remove material from the wall, pier or chimney, unless adequate flooring, scaffolding or staging not more than eight feet below the place where he is working is provided on all sides of the wall, pier or chimney.

(2) No person on a project other than a workman directly engaged in the demolition, dismantling or moving of a building or other structure shall be so near to the demolition, dismantling or moving that he may be endangered by it.

(3) Where work on a building or other structure being demolished or dismantled is suspended or discontinued prior to the completion of the demolition or dismantling, access by persons to the part of the building or other structure that has yet to be demolished or dismantled shall be prevented by the installation of fencing or other barriers that are as effective as fencing. O. Reg. 419/73, s. 144.

**145.** Subject to subsection 1 of section 150, no person shall commence or continue to demolish the exterior walls of a building unless all glass,

- (a) has been removed from windows and other locations; or
- (b) has been otherwise protected so that there is no reasonable possibility of breakage of the glass at any stage of the demolition. O. Reg. 419/73, s. 145.

**146.**—(1) Subject to subsection 2 and subsection 1 of section 150, demolition and dismantling shall proceed systematically and continuously from the highest to the lowest point of the project.

(2) In a skeleton structural frame building, the skeleton structural frame may be left in place during

the demolition or dismantling of the masonry if the masonry and any loose material are removed from the skeleton structural frame in the order prescribed by subsection 1.

(3) Subject to subsection 1 of section 150, the work above each tier or floor shall be completed before the support of the tier or floor is affected by the demolition or dismantling operations. O. Reg. 419/73, s. 146.

**147.** Subject to subsection 1 of section 150, a truss, girder or other structural member shall not be disconnected until it,

- (a) has been relieved of all loads other than its own weight; and
- (b) has been given temporary support. O. Reg. 419/73, s. 147.

**148.—(1)** Subject to subsection 1 of section 150, masonry walls shall be removed in reasonably level courses.

(2) Subject to subsection 1 of section 150, materials shall not be loosened or permitted to fall in masses that are likely to endanger,

- (a) the structural stability of a floor or other support of the project or of a scaffold; or
- (b) a workman. O. Reg. 419/73, s. 148.

**149.** Scaffolding used in connection with the demolition, dismantling or moving of a building or other structure shall be self-supporting and not dependent on the building or other structure being demolished, dismantled or moved. O. Reg. 419/73, s. 149.

**150.—(1)** Sections 145, 146, 147 and 148 do not apply to a building or other structure that is being demolished by,

- (a) a heavy weight suspended by cable from a crane or other hoisting machine;
- (b) a power shovel, bulldozer or other vehicle;
- (c) any other powered mechanical device;
- (d) explosives; or
- (e) any combination of one or more of the methods mentioned in clauses a, b, c and d.

(2) The controls of a mechanical device for demolishing a project shall be operated from a location that is as remote as is practicable from the demolition operation.

(3) Where a swinging weight is used for demolition, the supporting cable shall be of such length or be so

restrained that the weight will not swing against any structure other than the structure being demolished. O. Reg. 419/73, s. 150.

**151.—(1)** Subject to subsection 2, a basement, cellar or excavation left after the demolition, dismantling or moving of a building or other structure shall,

- (a) be backfilled to grade level; or
- (b) have adequate fencing along its open sides.

(2) Subsection 1 does not apply to a basement or cellar that has a roof, floor or other solid covering enclosing it if all openings in the roof, floor or other solid covering are boarded up so as to prevent access by persons to the basement or cellar. O. Reg. 419/73, s. 151.

#### EXPLOSIVE ACTUATED TOOLS

**152.—(1)** Subject to subsection 2, an explosive actuated fastening tool shall,

- (a) have a firing mechanism that will prevent the tool from being fired,
  - (i) while being loaded,
  - (ii) during preparation for firing, or
  - (iii) if dropped;
- (b) be capable of being operated only when the muzzle end is held against a working surface with a pressure of at least five pounds greater than the weight of the tool;
- (c) where required to be dismantled into separate parts for loading, be capable of being operated only when the separate parts are firmly locked together;
- (d) be capable of being fired only after two separate and distinct actions are carried out by the operator, with the firing movement separate from the operation of bringing the tool into the firing position;
- (e) be used only when equipped with a protective guard or shield,
  - (i) suitable for the particular fastening operation being performed,
  - (ii) mounted at right angles to the barrel,
  - (iii) at least three inches in diameter, and
  - (iv) except where the fastener is intended to be driven into a surface at a point

within 1½ inches of another surface that is at an angle to the surface into which the fastener is intended to be driven, placed in a central position on the muzzle end of the tool;

- (f) be capable of being operated where the guard or shield prescribed by clause *e* is placed in the central position only when the bearing surface of the guard is tilted not more than eight degrees from the working surface;
- (g) when not in use, be stored in a locked container;
- (h) not be left unattended where it may be available to a person other than a workman having the qualifications set out in section 153;
- (i) whether loaded or unloaded, not be pointed directly at any person;
- (j) not be loaded unless it is being prepared for immediate use; and
- (k) not be used in an atmosphere containing any flammable vapour, gas or dust.

(2) Clauses *e* and *f* of subsection 1 do not apply to an explosive actuated fastening tool where the velocity of the stud or other fastener does not exceed 300 feet per second measured at a distance of 6½ feet from the muzzle end of the tool when propelled by the maximum commercially available explosive load that the tool is chambered to accept.

(3) A misfired cartridge which has been removed from an explosive actuated fastening tool shall be placed in a water-filled container until the cartridge may be properly disposed of after its safe removal from the project. O. Reg. 419/73, s. 152.

**153.** An explosive actuated fastening tool shall be used only,

- (a) by a workman who has been instructed in the proper and safe manner of its use by the manufacturer or his authorized and qualified agent;
- (b) by a workman wearing,
  - (i) safety glasses suitable for protection against eye injury, and
  - (ii) a safety hat;
- (c) after it has been inspected by the workman referred to in clause *a* to ensure that,
  - (i) the tool is clean,

- (ii) all moving parts operate freely,
- (iii) the barrel is free from any obstruction,
- (iv) the tool is adequately equipped for the intended use, and
- (v) it is not defective;

- (d) subject to clauses *e* and *f* in accordance with the instructions of the manufacturer;
- (e) with an explosive load of a strength adequate to perform the intended work without excessive force; and
- (f) to drive a stud or other fastener suitable for insertion in the tool. O. Reg. 419/73, s. 153.

**154.** An explosive load for an explosive actuated fastening tool shall,

- (a) be so marked or labelled that the operator can readily identify its strength;
- (b) not be stored in a container where an explosive load of a different strength is stored;
- (c) not be left unattended where it may be available to a person other than a person having the qualifications set out in clause *a* of section 153; and
- (d) when not in use, be stored in a locked container. O. Reg. 419/73, s. 154.

## PART II

### TUNNELS AND SHAFTS

**155.** This Part applies to tunnels and shafts. O. Reg. 419/73, s. 155.

### FIRE PROTECTION

**156.**—(1) Means of extinguishing fire shall be provided,

- (a) at the top and bottom of every shaft; and
- (b) in every tunnel within 100 feet of,
  - (i) each working face; and
  - (ii) every location where a fire hazard exists.

(2) Notices of the method of sounding or giving a fire alarm throughout a project shall be posted in conspicuous places on the project.

(3) Subject to subsection 4, where the transverse dimension of a tunnel when completed exceeds five feet, the means of extinguishing a fire in the tunnel shall be a standpipe with an adequate length of hose and a supply of water at a steady pressure suitable for efficient operation of the nozzle.

(4) Subsection 3 does not apply where,

- (a) the constructor is of the opinion that no fire hazard exists in the tunnel;
- (b) the constructor has given written notice to the Director that in his opinion no fire hazard exists in the tunnel; and
- (c) the Director accepts the opinion of the constructor that no fire hazard exists.  
O. Reg. 419/73, s. 156.

**157.**—(1) Subject to subsection 3, a standpipe shall,

- (a) be installed progressively;
- (b) be at least two inches in diameter;
- (c) have sufficient hose outlets to permit every part of the tunnel to be protected by a hose not longer than seventy-five feet; and
- (d) have a connection for the use of the local fire department,
  - (i) not more than three feet and not less than one foot above ground level,
  - (ii) outside the shaft or tunnel, and
  - (iii) to which there is clear access at all times.

(2) A hose outlet shall have a valve and a hose and the hose shall,

- (a) be at least 1½ inches in diameter;
- (b) have a combination straight stream and fog nozzle; and
- (c) when not in use, be stored on a rack in such a way as to protect it from damage and to keep it available for immediate use.  
O. Reg. 419/73, s. 157.

**158.**—(1) Subject to subsection 2, no flammable liquids or gases shall be underground.

(2) Subsection 1 does not apply to fuel,

- (a) in a tank that is supplied with and is part of an engine or heating device;

(b) stored in a safe container for transfer into a tank that complies with clause *a* provided that the quantity stored does not exceed that required for eight hours use; or

(c) a compressed gas storage cylinder to which is attached gas welding or flame-cutting equipment. O. Reg. 419/73, s. 158.

**159.**—(1) A flammable liquid or gas shall be stored,

- (a) in a suitable building or storage tank;
- (b) as remote as practicable from a shaft;
- (c) not less than 300 feet from a magazine; and
- (d) in an area so located or so protected by a dyke or the slope of the ground that it is not possible for spilled liquid to flow underground.

(2) Every portable container used for flammable liquids shall have a closed top, a pouring spout and a flame arrestor. O. Reg. 419/73, s. 159.

**160.** Flammable liquids shall not be transferred from one container to another by the direct application of air under pressure. O. Reg. 419/73, s. 160.

**161.** Lubricating oils shall be stored,

- (a) in a suitable building or storage tank; and
- (b) in a place from which spilled liquid will not run toward any shaft or tunnel.  
O. Reg. 419/73, s. 161.

**162.** Oil for use in hydraulic-powered equipment underground shall be of a type which is not readily flammable and does not readily support combustion. O. Reg. 419/73, s. 162.

**163.**—(1) No combustible equipment, including welding cable and air-hoses, shall be stored underground unless required for immediate use.

(2) Electrical cable or gas hose shall not be taken or used underground unless,

- (a) it has an armoured casing or jacket of a material that is not readily flammable and does not readily support combustion; and
- (b) it is marked to indicate that it has the casing or jacket required under clause *a*.  
O. Reg. 419/73, s. 163.

**164.** Used or decayed timber, scrap wood, paper and combustible rubbish of any kind shall not be allowed to accumulate underground and shall be promptly removed. O. Reg. 419/73, s. 164.

## FIRST-AID

**165.** A first-aid kit conforming to the regulations under *The Workmen's Compensation Act* shall be located in the immediate vicinity of the above-ground entrance to a shaft or tunnel and when practicable, one or more of such kits shall be located underground. O. Reg. 419/73, s. 165.

**166.** At least one stretcher of the wire-basket type or an equivalent device for each twenty-five workmen or fraction thereof likely to be underground at any one time shall be kept at each tunnel. O. Reg. 419/73, s. 166.

**167.** One or more competent persons shall be available to perform first-aid treatment. O. Reg. 419/73, s. 167.

**168.**—(1) Arrangements shall be made for the rescue of workmen in the case of an emergency and notices containing a summary of the rescue arrangements shall be posted in conspicuous places on the project.

(2) A sufficient number of competent persons to perform any rescue work that may be required shall be available on short notice with suitable equipment.

(3) Subject to subsection 5, the equipment required by subsection 2 shall include masks of the self-contained breathing apparatus type and the masks shall,

- (a) be kept readily available for immediate use in close proximity to the service shaft or other means of access to a tunnel;
- (b) be inspected and tested at least once a week to ensure that the masks are in working order; and
- (c) be sufficient in number for any rescue work that may be required and in any event not less than two.

(4) Subject to subsection 5, the persons required to be available to perform rescue work shall be trained by a competent person in the proper operation of the masks required under subsection 3.

(5) Subsections 3 and 4 do not apply to a tunnel which is less than 100 feet in length. O. Reg. 419/73, s. 168.

## COMMUNICATIONS

**169.**—(1) Subject to subsection 2, where the services of a police department, fire department or ambulance are reasonably available to a project, and it is possible to provide prompt and direct communication with such services by the use of a public telephone or a radio telephone, such com-

munication shall be installed on the project or arranged for nearby before work on the project is commenced.

(2) Where a project is to be of over fourteen days duration, the project shall,

- (a) have a telephone connected to a public telephone system; or
- (b) where a telephone as prescribed by clause a is not practicable, have a radio telephone permitting communication with an office of the constructor having a telephone connected to a public telephone system. O. Reg. 419/73, s. 169.

**170.** During the construction of a shaft, an effective means of communicating between the lowest point of the shaft and the surface shall be provided. O. Reg. 419/73, s. 170.

**171.** A completed service shaft more than twenty feet in depth shall have a means other than by telephone of exchanging distinct and definite signals between the top and bottom of the shaft. O. Reg. 419/73, s. 171.

**172.**—(1) Where the work at the face of a tunnel is to be, or is, seventy-five feet or more from,

- (a) the top of the service shaft; or
- (b) where the tunnel is not constructed from a service shaft, the opening into the tunnel,

a telephone system shall be provided before work on the tunnel is commenced.

(2) A telephone system shall,

- (a) consist of one or more telephones at,
  - (i) the top of the service shaft or, where the tunnel is not constructed from a service shaft, the opening into the tunnel,
  - (ii) the bottom of the service shaft,
  - (iii) in addition to those places referred to in subclauses i and ii, any other means of access to the service shaft, and
  - (iv) within 100 feet of the working face of the tunnel;

(b) be so installed that a conversation can be carried on between any two telephones in the system;

(c) use circuits for voice communication which are independent from the circuits used to signal from one telephone to another; and

- (d) have a notice posted at each telephone,
- (i) indicating clearly how to call any other telephone in the system,
  - (ii) establishing an emergency signal; and
  - (iii) stating that the telephone is to be answered when the emergency signal is heard. O. Reg. 419/73, s. 172.

**173.** Where a person is to be conveyed in a shaft, the hoist operator shall, before the person enters the conveyance, be notified by a signal in accordance with subsection 1 of section 174 that a person will be on the conveyance. O. Reg. 419/73, s. 173.

**174.—(1)** The following code of signals to a hoist operator shall be used:

where the conveyance is in motion—1 signal	Stop
where the conveyance is stationary—1 signal	Hoist
2 signals together	Lower
3 signals together (to be given before any person enters the conveyance)	Person will be on conveyance. Operate carefully

- (2) Where it is necessary for the operation of the hoist, the superintendent shall establish signals in addition to those prescribed by subsection 1.
- (3) A legible copy of the signal code in letters at least one-half inch high on a board or metal plate not less than eighteen by eighteen inches shall,
- (a) be securely posted at each landing of the hoistway; and
  - (b) be securely posted at a point from which it is readily visible to the hoist operator.
- (4) The signal to move a conveyance shall be given only from the landing from which the conveyance is to move.
- (5) The hoist operator shall acknowledge all signals received by him by returning the same signal. O. Reg. 419/73, s. 174.

LIGHTING AND ELECTRICITY SUPPLY

**175.** All electrical circuits of 100 volts or more shall be in an insulated cable consisting of two feed wires and a grounding wire. O. Reg. 419/73, s. 175.

**176.** All electrical pumps, electrical tools and similar equipment shall be grounded. O. Reg. 419/73, s. 176.

**177.—(1)** An area which is not adequately lit by natural light shall be electrically illuminated.

(2) An electrical flashlight shall be available at the top and bottom of every shaft and near the working face of every tunnel at all times that a workman may be in the shaft or tunnel.

(3) Where electrical lighting is provided, an emergency electrical lighting system shall be installed, and

- (a) be connected to the electrical supply so that in the event of the failure of that electrical supply, the emergency lighting system will automatically turn on; and
- (b) where battery-powered, be provided with a testing switch. O. Reg. 419/73, s. 177.

SHAFTS

**178.** A means of access and egress by stairway, ladder or ladderway shall be provided for the full depth of a shaft during its construction and after its completion. O. Reg. 419/73, s. 178.

**179.** A stairway, ladder or ladderway for a shaft over twenty feet in depth shall,

- (a) have landings not more than fifteen feet apart of sufficient width to permit at least two persons to pass safely;
- (b) be so arranged that the stair or ladder immediately above each landing is off-set from the stair or ladder immediately below; and
- (c) be located in a sheathed compartment so constructed that if a person falls he will fall onto the landing below. O. Reg. 419/73, s. 179.

**180.—(1)** Subject to subsection 2, every conveyance in a service shaft over twenty feet in depth shall be operated in a compartment separated from any stairway, ladder or ladderway in the same shaft by a lining consisting of solid planking at least two inches thick and spaced not more than one-half inch apart.

(2) Subsection 1 does not apply to a service shaft where the hoisting area is so remote from the stairway, ladder or ladderway that there is no possibility

of a load, bucket or other device being hoisted or lowered coming into contact with the stairway, ladder or ladderway. O. Reg. 419/73, s. 180.

**181.**—(1) Subject to subsection 2, a shaft shall be of sufficient size to enable the walls to be adequately shored with sufficient clear space for work to be done.

(2) Where a service shaft is over twenty feet in depth or is serving a tunnel over fifty feet in length, the minimum inside dimension for clear passage, measured between the wales or other wall supports, shall be not less than,

(a) eight feet in the case of a cylindrical shaft; and

(b) five feet in the case of a shaft that is not cylindrical,

and, in the case of a shaft that is not cylindrical, the transverse cross-sectional area for clear passage shall not be less than fifty square feet. O. Reg. 419/73, s. 181.

**182.**—(1) An adequate barricade at least forty-two inches in height shall be provided around the top of an uncovered shaft.

(2) The barricade required by subsection 1 shall be free of splinters and protruding nails and where the depth of the shaft exceeds eight feet, shall consist of a top rail, intermediate rail and toe-board of two inches by six inches nominal size lumber securely fastened to vertical supports spaced at intervals not more than eight feet.

(3) Where a gate is necessary in a barricade to give access to and egress from the shaft, the gate shall be kept closed and latched except when it is required to be open for the purpose of access or egress.

(4) The ground adjacent to the top of a shaft shall be sloped away from the barricade to prevent the entry of water or other liquids. O. Reg. 419/73, s. 182.

**183.**—(1) Where a hoistway is,

(a) over twenty feet deep; and

(b) a hoistway in which hoisting by mechanical power is carried out,

a landing on the hoistway, other than a landing at the bottom of the hoistway, shall have a gate,

(c) located within eight inches of the hoistway;

(d) that extends the full width of the hoistway from within two inches of the floor level to a height of at least six feet;

(e) that is solidly constructed without any gaps that would permit the entry of a ball 1½ inches in diameter; and

(f) that is equipped with a light that is readily visible to the hoist-operator that indicates when the gate is closed,

and a landing at the bottom of the hoistway shall have,

(g) a gate in conformity with clauses *c*, *d*, *e* and *f*; or

(h) one or more red light bulbs,

(i) so located that at least one red light bulb is visible to a person approaching the hoistway from a tunnel or from the lower end of a stair or ladder, and

(ii) controlled by a switch readily accessible to a shaft attendant.

(2) Except when a conveyance is stationary at a landing, the gate prescribed in subsection 1 shall be kept closed at all times.

(3) The red light bulbs prescribed in clause *h* of subsection 1 shall,

(a) be flashed off and on when hoisting is being carried out; and

(b) at times other than when hoisting is being carried out, be kept on while any person is in a shaft or tunnel from which he has access to the hoistway. O. Reg. 419/73, s. 183.

**184.**—(1) Except for a shaft that is less than four feet in depth or is cut in solid rock, the walls of a shaft shall be supported by adequate shoring and bracing in order to prevent their collapse.

(2) The walls of a shaft cut in solid rock shall be supported where necessary by rock bolts, wire mesh or an equally effective method to prevent the spalling of loose rock.

(3) Without limiting the generality of subsection 1, shoring and bracing for a shaft more than twenty feet in depth shall be designed by a professional engineer in accordance with good engineering practice to withstand all loads likely to be applied to the shoring and bracing and constructed in accordance with the design.

(4) Drawings of the shoring and bracing,

(a) bearing the signature and seal of the professional engineer; and

- (b) showing the size and specifications of the shoring and bracing, including the type and grade of all materials to be used in its construction,

shall be submitted to the Director in duplicate before construction of the shoring and bracing.

(5) Without limiting the generality of subsection 1, the walls of a square or rectangular shaft of not more than twenty feet in depth and not more than ten feet long in any side shall be fully sheathed with Number 1 Grade spruce planks at least two inches thick and six inches wide placed side by side and supported by wales and struts of Number 1 structural Grade spruce which are,

- (a) located not more than four feet apart vertically;
  - (b) where the shaft is not more than nine feet in depth, not less than six inches by six inches;
  - (c) where the shaft is more than nine feet but not more than fourteen feet in depth, not less than eight inches by eight inches;
  - (d) where the shaft is more than fourteen feet but not more than twenty feet in depth, not less than ten inches by ten inches; and
  - (e) adequately supported by vertical posts extending to the bottom of the shaft.
- O. Reg. 419/73, s. 184.

#### HOISTING

**185.**—(1) All parts of a hoisting apparatus, including cables, brakes, guides and fastenings shall be adequately designed and constructed and shall be capable of being conveniently inspected.

(2) All safety devices on a hoisting apparatus shall be tested before a conveyance is initially put into service on a project and at least once every three months thereafter to ensure that they will function and a record of the tests shall be kept available for inspection.

(3) Every hoist drum shall have a flange at each end to retain the hoist rope on the drum. O. Reg. 419/73, s. 185.

**186.**—(1) Subject to subsection 4 of section 190, maximum rates of speed for conveyances transporting persons in a hoistway shall be established by the superintendent and a notice showing the maximum rates shall be posted in a conspicuous place at each hoisting plant.

(2) The maximum number of persons and the maximum weight of material that may be carried safely on a conveyance shall be determined by the superintendent and a notice stating the maximum

number of persons and the maximum weight of material permitted shall be posted in a conspicuous place near each hoistway entrance.

(3) No person shall overload a conveyance.

(4) No person shall operate a hoist in a manner that does not comply with a notice posted in compliance with subsections 1 and 2.

(5) Each shaft attendant shall be nineteen years of age or over and shall be designated by the superintendent.

(6) At least one shaft attendant shall be on duty at the top of the shaft where a hoist is being used or where any person is within the confines of the shaft or a tunnel connected to the shaft.

(7) The superintendent shall ensure that a shaft attendant is able to communicate by voice or by a system of pre-arranged signals with the hoist operator and with any other attendant in the shaft.

(8) A shaft attendant shall,

- (a) give the operator the necessary signals for starting and stopping the hoist; and
- (b) warn workmen of any hazard in or near the shaft and as far as is practicable remove any such hazard.

(9) The superintendent shall designate a person to be available at the bottom of a shaft and, where necessary, designate a person to be available at any other landing in the shaft to control the movement of materials to and from the conveyance.

(10) Only persons designated under subsection 9 shall control the movement of materials to and from the conveyance. O. Reg. 419/73, s. 186.

**187.**—(1) No person shall operate a hoist unless he is qualified by training and experience to do so.

(2) No person shall enter or remain in the machine room of a hoist unless his duties require him to be there. O. Reg. 419/73, s. 187.

**188.**—(1) A hoist operator shall,

- (a) keep a careful watch over the hoist and all machinery associated with the hoist to detect any hazardous condition;
- (b) familiarize himself with and use the signal code established for the hoist;
- (c) not operate the hoist unless it is provided with,
  - (i) indicators indicating the position of the conveyance, and

- (ii) brakes and distance markers on the hoisting ropes and cables;
- (d) not converse with anyone while the hoist is in motion or signals are being given to him;
- (e) not operate the hoist at a speed greater than the maximum speed established for the hoist under subsection 1 of section 186;
- (f) inspect all hoisting machinery and safety appliances connected to the hoisting machinery at least once a day and report any defects forthwith to the superintendent;
- (g) not carry any load by a hoist where the hoist has been stopped for repairs unless he has,
  - (i) run the empty conveyance up and down the shaft at least once after the repairs have been made; and
  - (ii) satisfied himself that the hoist and shaft are safe;
- (h) except where it is necessary to operate the hoist for the purpose of work in the compartment not operate the hoist in any compartment of a shaft while work is being done in the compartment; and
- (i) not turn over the controls of the hoist to another person while a conveyance is in motion. O. Reg. 419/73, s. 188.

**189.**—(1) No person shall ride in a conveyance in a shaft where materials or equipment other than hand tools or similar small objects are being conveyed.

(2) The path of travel of an object being hoisted or lowered from or into a shaft by a crane shall not pass over a manway unless the manway is protected by overhead protection as prescribed by section 22.

(3) Where a person enters or leaves a bucket while it is over the opening at the top of a shaft, the opening at the top of the shaft shall be covered by a hinged door that opens upward. O. Reg. 419/73, s. 189.

**190.**—(1) No person shall ride in a bucket or similar conveyance in a shaft except,

- (a) when the shaft is being constructed through solid rock; or
- (b) for the purpose of inspecting a hoistway where no other means of access to the parts of the hoistway to be inspected is available.

(2) A bucket used for conveying persons shall,

- (a) not be self-opening;
  - (b) not be less than four feet in depth; and
  - (c) have smoothly contoured outer surfaces to prevent the bucket from tipping or becoming snagged by any obstacle during hoisting or lowering.
- (3) A pivoted bucket used for conveying persons that is manually dumped and is not self-guided shall,
- (a) be equipped with a lock to prevent tipping; and
  - (b) be so pivoted that it will not automatically invert when the lock is released.
- (4) A bucket used for conveying persons which is not controlled by a crosshead running in vertical guides shall not be hoisted and lowered at a rate of speed greater than 100 feet per minute. O. Reg. 419/73, s. 190.

**191.** No person shall ride in a skip unless,

- (a) he is in the skip to inspect guide rails or shaft supports; and
- (b) the skip is protected by an overwind device to prevent the skip being hoisted to the dumping position. O. Reg. 419/73, s. 191.

**192.**—(1) A service shaft which is to be over 100 feet in depth when completed shall have a hoist with a conveyance, consisting of a cage or car, suitable for the hoisting and lowering of workmen.

(2) The hoist and conveyance referred to in subsection 1 shall be installed as soon as is practicable.

(3) Subject to subsection 4, the hoist referred to in subsection 1 shall,

- (a) have a headframe that is,
  - (i) electrically grounded for protection against lightning; and
  - (ii) designed by a professional engineer;
- (b) have guides to control the movement of the conveyance;
- (c) have a device to stop the conveyance when it runs beyond the limit of its normal travel; and
- (d) have a brake on the hoisting machine that will stop and hold the conveyance automatically if the hoisting power fails.

(4) Where a shaft is in solid rock, it may be excavated to a depth of not more than 100 feet

before the headframe and guides are installed.  
O. Reg. 419/73, s. 192.

**193.**—(1) Subject to subsections 2 and 3, every conveyance used for conveying persons in a shaft shall be provided with a suitable device that will automatically operate to prevent the conveyance from falling if the cable breaks or becomes slack and such device shall be capable of holding the conveyance stationary under its capacity load of persons.

(2) Subsection 1 does not apply to the lowest sixty feet of the run of a conveyance during the construction of a shaft in solid rock.

(3) Subsection 1 does not apply to a bucket operated in compliance with section 190 or to a skip operated in compliance with section 191.

(4) A device shall be installed to warn the hoist operator where a conveyance carrying persons in a shaft has reached the normal limit of its travel.  
O. Reg. 419/73, s. 193.

**194.** A cage or car for conveying persons in a service shaft shall,

- (a) be six feet or more in height;
- (b) be solidly enclosed except for the means of access or egress;
- (c) have not more than two means of access or egress;
- (d) have a gate at an opening forming a means of access or egress that,
  - (i) does not open outward,
  - (ii) extends the full width of the opening from within two inches of the floor level of the conveyance to a height of at least six feet, and
  - (iii) is solidly constructed without any gaps that would permit the entry of a ball  $1\frac{1}{2}$  inches in diameter; and
- (e) have a protective cover which,
  - (i) is of sufficient size and strength to protect persons in the conveyance from the hazard of falling objects, and
  - (ii) has a trap door for emergency access not less than twenty-four inches by twenty-four inches. O. Reg. 419/73, s. 194.

## TUNNELS

**195.**—(1) Clear space shall be provided in tunnels sufficient for the passage of vehicles and the movement of persons.

(2) Without limiting the generality of subsection 1, the diameter of a circular or elliptical tunnel and the width and height of a square or rectangular tunnel shall be at least 30 inches and there shall be at least eighteen inches of clear space between one side of the tunnel and the nearer side of any trackless haulage equipment that is being used or of any locomotive, haulage car or machine operating on a track. O. Reg. 419/73, s. 195.

**196.**—(1) Except for a tunnel cut in solid rock, the sides and roof of a tunnel shall be adequately supported by,

- (a) timbers set on ribs or beams; or
- (b) a system of lining as effective as that referred to in clause a.

(2) The sides and roof of a tunnel cut in solid rock shall,

- (a) be supported where necessary by rock bolts, wire mesh or an equally effective method to prevent the spalling of loose rock; and

- (b) be inspected daily by a competent person,

and all loose pieces of rock shall be removed from the sides and roof.

(3) Where the permanent lining of a tunnel is to consist of a primary lining and a secondary lining, the primary lining shall have sufficient strength to support the sides and roof of the tunnel until the secondary lining is installed.

(4) Where the permanent lining of a tunnel consists only of a concrete cast-in-place lining, the tunnel shall not be excavated beyond the leading edge of the permanent lining unless adequate temporary shoring is installed as soon as is practicable. O. Reg. 419/73, s. 196.

## TUNNEL EQUIPMENT

**197.** Except where the controls have been placed in the neutral position and the brakes have been set or other measures taken to prevent movement, no haulage locomotive, trackless haulage equipment or hoist in a shaft or tunnel shall be left unattended. O. Reg. 419/73, s. 197.

**198.**—(1) A haulage locomotive shall,

- (a) have suitable brakes; and
- (b) be so designed that,

- (i) its controls can be operated only by a person at the driver's station; and
- (ii) power will be cut off from the driving mechanism unless the control regulating the power is continuously operated by the driver; and

(c) be equipped with an audible bell.

(2) The driver shall sound the bell prescribed by clause *c* of subsection 1 when the locomotive approaches any person. O. Reg. 419/73, s. 198.

**199.**—(1) Track for haulage equipment shall be securely fastened to the ties on which it is laid.

(2) Where the ties referred to in subsection 1 interfere with the use of the bottom of the tunnel as a walkway, a solid walkway at least twelve inches wide shall be provided. O. Reg. 419/73, s. 199.

**200.** A device shall be installed to prevent uncontrolled travel by a haulage car. O. Reg. 419/73, s. 200.

**201.**—(1) The air inlet to an air compressor shall be located in such a position that no fumes or noxious contaminants are drawn in with the air to be compressed.

(2) Every vessel used for storing compressed air shall be equipped at its lowest point with a valve to permit the discharge of the compressed air stored in the vessel and the valve shall be opened at least once each shift for the purpose of ejecting oil, water and other matter. O. Reg. 419/73, s. 201.

**202.**—(1) Pumping equipment,

(a) of sufficient capacity to handle the pumping requirements of the project; and

(b) connected to an adequate source of energy,

shall be provided.

(2) Where necessary to permit a workman to evacuate the project in the event of an emergency, sufficient spare pumping equipment and an alternative source of energy shall be provided.

(3) Every tunnel and shaft shall be kept reasonably free of water at all times that a workman is required to be in the tunnel or shaft. O. Reg. 419/73, s. 202.

**203.** Except where the Director has given written permission to the constructor for the use of the internal combustion engine, no internal combustion engine shall be in a tunnel. O. Reg. 419/73, s. 203.

#### EXPLOSIVES

**204.**—(1) Where explosives or blasting agents are being transported on any vehicle or conveyance,

no other goods or materials shall be transported on the vehicle or conveyance.

(2) Detonators shall not be transported in the same conveyance as other explosives or blasting agents.

(3) Where mechanical track haulage is used in a tunnel, explosives or blasting agents shall not be transported on the locomotive.

(4) Where explosives or blasting agents are being transported by mechanical haulage, including trackless equipment in a tunnel,

(a) uninterrupted and clear passage of travel for the vehicle or conveyance shall be provided;

(b) the vehicle or conveyance shall be conspicuously marked by suitable signs or red flags easily visible from front and rear;

(c) the explosives or blasting agents shall be in a wood box or be separated by a wood lining from any metal part of the vehicle or conveyance;

(d) the explosives or blasting agents shall be so arranged, secured or fastened to prevent any part of the explosives or blasting agents from being dislodged;

(e) the speed of the vehicle or conveyance shall not exceed 4 miles per hour;

(f) the vehicle or conveyance shall not be left unattended; and

(g) only those persons necessary for the handling of the explosives or blasting agents shall travel on the vehicle or conveyance. O. Reg. 419/73, s. 204.

**205.** Where explosives or blasting agents are to be transported in a shaft, the person in charge of the blasting operations shall ensure that the hoist operator and the shaft attendants are notified that explosives or blasting agents are to be transported before the explosives or blasting agents are put in the conveyance. O. Reg. 419/73, s. 205.

**206.** Drilling or charging operations in a shaft or tunnel shall not be carried on simultaneously,

(a) on the same face above or below each other; or

(b) within a twenty-five foot horizontal distance from each other. O. Reg. 419/73, s. 206.

**207.** A workman who,

(a) is engaged in a blasting operation; or

- (b) is in an area from which his means of egress passes the place where the blasting is to be done,

shall carry a flashlight where the place where the blasting is to be done or the area referred to in clause *b* is inadequately lit or is artificially lit. O. Reg. 419/73, s. 207.

**208.** All explosives and blasting agents shall be fired electrically. O. Reg. 419/73, s. 208.

**209.**—(1) Where no shot is heard and a faulty circuit is indicated, the blaster shall,

- (a) lock the blasting circuit in the open position;
- (b) short-circuit the lead wires; and
- (c) after completing the operations in clauses *a* and *b*, repair the circuit.

(2) Where a shot is heard no person shall, within ten minutes of the time at which the blasting circuit is closed,

- (a) leave his place of refuge; or
- (b) return to the blast area.

(3) Any suspected misfire of explosives or blasting agents shall be reported to the superintendent.

(4) Any charge of explosives or blasting agents that has misfired shall be left in place and within a reasonable time blasted. O. Reg. 419/73, s. 209.

**210.** When a blasting operation is completed, the blaster shall,

- (a) lock the switch in the open position;
- (b) short-circuit the lead wires; and
- (c) lock the blasting box. O. Reg. 419/73, s. 210.

**211.**—(1) Where the source of current for blasting is a portable direct-current battery or a blasting machine, the firing cables or wires shall not be connected to the source of current until immediately before they are required for firing the charges and shall be disconnected immediately after the firing.

(2) The firing cables or wires leading to a face shall be short-circuited while the leads from the blasting caps are being connected to each other and to the firing cables.

(3) A short-circuit shall not be removed until the blaster and other persons have retreated from the face and shall be so located that should a premature explosion occur it would not endanger the person opening the short-circuit.

(4) A short-circuit shall be replaced immediately after the firing cables or wires have been disconnected from the blasting machine or the blasting switch has been opened.

(5) Separate firing cables or wires for firing charges shall be used for each working location.

(6) Where firing cables or wires are used in the vicinity of power or lighting cables, the blaster shall take adequate precautions to prevent the firing cables or wires from coming in contact with the power or lighting cables. O. Reg. 419/73, s. 211.

**212.** Except for a portable hand-operated device, a device used for firing charges shall be arranged so that,

- (a) the switch mechanism will automatically return by gravity to the open position;
- (b) the live side of the device is installed in a fixed locked box which is accessible only to an authorized blaster;
- (c) the leads to the face are short-circuited when the contacts of the electric blasting device are in the open position; and
- (d) the box in which the electric blasting device and the short-circuiting device are mounted,
  - (i) has a lock; and
  - (ii) cannot be closed unless the contacts of the electric blasting device are open and the short-circuiting device is in place. O. Reg. 419/73, s. 212.

**213.** Except for a hand-held portable blasting device, a circuit used for blasting shall be from an isolated ungrounded power source and shall be used only for blasting. O. Reg. 419/73, s. 213.

#### VENTILATION

**214.** An adequate quantity of fresh air shall be circulated throughout working places underground. O. Reg. 419/73, s. 214.

**215.** All areas underground where workmen are not protected by adequate,

- (a) mechanical ventilation; or
- (b) respiratory equipment,

shall be tested at regular intervals to detect the presence of any noxious or toxic gas, fume or dust. O. Reg. 419/73, s. 215.

**216.** An area underground where mechanical ventilation is provided or respiratory equipment is

being worn shall be tested at regular intervals by a competent person to ensure that the mechanical ventilation or the respiratory equipment is adequate. O. Reg. 419/73, s. 216.

**217.** Except where the noxious gas or fume is discharged outside the shaft in such a way as to prevent its return to the shaft, where an internal combustion engine or other device which emits a noxious gas or fume is in a shaft, adequate mechanical ventilation shall be provided. O. Reg. 419/73, s. 217.

### PART III

#### WORK IN COMPRESSED AIR

**218.** Except for divers or persons working in diving bells, this Part applies to work in compressed air. O. Reg. 419/73, s. 218.

**219.** In this Part,

- (a) "air lock" means a chamber designed for the passage of persons or material or both persons and material from one place to another place having a different air pressure;
- (b) "compressed air" means air mechanically raised to a pressure higher than atmospheric pressure;
- (c) "decompression sickness" means a condition of bodily malfunction caused by a change from a higher air pressure to a lower air pressure and includes the condition commonly known as the bends;
- (d) "medical lock" means a chamber in which persons may be subject to changes of air pressure for medical purposes;
- (e) "pounds" means pounds per square inch above atmospheric pressure; and
- (f) "working chamber" means the part of a project that is used for work in compressed air, but does not include an air lock or a medical lock. O. Reg. 419/73, s. 219.

#### GENERAL

**220.** No person shall begin any work at a project where he proposes to subject a workman to compressed air or where a workman may be subjected to compressed air, unless the person has notified the Director at least fourteen days before beginning the work and has received the Director's written permission for the work. O. Reg. 419/73, s. 220.

**221.** One air lock shall be provided for each working chamber. O. Reg. 419/73, s. 221.

**222.—(1)** Where work in compressed air is to be carried out on a project only a person who has had practical experience with work in compressed air shall be designated as superintendent of the project.

(2) A superintendent shall,

- (a) before a workman is first subjected to compressed air, ensure that the workman is fully instructed in the hazards of compressed air and in the measures to be taken to safeguard the workman's health and safety and the health and safety of other workmen on the project and shall obtain from the workman receiving the instruction as acknowledgment signed by the workman that he has received the instruction;
- (b) designate for each work shift at least one competent workman as a lock tender to attend to the controls of an air lock; and
- (c) ensure that while a workman is in compressed air, a competent workman in addition to the lock tender is available to perform the duties of a lock tender in an emergency.

(3) Subject to subsection 4 a lock tender shall tend only one lock at a time.

(4) A lock tender may tend two locks at a time where the locks are in close proximity and the pressure in each working chamber does not exceed fourteen pounds. O. Reg. 419/73, s. 222.

#### COMPRESSORS FOR AIR SUPPLY

**223.—(1)** The superintendent shall designate at least one competent workman to be in charge of and continuously attend to the compressors compressing air for a working chamber and air lock,

- (a) while any person is in compressed air; and
- (b) for twenty-four hours after any person has been in compressed air with a pressure exceeding fourteen pounds.

(2) A workman designated under subsection 1 to be in charge of compressors shall not perform any function other than that of attending to the compressors.

(3) Subject to subsection 4, a workman designated under subsection 1 to be in charge of compressors shall hold a subsisting certificate of qualification as a compressor operator under *The Operating Engineers Act*.

(4) Subsection 3 does not apply where,

- (a) the compressors compressing air for a working chamber and air lock,

- (i) are immediately adjacent to a hoist, and
- (ii) the combined brake horsepower of the prime movers of the compressors is seventy-five or less; and

(b) the operator of the hoist,

- (i) is on the project, and
- (ii) holds a subsisting certificate of qualification as a hoisting engineer under *The Operating Engineers Act*. O. Reg. 419/73, s. 223.

**224.** At least two air compressors shall be installed and maintained and shall be of sufficient capacity to ensure that where one unit is not operable the remaining units are capable of supplying the air required for every working chamber and air lock. O. Reg. 419/73, s. 224.

**225.** The energy required to furnish compressed air to working chambers and locks shall be readily available from at least two independent sources. O. Reg. 419/73, s. 225.

**226.**—(1) Every compressor for a working chamber or air lock shall be so constructed as to ensure that lubricating oil is not discharged with the air the compressor supplies.

(2) Air supplied for use in a working chamber or air lock shall be clean and free from moisture, oil or other contaminants. O. Reg. 419/73, s. 226.

**227.**—(1) Air supplied to a working chamber or air lock shall be kept, as far as is practicable, between 50° Fahrenheit and 80° Fahrenheit.

(2) Subject to subsection 3, no workman shall work or be permitted to work in a working chamber in which the temperature exceeds,

(a) 80° Fahrenheit; or

(b) the temperature at the entrance to the service shaft above ground,

whichever temperature is the greater.

(3) In no case shall a workman work or be permitted to work in a working chamber in which the temperature exceeds 100° Fahrenheit. O. Reg. 419/73, s. 227.

**228.**—(1) Except where it is necessary for the protection of persons during an emergency, the pressure in a working chamber shall not exceed fifty pounds for more than five minutes.

(2) Where it is necessary for the pressure in a working chamber to exceed fifty pounds for more than five minutes,

- (a) an inspector shall be notified forthwith by telephone, telegraph or in person by the superintendent; and
- (b) the pressure in the working chamber shall be the least possible pressure to meet the emergency. O. Reg. 419/73, s. 228.

#### AIR LOCKS AND WORKING CHAMBERS

**229.** No person shall construct a bulkhead underground that interferes with the free passage of persons from the working face to the air lock. O. Reg. 419/73, s. 229.

**230.** Air locks used for persons shall,

- (a) be at least six feet six inches in height and large enough to accommodate all persons in the working chamber without the persons being in cramped positions; and
- (b) contain a suitable timepiece, thermometer and pressure gauge. O. Reg. 419/73, s. 230.

**231.**—(1) At least two pipes shall supply air to each working chamber and each air lock.

(2) A means of controlling and automatically limiting the maximum air pressure shall be provided for every working chamber and air lock. O. Reg. 419/73, s. 231.

**232.**—(1) At every set of valves controlling the air supply to and discharge from the air lock there shall,

- (a) be a pressure gauge showing the air pressure in the air lock; and
- (b) be a pressure gauge showing the air pressure in the working chamber.

(2) Separate valves controlling the air supply and discharge shall be provided inside and outside the air lock. O. Reg. 419/73, s. 232.

**233.** Where a device is installed for the purpose of effecting automatic compression and decompression in an air lock for persons, a manual means of controlling the air pressure in the lock shall be provided in case of emergency or failure of the automatic device. O. Reg. 419/73, s. 233.

**234.** An air lock for persons shall have a gauge which will provide a permanent record of air pressures in the lock showing the amount of change in the air pressure at intervals of not greater than one minute. O. Reg. 419/73, s. 234.

**235.**—(1) A pressure gauge which,

- (a) is readable from the working chamber side of an air lock; and

(b) shows the pressure in the air lock,

shall be provided.

(2) A working chamber shall contain,

(a) a portable pressure gauge; and

(b) a thermometer,

within ten feet of the working face.

(3) Except for a portable pressure gauge, a pressure gauge shall,

(a) have fittings to provide for the attachment of test gauges; and

(b) be tested daily for accuracy. O. Reg. 419/73, s. 235.

**236.** Where any part of the working chamber is located vertically below the door or bulkhead leading to a vertical air lock in a shaft or caisson, a blow stack shall be provided and the blow stack shall,

(a) be at least four inches in diameter;

(b) extend from inside the working chamber to above ground;

(c) pass vertically through,

(i) the air lock, or

(ii) the bulkhead between the working chamber and air at atmospheric pressure; and

(d) have an outlet above ground that,

(i) has a valve at least four inches in diameter,

(ii) is readily accessible, and

(iii) is clearly marked with a sign reading, "BLOW STACK—TO BE USED ONLY IN CASE OF EMERGENCY". O. Reg. 419/73, s. 236.

**237.**—(1) Water from the floor of a working chamber or an air lock shall be drained by,

(a) a pipe; or

(b) a mop line,

of an inside diameter of not less than two inches and where necessary a pump shall be provided.

(2) At least one inlet with a valve to a pipe or a mop line shall be located,

(a) in the air lock;

(b) within fifty feet of the working face; and

(c) at intervals of not more than 100 feet for the entire length of the working chamber.

(3) An inlet shall be diverted downwards.

(4) An outlet from an air lock shall discharge downwards under atmospheric pressure. O. Reg. 419/73, s. 237.

**238.**—(1) Subject to subsection 3, an air lock shall be provided with an ancillary air lock which,

(a) can be pressurized independently of the primary air lock;

(b) has a door into the primary air lock or into the working chamber; and

(c) has a door to air at atmospheric pressure.

(2) Except in an emergency, a door in an ancillary air lock to air at atmospheric pressure shall be kept open at all times.

(3) Subsection 1 does not apply to an air lock in a shaft or closed caisson which has a positive means for closing the door to the working chamber which can be operated from the atmospheric side of the air lock. O. Reg. 419/73, s. 238.

**239.**—(1) Subject to subsection 2, where an air lock for persons is not being used, the door between the air lock and the working chamber shall be kept open.

(2) Subsection 1 does not apply to the door between an ancillary air lock and the working chamber.

(3) Every air lock door shall be fitted with a transparent observation window. O. Reg. 419/73, s. 239.

**240.** An air lock shall be provided with as many seats as are practicable in the space available. O. Reg. 419/73, s. 240.

**241.**—(1) Radiant heating shall be provided in an air lock for persons.

(2) The temperature in an air lock for persons shall not exceed 80° Fahrenheit. O. Reg. 419/73, s. 241.

#### COMMUNICATIONS

**242.** Direct communication by telephone shall be maintained at all times between the working chamber, the air lock, the entrance to the air lock from the atmospheric side, the compressor house and the superintendent's office. O. Reg. 419/73, s. 242.

**LIGHTING**

**243.**—(1) An electrical lighting system in an area under compressed air shall have an auxiliary source of power that will activate the system when the primary source fails.

(2) An adequate supply of electrical flashlights for emergency use shall be kept at the entrance to each air lock on the atmospheric side and in each air lock. O. Reg. 419/73, s. 234.

**WORKING PERIODS AND REST PERIODS**

**244.**—(1) Working periods shall not exceed the time set out in columns 2 and 4 and rest periods shall not be less than the time set out in columns 3 and 5 of the following Table for the maximum air pressure set out opposite thereto in Column 1 of the following Table:

Maximum Air Pressure during a Working Period in Pounds	Maximum Hours in First Working Period	Minimum Hours in Rest Period between Working Periods	Maximum Hours in Second Working Period	Minimum Hours in Rest Period after Second Working Period
COLUMN 1	COLUMN 2	COLUMN 3	COLUMN 4	COLUMN 5
Above atmospheric but not exceeding 14	3¾	1¼	3¾	¼
Over 14 but not exceeding 20	3	2¼	3	¾
Over 20 but not exceeding 26	2	3½	2	1½
Over 26 but not exceeding 32	1½	4½	1½	1½
Over 32 but not exceeding 38	1	5	1	2
Over 38 but not exceeding 44	¾	5½	¾	2
Over 44 but not exceeding 50	½	6	½	2

(2) No workman shall work for more than two working periods in any consecutive twenty-four hour period. O. Reg. 419/73, s. 244.

**245.**—(1) The times prescribed in columns 3 and 5 of the Table in subsection 1 of section 244 include the time the person spends in the air lock while being decompressed.

(2) Where the length of a work period is less than the time set out in the Table in subsection 1 of section 244 for a particular air pressure, the length of the subsequent rest period may be reduced proportionately. O. Reg. 419/73, s. 245.

**246.** The period between the end of the second working period in a shift and the beginning of the first working period in the next shift shall not be less than twelve hours. O. Reg. 419/73, s. 246.

**247.** No workman shall perform manual labour, exert himself physically or leave the project during his rest period. O. Reg. 419/73, s. 247.

**248.** A legible copy of the Table in section 244 shall be kept posted in the air lock, at the controls outside the air lock and in the change room. O. Reg. 419/73, s. 248.

**249.**—(1) Subject to section 250, no workman who has been in air pressure greater than atmospheric air pressure for more than five minutes shall subject himself or be subjected to a lower air pressure unless he is decompressed down to atmospheric pressure as follows:

1. Where the maximum air pressure upon such workman is less than six pounds, the pressure shall be reduced to atmospheric air pressure at a rate not exceeding five pounds per minute.

2. Where the maximum air pressure upon such workman is six pounds or more, the pressure shall be reduced in three stages as follows:
- i. The first stage shall be from maximum air pressure to one-half the maximum air pressure, at a rate not exceeding five pounds per minute.

ii. The second stage shall be from one-half the maximum air pressure to one-quarter the maximum air pressure, at a rate not exceeding two pounds per minute.

iii. The third stage shall be from one-quarter the maximum air pressure

to atmospheric air pressure, at a rate not exceeding,

(a) one-half pound per minute where the maximum air pressure is not over twenty pounds; or

(b) one-quarter pound per minute where the maximum air pressure is over twenty pounds and does not exceed fifty pounds.

(2) Where three stages of decompression are necessary, a legible copy of the following form completed in accordance with paragraph 2 of subsection 1 shall be posted at the air lock controls and in the air lock.

STAGE PRESSURES AND TIMES OF DECOMPRESSION  
FOR THIS AIR LOCK, NO.....

Decompression Stage 1:

(date)	signature of Project Superintendent

O. Reg. 419/73, s. 249.

250. The rates of decompression prescribed in section 249 may be doubled if,
- (a) the workman being decompressed has been subjected to pressure of not more than thirty pounds for not more than one-half hour and has performed no manual labour in that time;

(b) the workman has had previous experience with the hazards of compressed air; and

(c) no workman other than a workman meeting the requirements of clauses a and b is in the air lock during the decompression.

O. Reg. 419/73, s. 250.
- 251.—(1) A lock tender shall supervise the controls of an air lock at all times that a workman is about to be, or is being, subjected to compressed air in the air lock or related working chamber.

## (2) A lock tender shall,

- (a) satisfy himself that any workman who enters the air lock in preparation for working in compressed air has been examined in accordance with section 255;
- (b) satisfy himself that the means of air supply, air pressure gauges and controls, lock equipment and other devices necessary for the safe operation of the air lock and protection of workmen using the air lock are in adequate working condition before he permits any workman to enter the air lock;
- (c) while increasing the air pressure upon a workman, increase it uniformly and to no more than five pounds in the first two minutes of application;
- (d) not increase the air pressure upon a workman to more than five pounds until he has ascertained that every workman in the air lock is free from discomfort due to air pressure;
- (e) increase the air pressure above five pounds upon a workman in an air lock at a uniform rate not exceeding five pounds per minute;
- (f) while applying air pressure to a workman, observe that workman and, if the workman shows signs of discomfort and the discomfort does not quickly disappear, thereupon gradually reduce the air pressure until the workman reports that the discomfort has ceased or gradually reduce the air pressure to atmospheric pressure so that the workman can be forthwith released from the air lock;
- (g) while decreasing the air pressure upon a workman,
  - (i) comply with the requirements of section 249,
  - (ii) decrease the pressure uniformly in each stage, and
  - (iii) constantly observe the workman and, if the workman shows signs of discomfort and the discomfort does not quickly disappear, thereupon increase the air pressure until the workman reports that the discomfort has ceased or until the air pressure in the lock equals the pressure in the working chamber;
- (h) where any workman in the lock appears to be suffering from decompression sickness notify, and follow the instructions of, the project physician, the superintendent or the superintendent's assistant;
- (i) where any workman in the lock appears to be injured or to be unwell from a cause unrelated to air pressure, notify and follow the instructions of the project physician and, except where otherwise instructed by the project physician, decompress in accordance with section 249;
- (j) not work, or be permitted to work, more than nine hours in twenty-four consecutive hours;
- (k) be able to speak, read and write English competently; and
- (l) while a workman is being compressed or decompressed, record separately for each air lock,
  - (i) the identity of the air lock,
  - (ii) the identity of the workman,
  - (iii) the time of the beginning and end of each compression or decompression to which the workman is subjected,
  - (iv) the pressure and temperature in the air lock before and after each compression or decompression to which the workman is subjected, and
  - (v) any unusual occurrence respecting the workman, the air lock or any related matter,
 and give the record to the superintendent. O. Reg. 419/73, s. 251.

**252.** Where a workman believes that he has decompression sickness he shall promptly notify,

- (a) his superintendent or foreman or the project physician; or
- (b) if the workman is under air pressure, the lock tender. O. Reg. 419/73, s. 252.

**253.** The superintendent shall report to the Director,

- (a) at least weekly, every case of decompression sickness; and
- (b) forthwith by telephone, telegram or other direct means any case of decompression sickness that does not respond of first-aid treatment;

and, in the report, indicate,

- (c) the pressure to which the workman was subjected;

- (d) the length of time he was subjected to such pressure;
- (e) the nature of the medical treatment he received; and
- (f) the degree of his recovery. O. Reg. 419/73, s. 253.

#### MEDICAL FACILITIES

**254.** The constructor of a tunnel or caisson in which workmen work in compressed air shall employ one or more legally qualified medical practitioners as project physicians,

- (a) to be reasonably available to render medical services or advice while any workman is working in compressed air;
- (b) to visit the project at least once every day in which workmen work in compressed air; and
- (c) where, under section 228, the pressure in a working chamber may exceed fifty pounds for more than five minutes, to establish, in accordance with the medically acceptable procedures for the control of decompression sickness,
  - (i) the maximum hours of the working periods,
  - (ii) the minimum hours of the rest periods, and
  - (iii) the compression and decompression procedures. O. Reg. 419/73, s. 254.

**255.—(1)** Subject to subsection 2, no workman shall work or be permitted to work in compressed air unless,

- (a) he has completed two copies of Form 2 showing his pre-employment history and has given both copies to the project physician; and
- (b) the project physician has,
  - (i) satisfied himself that Form 2 has been accurately completed,
  - (ii) examined the workman within two months previous to the workman commencing work in compressed air,
  - (iii) certified on a medical record in Form 1 that the workman is physically fit to work in compressed air, and
  - (iv) informed the workman of the precautionary measures that the work-

man should take in order to safeguard himself from injury when working in compressed air.

(2) Subsection 1 does not apply to an inspector or to a workman accompanying an inspector at the request of the inspector.

(3) The examination required under paragraph ii of clause b of subsection 1 shall include,

- (a) an X-ray examination of,
  - (i) the chest,
  - (ii) the shoulder joints, and
  - (iii) the hip joints,

based on films made within the previous eighteen months; and

- (b) where the workman being examined has not previously worked in compressed air, a test under air pressure.

(4) Where the project physician conducts an examination under paragraph ii of clause b of subsection 1 he shall,

- (a) make a record of the examination in Form 3 indicating the result of the examination;
- (b) complete Form 1 and deliver it to the superintendent;
- (c) retain a copy of each of forms 2 and 3 for inspection; and
- (d) send a completed copy of Form 2 and Form 3 to the Ministry of Health. O. Reg. 419/73, s. 255.

**256.** Where a workman is absent from work in compressed air for ten or more successive days because of illness, he shall not resume work in compressed air until the project physician has certified in Form 1 that the workman is physically fit to resume work in compressed air. O. Reg. 419/73, s. 256.

**257.—(1)** The superintendent shall keep available for inspection,

- (a) all completed copies of Form 1 with respect to all workmen who have been examined by the project physician for work in compressed air;
- (b) all records of air pressure in the air locks required under section 234; and
- (c) all records required to be kept by the lock tender under clause l of subsection 2 of section 251.

(2) Upon completion of work in compressed air the superintendent shall send forthwith to the Director all completed copies of Form 1. O. Reg. 419/73, s. 257.

**258.** Where a workman is working in compressed air or about to work in compressed air and he does not feel well for any reason, he shall report the fact as soon as is practicable to the superintendent or the project physician. O. Reg. 419/73, s. 258.

**259.** A constructor at a project in which work is performed in compressed air shall supply at least one medical lock and maintain it ready for operation at all times during the period of the work. O. Reg. 419/73, s. 259.

**260.**—(1) The treatment of workmen in a medical lock shall be under the control of the project physician.

(2) While any workman is in compressed air and for twenty-four hours thereafter, one or more workmen experienced in decompressing workmen suffering from decompression sickness shall,

- (a) be on the project, where the pressure exceeds fourteen pounds; and
- (b) be readily available, where the pressure is fourteen pounds or less. O. Reg. 419/73, s. 260.

**261.** A medical lock shall have a subsisting certificate of inspection under *The Boiler and Pressure Vessels Act* for a working pressure of at least seventy-five pounds. O. Reg. 419/73, s. 261.

**262.**—(1) A medical lock shall be divided into two pressure compartments and shall be not less than six feet in height at its centre line.

(2) Each compartment of a medical lock shall be provided with air valves so arranged that the compartment can be pressurized and depressurized from inside and outside the lock. O. Reg. 419/73, s. 262.

**263.** An observation window shall be installed in each door and in the rear wall of a medical lock. O. Reg. 419/73, s. 263.

**264.** A medical lock shall,

- (a) be adequately lit and ventilated;
- (b) be kept in a clean and sanitary condition;
- (c) be maintained for use at a temperature of not less than 65° Fahrenheit;
- (d) be provided with a pressure gauge, thermometer, telephone, cot, seating and a radiant heater; and

(e) be provided with,

- (i) a mattress for the cot,
- (ii) a mattress cover,
- (iii) blankets,

made of material that is not readily flammable. O. Reg. 419/73, s. 264.

**265.** A first aid room shall be provided in close proximity to each medical lock and shall contain,

- (a) all medical and other equipment necessary for first aid; and
- (b) adequate facilities for a medical examination. O. Reg. 419/73, s. 265.

#### HOT DRINKS

**266.**—(1) A constructor shall, at his own expense, supply sugar and hot beverages for workmen working in compressed air, during rest periods.

(2) Containers and cups for the beverages required under subsection 1 shall be maintained in a clean and sanitary condition and kept stored in a closed container. O. Reg. 419/73, s. 266.

#### IDENTIFICATION BADGES

**267.**—(1) Every workman shall wear, for at least twenty-four hours after working in compressed air, a sturdy metal badge at least two inches in diameter stating,

- (a) the name of the constructor;
- (b) the name and telephone number of the project physician;
- (c) the location of the medical lock at the project;

and displaying the words, "COMPRESSED AIR WORKER—IN CASE OF DECOMPRESSION SICKNESS TAKE IMMEDIATELY TO A MEDICAL LOCK".

(2) The badge required under subsection 1 shall be provided by the constructor. O. Reg. 419/73, s. 267.

#### SANITATION

**268.** Where practicable, a working chamber shall be provided with,

- (a) a reasonable supply of potable drinking water; and
- (b) at least one chemical toilet. O. Reg. 419/73, s. 268.

## FIRE PREVENTION

**269.**—(1) No acetylene shall be used for any purpose in compressed air.

(2) No person shall smoke or be permitted to smoke in an air lock, medical lock or working chamber. O. Reg. 419/73, s. 269.

## NOTICE TO PUBLIC AUTHORITIES

**270.**—(1) Before any workman is subjected to compressed air, the constructor shall,

- (a) give to the local police department, nearest fire department and the nearest public hospital a written notice setting out,
  - (i) the location of the project,
  - (ii) the hazards peculiar to work in compressed air,
  - (iii) the name, address and telephone number of the project physician and the superintendent, and
  - (iv) the location of the project medical lock and any other medical lock that is readily available; and
- (b) send forthwith to the Director a copy of the notice required under clause *a* together with the names and addresses of the police department, fire department and hospital to which the notice was given.

(2) Where work in compressed air is completed the constructor shall give notice of the completion of the work to the police department, fire department and hospital to which the notice under subsection 1 was given. O. Reg. 419/73, s. 270.

## PART IV

**271.** This Part applies to all trenches. O. Reg. 419/73, s. 271.

## INTERPRETATION

**272.** In this Part,

- (a) "cleat" means a member of shoring and timbering that directly resists the downward movement of a wale or a strut;
- (b) "post" means a vertical member of shoring and timbering that acts as a spacer between wales;
- (c) "prefabricated support system" means a trench box, trench shield or similar structure composed of members connected to one

another that is designed to resist the pressure from the walls of a trench and is capable of being moved as a unit;

- (d) "sheathing" means the vertical members of shoring and timbering that are placed up against and directly resist pressure from a wall of a trench;
- (e) "strut" means a transverse member of shoring and timbering that directly resists pressure from a wale or sheathing;
- (f) "support system" means shoring and timbering and includes a prefabricated support system;
- (g) "Type 1 soil" means soil that is hard and solid;
- (h) "Type 2 soil" means soil that may crack or crumble;
- (i) "Type 3 soil" means soil that is loose, soft, sandy or that has been previously excavated;
- (j) "Type 4 soil" means soil that is wet, muddy or will flow easily unless supported immediately after excavation; and
- (k) "wale" means a longitudinal member of shoring and timbering that is placed against and directly resists pressure from sheathing. O. Reg. 419/73, s. 272.

**273.**—(1) Subject to subsections 2 and 3, a wall of a trench shall be adequately supported by a support system that,

- (a) is of sound material; and
- (b) extends at least one foot above the top of the trench.

(2) Where a trench is covered to permit the movement of vehicular traffic when work on the trench is not in progress the support system shall extend at least to the top of the trench.

(3) Subsection 1 does not apply to a part of a trench that,

- (a) is less than four feet in depth;
- (b) no workman is required to enter for any purpose;
- (c) is cut in solid rock;
- (d) has walls that are sloped to within four feet of the bottom of the trench such that the slope does not exceed one foot of vertical rise to each foot of horizontal run; or

(e) has walls that are sloped to within a distance that is more than four feet from the bottom of the trench such that the slope does not exceed one foot of vertical rise to each foot of horizontal run and the unsloped portions of the walls are supported by a support system that,

(i) is of sound material,

(ii) extends at least one foot above the bottom line of the slope, and

(iii) has toeboards to prevent material from falling into the trench. O. Reg. 419/73, s. 273.

**274.**—(1) Subject to subsection 2, a support system shall be installed, as soon as is practicable, along with the excavation of a trench.

(2) A support system may be installed before excavation.

(3) A support system shall be removed from a trench only by a competent person or under the personal supervision of a competent person. O. Reg. 419/73, s. 274.

**275.**—(1) Every trench shall be provided with a ladder or other equally effective means of access and egress and where a ladder is used it shall extend at least three feet above the top of the trench.

(2) In a trench no workman shall,

(a) be more than fifty feet from a means of egress required under subsection 1; or

(b) be required to pass along a path of a trench that is not supported in accordance with section 273 in order to reach a means of egress required under subsection 1. O. Reg. 419/73, s. 275.

**276.** No tool, machinery, timber or other object shall be placed in or kept near to a trench in a manner that may endanger a workman in the trench. O. Reg. 419/73, s. 276.

**277.** Where a trench is in or adjacent to a public way or a private way,

(a) an adequate fence, guard or barricade shall be provided at the top of the trench at all times except when it is necessary to remove the fence, guard or barricade to permit work to be done; and

(b) during the hours of darkness all tools, machinery and excavated or other material that might interfere with vehicular or pedestrian traffic on the public or private way shall be marked by flashing devices or flares. O. Reg. 419/73, s. 277.

**278.** Section 38 and subsections 3, 4 and 5 of section 39 and section 41 apply, *mutatis mutandis* to a trench. O. Reg. 419/73, s. 278.

**279.** Where a trench is not more than twenty-five feet in depth and is not more than twelve feet in width, shoring and timbering shall be in accordance with sections 282 to 287, both inclusive. O. Reg. 419/73, s. 279.

**280.**—(1) Subject to section 281,

(a) shoring and timbering for a trench that is more than twenty-five feet in depth or is more than twelve feet in width; and

(b) a prefabricated support system,

shall,

(c) be designed by a professional engineer in accordance with good engineering practice to provide adequate support for the walls of the trench in which it is to be used; and

(d) be constructed in accordance with the design required under clause c.

(2) Drawings of the support system designed under subsection 1 shall,

(a) show the size and specifications of the support system including the type and grade of all materials to be used in the construction of the support system;

(b) state the maximum depth of the trench and the type or types of soil for which the support system is designed;

(c) bear the signature and seal of the professional engineer referred to in subsection 1; and

(d) be kept at the project at all times that the shoring and timbering is in position or the prefabricated support system is on the project, as the case may be.

(3) Two copies of the drawings and specifications referred to in subsection 2 shall be sent to the Director before the commencement of work on a trench. O. Reg. 419/73, s. 280.

**281.**—(1) Section 280 does not apply to a prefabricated support system when the size, spacing and composition of the members are identical to those of the shoring and timbering prescribed under sections 282 to 287, both inclusive, for the trench in which the prefabricated support system is used.

(2) Where a prefabricated support system is used in a trench, the capacity of the prefabricated support system shall be equal to or greater than

the capacity of the shoring and timbering prescribed for the trench under sections 282 to 287, both inclusive. O. Reg. 419/73, s. 281.

**282.**—(1) Subject to subsection 2, shoring and timbering shall consist of sheathing, struts and wales.

(2) Wales need not be used where a trench does not exceed ten feet in depth and is in Type 1 soil. O. Reg. 419/73, s. 282.

**283.**—(1) The type of the soil in which a trench is excavated shall be determined by the type of the soil at the walls of the trench and within a horizontal distance from each wall equal to the depth of the trench.

(2) Where soil is made up of more than one type of soil it shall be deemed to be that type of soil which is the least solid of the soils it comprises. O. Reg. 419/73, s. 283.

**284.**—(1) Sheathing shall consist of solid planks of Number 1 Grade spruce.

(2) The planks required under subsection 1 shall,

- (a) be vertical;
- (b) be securely held in place against wales or, where wales are not used, be securely held in place against struts;
- (c) subject to subsection 3, be at least two inches thick and eight inches wide; and
- (d) subject to subsection 4, be not more than one-half of an inch apart.

(3) Where a trench is in Type 4 soil and exceeds ten feet in depth, the planks required under subsection 1 shall be at least three inches thick and eight inches wide.

(4) The maximum spacing measured centre to centre for the planks required under subsection 1 shall,

- (a) where a trench is in Type 1 soil, be that spacing set out in column 2 of the following Table; and
- (b) where the trench is in Type 2 soil, be that spacing set out in column 3 of the following Table,

for the depth of trench set out opposite thereto in column 1 of the following Table:

TABLE

COLUMN 1 Depth in Feet	COLUMN 2 Maximum Spacing in feet	COLUMN 3 Maximum Spacing in feet
More than 4 but not greater than 10	4	4
More than 10 but not greater than 15	4	4
More than 15 but not greater than 20	2	

O. Reg. 419/73, s. 284.

**285.**—(1) Wales shall,

- (a) be each composed of a solid piece of Number 1 Structural Grade spruce;
- (b) be parallel to the bottom or proposed bottom of the trench;
- (c) be supported,
  - (i) on cleats spiked to the sheathing,
  - (ii) by posts set on the wale immediately below, or
  - (iii) in the case of the lowest wale, by posts set on the bottom of the trench;
- (d) be spaced at a maximum of 4-foot centres;

(2) The minimum size of a wale shall,

- (a) where the trench is in Type 1, Type 2 or Type 3 soil, be that size set out in column 2 of the following Table; and
- (b) where the trench is in Type 4 soil, be that size set out in column 3 of the following Table,

for the depth of trench set out opposite thereto in column 1 of the following Table:

TABLE

COLUMN 1 Depth in Feet	COLUMN 2 Sizes in Inches	COLUMN 3 Size in Inches
More than 4 but not greater than 10	6 × 6	8 × 8
More than 10 but not greater than 15	8 × 8	10 × 10
More than 15 but not greater than 20	8 × 8	12 × 12
More than 20 but not greater than 25	10 × 10	14 × 14

O. Reg. 419/73, s. 285.

286.—(1) Subject to section 287, struts shall,

- (a) each be composed of a solid piece of Number 1 Structural Grade spruce;
- (b) be horizontal and at right angles to the wales or, where wales are not used, to the sheathing;
- (c) fit tightly between the wales or, where wales are not used, between the sheathing;

### PROVINCE OF ONTARIO

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom, Canada and Her other Realms and Territories Queen, Head of the Commonwealth, Defender of the Faith.

TO ALL TO WHOM THESE PRESENTS SHALL COME,

GREETING:

### PROCLAMATION

WHEREAS by an Act passed at the Second Session of the twenty-ninth Legislature of Ontario convened on the twenty-ninth day of February, 1972, and prorogued on the fifteenth day of December, 1972, intituled "The Insurance Amendment Act, 1972", being Chapter 66 of the Statutes of Ontario, 1972, it is enacted by Section 20 (2) thereof that Section 8 of the said Act shall come into force on a day to be named by Our Lieutenant Governor by his Proclamation;

AND WHEREAS it has appeared expedient that a Proclamation should now issue bringing Section 8 of the said Act into force;

NOW THEREFORE KNOW YE that, having taken the premises into Our Royal consideration, We, by and with the advice of Our Executive Council of Our Province of Ontario and in the

exercise of the power in US vested in this behalf by the said Act or otherwise howsoever, Do, by this Our Royal PROCLAMATION hereby Name Saturday, the first day of September, 1973, as the day on which Section 8 of the said Act intituled "The Insurance Amendment Act, 1972" shall come into force.

OF ALL WHICH PREMISES all Our loving subjects and all others whom it doth or may in anywise concern are hereby required to take notice and govern themselves accordingly.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made patent and the Great Seal of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE WILLIAM ROSS MACDONALD, A Member of Our Privy Council for Canada, Upon whom has been conferred Our Canadian Forces Decoration, A Colonel in Our Canadian Armed Forces Supplementary Reserve and One of Our Counsel Learned in the Law, Doctor of Laws, LIEUTENANT GOVERNOR OF OUR PROVINCE OF ONTARIO,

at our City of Toronto in Our said Province this fourth day of July in the year of Our Lord one thousand nine hundred and seventy-three and in the twenty-second year of Our Reign.

BY COMMAND

JAMES W. SNOW,

130 1st Avenue,  
Rougemont, Quebec.

The Ontario Highway Transport Board, pursuant to Section 17, R.S.O. 1970, Chapter 316 of *The Ontario Highway Transport Board Act*, will review the terms of the certificate pursuant to which extra-provincial operating licence No. X-1173 was issued, and has fixed Thursday, the 13th day of September, 1973, at its Chambers, 67 College Street, Toronto, Ontario, at 10 a.m. (E.D.S.T.) for that purpose.

At the hearing the reviewee will be required to show cause why the certificate should not be amended or revoked by reason of operations contrary to the public interest. The operations are, more specifically, continued disregard of *The Highway Traffic Act*, *The Public Commercial Vehicles Act* and the *Motor Vehicle Transport Act* and the regulations pursuant thereto.

The Board may amend or revoke the terms of the said certificate.

D. S. CHURCH,  
Secretary.

## Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Queen's Printer and Publisher for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Department of Lands and Forests whether or not the land or any part can be purchased or leased from the Department. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

## CORPORATION OF THE CITY OF PETERBOROUGH

To Wit:

BY VIRTUE OF A WARRANT issued by the Mayor of the City of Peterborough, under his hand and seal of the Corporation of the City of Peterborough, bearing date the 6th day of July, 1973, to me directed, commanding me to levy upon and sell the lands mentioned in the following list for arrears of taxes and costs due thereon, I hereby give notice that unless such arrears of taxes and costs are sooner paid I shall, pursuant to the provisions of *The Municipal Act*, proceed to sell by public auction the said lands to discharge such arrears of taxes and costs thereon, at the Council Chambers of the City Hall in the City of Peterborough, on Thursday, the 29th day of November, 1973, at the hour of 2.00 o'clock in the afternoon.

AND NOTICE IS FURTHER GIVEN that in the event of insufficient bids being received to meet such charges and costs together with arrears due of the said lands, an adjourned sale will be held at the same place and at the same hour on Thursday, the 6th day of December, 1973, and that at such adjourned sale it is the intention of the Corporation to purchase such lands as remain unsold.

Dated at Peterborough, Ontario, this 6th day of July, 1973.

D. W. HILL,  
Treasurer, City of Peterborough.

#### THE JUDICATURE ACT

##### O. Reg. 437/73.

Rules of Practice.

Made—June 29th, 1973.

Approved—July 18th, 1973.

Filed—July 19th, 1973.

AMENDMENTS TO REGULATION 545 OF REVISED REGULATIONS OF ONTARIO, 1970, BEING THE RULES OF PRACTICE AND PROCEDURE OF THE SUPREME COURT OF ONTARIO MADE BY THE RULES COMMITTEE ON THE 28TH DAY OF APRIL, 1973, UNDER THE JUDICATURE ACT, TO BE EFFECTIVE SEPTEMBER 1ST, 1973.

1. Rule 61 of Regulation 545 of Revised Regulations of Ontario, 1970, as amended by Ontario Regulation 36/73, is further amended by adding a new sub-rule (3) as follows:

(3) Where issues arise otherwise than between plaintiff and defendant and if any party to any such issue makes default in delivering any pleading, the court may, at the trial or on motion, give such judgment as upon the pleadings seems just.

2. Rule 183 of Regulation 545 of Revised Regulations of Ontario, 1970 is amended by striking out after the words "within the jurisdiction of the Master" the words "that require to be heard immediately or promptly".

3. Rule 498 of Regulation 545 of Revised Regulations of Ontario, 1970, as amended by Ontario Regulation 115/72, is revoked and the following substituted therefor:

**498.** In all cases, other than an appeal from an interlocutory order,

(a) the appeal shall be set down for hearing by filing in the office of the Registrar the notice of motion and proof of service within five days after service. At the same time there shall be left with the Registrar proof that the copies of the evidence required for use upon the appeal have been ordered;

(b) the appellant shall within thirty days after setting down the appeal, or within fifteen days after the evidence is ready, whichever is later, cause to be filed with the Registrar the record, exhibits and evidence, and proof of service of the Appellant's Statement referred to in rule 501, and all such other papers as are necessary for the hearing of the appeal and lodge with the Registrar, in the case of an appeal to the Court of Appeal, five copies and, in the case of an appeal to the Divisional Court, three copies, of the Appellant's Statement referred to in rule 501 and of an appeal book for the use of the court, each appeal book containing in the order shown:

- (i) an index,
- (ii) the notice of appeal,
- (iii) the pleadings,
- (iv) the judgment or order appealed from,
- (v) the reasons for judgment,
- (vi) such of the exhibits filed as are documents or parts of documents and which are material to the hearing of the appeal, in order of the dates of such documents; provided however that documents having common characteristics may be arranged in separate groups in order of their dates, if any,
- (vii) the evidence when not transcribed by a reporter,
- (viii) any other document material to the hearing of the appeal;

(c) the appellant shall contemporaneously with the lodging of the appeal book with the Registrar, serve each of the other parties to the appeal with a copy thereof together with a copy of the evidence. If the evidence has not then been received from the reporter, it shall be served forthwith after it is ready;

(d) where compliance with the rule as to appeal books would cause undue expense or delay, a judge of the appellate court may give special directions;

(e) as soon as the record, exhibits, and proof of service of the Appellant's Statement have been filed, and the appeal book and evidence have been lodged with the Registrar, the appeal shall be deemed to be perfected, and

(i) the Registrar shall forthwith notify all parties to the appeal, by mail, of the date upon which the appeal was so perfected, and

(ii) subject to clause (iii) appeals to the Court of Appeal perfected on or before the last day of any month shall be placed on the list of cases to be heard in the second month thereafter in which appeals are to be heard, and

(iii) appeals to the Court of Appeal perfected in June shall be placed on the list of cases to be heard in September, and

(iv) an appeal to the Divisional Court shall on the fifteenth day after it is perfected be placed on the list of cases to be heard at the appropriate place of hearing;

(f) in county court appeals, where copies of the evidence and of the proceedings at the trial are necessary, a certificate from the judge that such copies have been ordered from the reporter shall be deemed to dispense with the inclusion of such evidence and proceedings in the papers certified, and the appeal may be set down without such copies upon the appellant's solicitor undertaking to deposit them as soon as they are received from the stenographer, and, in case such undertaking is not performed, rule 502 applies and may be enforced.

4. Rule 500 of Regulation 545 of Revised Regulations of Ontario, 1970, as re-enacted by Ontario Regulation 115/72, and amended by Ontario Regulation 36/73, is further amended by striking out after "referred to in" the words "rules 499 and 499B" and substituting "rule 499B" therefor.

5. Rule 501 of Regulation 545 of Revised Regulations of Ontario, 1970, as amended by Ontario Regulation 115/72, is revoked and the following substituted therefor:

501.—(1) In an appeal to an appellate court every appellant shall lodge with the Registrar, in an appeal to the Court of Appeal five, and in an appeal to the Divisional Court three, legible copies of a statement, signed by counsel or by some person specifically authorized by counsel, entitled "Appellant's Statement" containing, under numbered parts, the following:

- I. a concise statement of the relevant facts, with such reference to the evidence by page and line as may be necessary;
- II. the points intended to be argued;
- III. a concise statement of the law relief upon in support of such points; including the cases or authorities intended to be cited;
- IV. a statement of the order that the appellate court will be asked to make.

(2) Every respondent shall lodge with the Registrar a similar number of legible copies of a statement, signed by counsel or by some person specifically authorized by counsel, entitled "Respondent's Statement" containing, under numbered parts, the following:

- I. (a) a statement of the paragraphs (or portions thereof) of the appellant's statement of the relevant facts which the respondent accepts as correct; and of those with which he disagrees;
- (b) a concise statement of any additional facts relied upon with reference to the evidence by page and line;
- II. (a) the position of the respondent with respect to the appellant's points intended to be argued;
- (b) any additional points intended to be argued by the respondent;
- III. a concise statement of the law relied upon, including the cases or authorities intended to be cited;
- IV. a statement of the order that the appellate court will be asked to make.

(3) The paragraphs in a Statement shall be numbered consecutively throughout the Statement.

(4) In an appeal to the Court of Appeal a Respondent's Statement shall be lodged and served upon each of the other parties to the appeal not later than the 20th day of the month preceding the month in which the appeal is listed to be heard.

(5) In an appeal to the Divisional Court the Respondent's Statement shall be lodged and served within or not later than fourteen days after the appeal is perfected.

(6) Where a respondent, has, pursuant to rule 503, given notice of cross-appeal,

- (a) his statement as an appellant by cross-appeal shall be delivered with or incorporated in his Respondent's Statement; and
- (b) the appellant shall deliver his statement as a respondent by cross-appeal within five days from the date on which the Respondent's Statement is due.

(7) An admission contained in a Statement may be withdrawn on the hearing of the appeal with leave of the Court.

(8) In default of compliance with the provisions of this rule, the appeal may be heard *ex parte* or costs may not be awarded to the defaulting party if successful.

6. Sub-rule (1) of rule 502 of Regulation 545 of Revised Regulations of Ontario, 1970, as re-enacted by Ontario Regulation 115/72, is revoked and the following substituted therefor:

(1) If an appeal to an appellate court is not perfected as required within the time prescribed or allowed the respondent may give ten clear days notice to the appellant of an application to the Registrar to have the appeal dismissed as an abandoned appeal, and if he is also an appellant by cross-appeal, he may move before a judge of the appellate court for directions in respect of the cross-appeal.

AMENDMENTS TO REGULATION 545 OF REVISED REGULATIONS OF ONTARIO, 1970, BEING THE RULES OF PRACTICE AND PROCEDURE OF THE SUPREME COURT OF ONTARIO, MADE BY THE RULES COMMITTEE ON THE 4TH DAY OF JUNE, 1973, UNDER THE JUDICATURE ACT.

1. Clause (f) of rule 181 of Regulation 545 of Revised Regulations of Ontario, 1970, as re-enacted by Ontario Regulation 115/72, is amended by striking out "sub-rule 4" and substituting therefor "sub-rule 3".
2. Clause (c) of rule 796 of Regulation 545 of Revised Regulations of Ontario, 1970, as amended by Ontario Regulation 36/73, is further amended by striking out the word "thirty" therein and substituting therefor the word "sixty".

## THE FARM PRODUCTS MARKETING ACT

### O. Reg. 439/73.

Soya-Beans—Marketing.

Made—July 19th, 1973.

Filed—July 23rd, 1973.

## REGULATION MADE UNDER THE FARM PRODUCTS MARKETING ACT

1. Section 1 of Regulation 335 of Revised Regulations of Ontario, 1970 is amended by adding thereto the following clause:

(ba) "negotiating agency" means the Negotiating Agency for Soya-Beans established under subsection 1 of section 12;

2. Section 2 of Regulation 335 of Revised Regulations of Ontario, 1970 is revoked and the following substituted therefor:

2. This Regulation provides for the control and regulation in any or all respects of the marketing within Ontario of soya-beans, including the prohibition of such marketing in whole or in part.  
O. Reg. 439/73, s. 2.

3. Subsection 1 of section 8 of Regulation 335 of Revised Regulations of Ontario, 1970 is revoked and the following substituted therefor:

(1) Every producer shall pay to the local board licence fees at the rate of one cent for each bushel or fraction thereof of soya-beans produced by the producer and delivered to a dealer or processor.  
O. Reg. 439/73, s. 3.

4. Clauses *b*, *c* and *e* of section 10 of Regulation 335 of Revised Regulations of Ontario, 1970 are revoked and the following substituted therefor:

(b) to require persons engaged in producing or marketing soya-beans to furnish such information relating to the production of soya-beans, including the completing and filing of returns as the local board determines;

(c) to appoint persons to inspect the books, records, documents, lands and premises and any soya-beans of persons engaged in the marketing of soya-beans;

(e) to co-operate with a marketing board, local board, marketing commission or marketing agency of Canada or any province of Canada for the purpose of marketing soya-beans; and

5. Section 11 of Regulation 335 of Revised Regulations of Ontario, 1970 is revoked and the following substituted therefor:

11. The Board delegates to the local board its powers to make regulations with respect to soya-beans,

(a) requiring any person who produces and processes soya-beans to furnish to the local board statements of the amounts of soya-beans that he produced in any year and used for processing;

(b) providing for the exemption from any or all of the regulations, orders or directions under the plan of any class, variety, grade or size of soya-beans, or any person or class of persons engaged in the producing or marketing of soya-beans or any class, variety, grade or size of soya-beans;

(c) providing for the control and regulation of agreements entered into by producers of soya-beans with persons engaged in marketing or processing soya-beans, and the prohibition of any provision or clause in such agreements; and

(d) providing for the making of agreements relating to the marketing of soya-beans by or through the local board, and prescribing the forms and the terms and conditions of such agreements. O. Reg. 439/73, s. 5.

6. Subsection 1 of section 12 of Regulation 335 of Revised Regulations of Ontario, 1970 is revoked and the following substituted therefor:

(1) There shall be a negotiating agency to be known as "The Negotiating Agency for Soya-Beans" composed of twelve persons appointed annually after the 1st day of March and before the 1st day of April upon the request in writing of the Board, of whom six shall be appointed by the local board, three shall be appointed by the dealers and three shall be appointed by the processors. O. Reg. 439/73, s. 6.

7. Subsections 1 and 2 of Section 15 of Regulation 335 of Revised Regulations of Ontario, 1970 are revoked and the following substituted therefor:

(1) Where a meeting of the negotiating agency is not held in accordance with the notice in section 14, or where a meeting is held and the negotiating agency does not arrive at an agreement respecting all matters that it is empowered to adopt or settle by agreement, on or before the 30th day of May in any year, the matter in dispute may be referred by the Board to an Arbitration Board.

(2) Where the negotiating agency decides before the 30th day of May that an agreement on all matters that it is empowered to adopt or settle by agreement cannot be reached, it shall so notify the Board. O. Reg. 439/73, s. 7.

8. Subsections 3 and 4 of section 16 of Regulation 335 of Revised Regulations of Ontario 1970, as remade by section 1 of Ontario Regulation 161/73, are revoked and the following substituted therefor:

(3) Where four members are appointed to the Arbitration Board in accordance with subsection 2, the four members so appointed may appoint a fifth member as chairman of the Arbitration Board but where the four members fail to agree on the fifth member within seven days after the Board was notified under subsection 2 of section 15, or the 30th day of May, as the case may be, the Board shall appoint the fifth member as chairman of the Arbitration Board.

(4) Where any of the persons authorized under subsection 2 to appoint a member to the Arbitration Board fail to appoint a member to the Arbitration Board in accordance with subsection 2 within seven days after the Board was notified under subsection 2 of section 15, or the 30th day of May, as the case may be, the Board may appoint such members as are necessary to complete the Arbitration Board. O. Reg. 439/73, s. 8.

9. Regulation 335 of Revised Regulations of Ontario, 1970 is amended by adding thereto the following sections:

17. The Board authorizes the local board to appoint agents, to prescribe their duties and terms and conditions of employment and to provide for their remuneration. O. Reg. 439/73, s. 9, *part*.

18.—(1) Subject to subsection 2, the Board vests in the local board the power to purchase or otherwise acquire such quantity or quantities of soya-beans as the local board considers advisable and to sell or otherwise dispose of any of the soya-beans so purchased or acquired.

(2) Purchases and sales of soya-beans made under subsection 1 shall be limited to such quantities of soya-beans as are required for specific export orders and all such purchases and sales shall be made through appointed agents of the local board. O. Reg. 439/73, s. 9, *part*.

10. Sections 6, 7 and 8 of this Regulation come into force on the 1st day of January, 1974.

THE TOWN OF WASAGA BEACH  
ACT, 1973

O. Reg. 445/73.  
Order of the Minister.  
Made—July 26th, 1973.  
Filed—July 27th, 1973.

IN THE MATTER OF *The Town of Wasaga Beach Act, 1973*;

AND IN THE MATTER OF the election of the council of the Town and members of The Hydro-Electric Commission of the Town of Wasaga Beach.

ORDER

Under the provisions of subsection 3 of section 3 of *The Town of Wasaga Beach Act, 1973*, It Is ORDERED:

1. In this Order,
- (a) "the Act" means *The Town of Wasaga Beach Act, 1973*;
- (b) "assistant returning and revising officer" means a person appointed by this Order to undertake the duties of an assistant returning officer and of an assistant revising officer as defined by paragraphs 3 and 4 respectively of section 1 of *The Municipal Elections Act, 1972*; and
- (c) "Town" means the municipality or Corporation of the Town of Wasaga Beach, as constituted by section 2 of the Act. O. Reg. 445/73, s. 1.
- 2.—(1) Except as varied by the Act and this Order, the provisions of *The Municipal Elections Act, 1972*, apply to the election of the council of the Town and of the members of The Hydro-Electric Commission in the year 1973.

(2) The returning officer appointed under section 4 of this Order shall also be deemed to be the clerk of the Town for the purposes of *The Municipal Elections Act, 1972*. O. Reg. 445/73, s. 2.

3.—(1) Mr. Dean R. Taylor is appointed the Chief Returning Officer for the elections.

(2) The powers and duties of the Chief Returning Officer shall include the following:

1. General supervision of the elections.
2. The right to appoint a substitute to fill a vacancy in any position specifically filled by appointment under section 4.
3. To prescribe, vary or amend any of the forms or documents required for the purpose of the elections. O. Reg. 445/73, s. 3.

4. Mr. R. F. Coles is appointed returning officer for the Town, and the following persons are appointed as assistant returning and revising officers:

Mr. B. Taylor  
Mr. W. M. Turner  
Mr. R. Campbell  
Mr. J. A. Pogue

O. Reg. 445/73, s. 4.

5. The polling subdivisions and the polling places shall be determined by the returning officer. O. Reg. 445/73, s. 5.

6. The following scale of fees shall be applicable:

Returning officer	\$200 plus 15¢ per mile mileage allowance
Assistant returning and revising officer	\$150 plus 15¢ per mile mileage allowance
Deputy returning officer	\$35 plus 15¢ per mile mileage allowance
Poll clerk	\$25
Constable	\$20
Tabulation clerk	\$15
Each polling place	\$40 for the first polling place in each building plus \$15 for each additional polling place in the same building

O. Reg. 445/73, s. 6.

7. For the purpose of section 18 of *The Municipal Elections Act, 1972*, the census taken during the period commencing on the 18th day of June, 1973

and ending on the 14th day of July, 1973, shall be deemed to be the enumeration and such period shall be deemed to be the period of enumeration. O. Reg. 445/73, s. 7.

8. The assessment commissioner shall deliver to the returning officer a preliminary list of electors not later than the 10th day of August, 1973. O. Reg. 445/73, s. 8.

9. Notwithstanding the provisions of sections 42 and 43 of *The Municipal Elections Act, 1972*, the returning officer may provide for either separate or composite sets of ballots. O. Reg. 445/73, s. 9.

10. The returning officer shall be responsible for the provision of all stationery, equipment, staff and services required for the purpose of the elections. O. Reg. 445/73, s. 10.

11. The local municipality of which the clerk is a returning officer or assistant returning and revising officer shall relieve him of such of his ordinary duties as is necessary to allow him to perform his duties as returning officer or assistant returning and revising officer and shall also provide him with such clerical staff as he may require in

the performance of his duties as returning officer or assistant returning and revising officer. O. Reg. 445/73, s. 11.

12. The expenses of the election shall be paid by the local municipality of which the clerk is the returning officer and the treasurer of such local municipality shall, when all the expenses of the election have been paid, prepare a statement of such expenses to which shall be attached a certificate of the returning officer that the goods or services as shown on the statement have been received or supplied and that the amounts charged are correct and the statement, together with the certificate of the returning officer and vouchers supporting the payment of such expenses, shall be submitted to the Chief Returning Officer for approval by the Minister and payment under subsection 5 of section 3 of the Act. O. Reg. 445/73, s. 12.

**Joseph A. McWilliams, Esq., 01055**

NOTICE OF MOTION

TAKE NOTICE that The Ontario Highway Transport Board will be moved pursuant to Section 17 of *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316 for an Order directing a review of its decision by means of a re-hearing of the application of Joseph A. McWilliams heard by The Ontario Highway Transport Board on May 10th, 1973, and resulting in a decision of the said Board dated May 18th, 1973, recommending the granting of a Class "H" licence to Joseph A. McWilliams to and from the City of Peterborough. The grounds upon which the foregoing Notice of Motion is based are as follows:

1. There was insufficient evidence to establish public necessity and convenience.

2. The sitting panel's decision was inconsistent with its finding that the currently licenced Class "H" carriers in Peterborough were providing an adequate service to the citizens of Peterborough.

3. The sitting panel erred in concluding that because a properly licenced Class "H" carrier with places of business in Lindsay and Bowmanville had on occasion in 1972 conducted movements from the City of Peterborough that this constituted a need for another Class "H" carrier in Peterborough.

4. The sitting panel failed to consider the severe effect that the granting of this certificate would have on the Respondents and in particular, Cal Nichols Movers and Storage Limited and Reid's Transfer Storage Limited.

5. And upon such further and other grounds as may be deemed appropriate, and has fixed Thursday, the 11th day of October, 1973, at its Chambers, 67 College Street, Toronto, Ontario, at 10 a.m. (E.D.S.T.) for that purpose.

McNea, I have seized and taken in execution all the right, title and interest of the said Robert J. McNea in and to the following described property.

All and Singular that certain parcel or tract of land and premises, situate, lying and being in the Town of Riverside, in the County of Essex and Province of Ontario, and being composed of:

*Firstly:* Lots Number One (1) and Two (2) according to Registered Plan Number 1213.

*Secondly:* That portion of the alley abutting the easterly limit of Lot One (1) according to Registered Plan Number 1213, having a uniform width of seven feet, (7') and that portion of the alley abutting the southerly limit of Lot One (1) having a uniform width of fourteen feet, (14') both portions more particularly described as follows:

Commencing at the northeasterly angle of said Lot One (1); thence easterly on a production easterly of the northerly limit of said Lot One (1) in a straight line a distance of seven feet (7'); thence southerly to the southerly limit of the alley as shown on said Plan 1213; thence southwesterly along the southerly limit of said Plan 1213 a distance of one hundred and twenty-seven feet, three inches (127' 3"), more or less, to a point on the southerly production along a straight line of the westerly limit of said Lot One (1); thence northerly to the southwesterly angle of said Lot One (1); thence northeasterly to the southeasterly angle of said

Lot One (1); thence northerly along the easterly limit of said Lot One (1) a distance of twenty-nine feet, three and one-half inches (29' 3½") to the place of beginning.

*Thirdly:* Part of the old Hydro-Electric Railway, lying south of the fourteen foot (14') lane immediately south of said Lot One (1) according to Registered Plan Number 1213, being part of Farm Lot Number One Hundred and Twenty-six (126) First Concession, Town of Riverside, which parcel may be more particularly described as follows:

Commencing at an iron bar planted in the intersection of the northerly limit of the Hydro Electric Railway, being also the southerly limit of Registered Plan Number 1213, with the easterly limit of Registered Plan Number 1213. Thence southerly, following the southerly production of the easterly limit of Registered Plan Number 1213, forty-six feet (46') more or less to a point in the northerly limit of Clairview Avenue; thence southwesterly, following the last mentioned limit, one hundred and twenty-seven feet three inches (127' 3") more or less to a point in the easterly limit of Eastlawn Avenue; thence northerly following the southerly production of the easterly limit of Eastlawn Avenue, forty-six feet (46') more or less to an iron bar planted at the intersection of the northerly limit of the Hydro Electric Railway right-of-way, with the southerly production of the easterly limit of Eastlawn Avenue; thence northeasterly, following the northerly limit of the Hydro Electric Railway right-of-way, one hundred and twenty-seven feet three inches (127' 3") more or less, to the place of beginning.

The said property is known as municipal no. 280 Eastlawn Blvd., Riverside, Ontario.

Situated on the said lands is said to be a one-storey frame dwelling with two-car attached garage.

I will offer the said property for sale by public auction at my office in the Court House, 245 Windsor Avenue, Windsor, Ontario, on Wednesday, the 26th day of September, 1973, at 10.30 a.m.

Dated at the Court House, 245 Windsor Avenue, Windsor, Ontario, this 2nd day of August, 1973.

W. WARREN BRADLEY,  
Sheriff, County of Essex.

## THE PUBLIC LIBRARIES ACT

O. Reg. 446/73.

Grants for Public Libraries.

Made—July 25th, 1973.

Filed—July 30th, 1973.

## REGULATION MADE UNDER THE PUBLIC LIBRARIES ACT

1. Clause *a* of section 1 of Ontario Regulation 339/72 is revoked and the following substituted therefor:

(*a*) where a library is established under Part I of the Act or a predecessor thereof or under Part IV of the Act, or a regional library system is established under Part III of the Act, the total number of inhabitants of the municipality or of the combination of municipalities for which the library or the regional library system is established, as determined by reference to the census supplied by the Ministry of Revenue of the inhabitants of the municipality or municipalities taken under *The Assessment Act* in the year in which the assessment was made for the purpose of taxation in 1972, except that, where such determination is inappropriate due to the formation of a new municipality or an alteration of the boundaries of an existing municipality, the population estimated by the Ministry of Revenue shall be used in respect of such new or altered municipality; and

2. Section 4 of Ontario Regulation 339/72 is revoked and the following substituted therefor:

4. The board of a public library established under Part I of the Act or under a predecessor thereof, and the board of a county library established under Part IV of the Act, shall be paid a grant equal to the amount computed by multiplying \$1.35 by the population of the municipality or municipalities for which the library is established but the grant shall not be less than the 1971 grant payable to the board. O. Reg. 446/73, s. 2.

3. Subsection 1 of section 5 of Ontario Regulation 339/72 is revoked and the following substituted therefor:

(1) The board of a regional library system established under Part II of the Act shall be paid a grant equal to,

(*a*) the amount computed by multiplying 40 cents by the population of the municipality or municipalities for which the board is established; and

(*b*) \$2.50 for each square mile, not in excess of 75,000 square miles, that forms part of the area of the region,

but the grant shall not be less than the 1971 grant payable to the board. O. Reg. 446/73, s. 3.

4. Section 6 of Ontario Regulation 339/72 is revoked and the following substituted therefor:

6. In addition to any other grant payable under this Regulation, the board of a county library established under section 46 of the Act and a county library co-operative board continued under section 52 of the Act shall be paid a grant of \$10,000. O. Reg. 446/73, s. 4.

5. Section 7 of Ontario Regulation 339/72 is revoked and the following substituted therefor:

7.—(1) Where a public library established by the council of an Indian band is approved by the Minister, the council of the band shall be paid a grant equal to the amount computed by multiplying \$1.35 by the population.

(2) Where a public library board, a county library board or regional library system board enters into an agreement with the council of an Indian band under section 15 of the Act, the public library board, county library board or regional library systems board, as the case may be, shall be paid a grant equal to the grant that would have been payable under subsection 1 if the public library had been established by the council of the Indian band and approved by the Minister. O. Reg. 446/73, s. 5.

## LAND USE REGULATION MADE UNDER THE PARKWAY BELT PLANNING AND DEVELOPMENT ACT, 1973

### REGIONAL MUNICIPALITY OF YORK TOWN OF MARKHAM

#### INTERPRETATION

1. In this Regulation,

- (a) "accessory", when used to describe a use, building or structure, means a use, building or structure normally incidental or subordinate to the principal use, building or structure located on the same lot;
- (b) "agricultural use" includes a use of land, buildings or structures for the purpose of forestry, field crops, fruit farming, market gardening, dairying, animal husbandry, poultry or beekeeping;
- (c) "dwelling" means one or more habitable rooms designed for use by, and occupied by not more than one family and in which separate kitchen and sanitary facilities are provided for the exclusive use of such family, with a private entrance from outside the building or from a common hallway or stairway inside the building;
- (d) "family" means,
  - (i) a person,
  - (ii) two or more persons interrelated by bonds of consanguinity, legal adoption or marriage, or
  - (iii) not more than five persons not related by bonds of consanguinity, legal adoption or marriage, living as a single housekeeping unit in one dwelling;
- (e) "floor area" means the total area of all floors contained within the outside walls of a building, excluding in the case of a single-family dwelling, the floor area of a private garage, porch, verandah, unfinished attic, basement or cellar;
- (f) "frontage" means the width of a lot measured along a line twenty-five feet back from the street and parallel to the lot line abutting the street;
- (g) "front yard" means a yard extending across the full width of a lot on which a building is situate, and extending from the front lot line to the main wall of the building for which such front yard is required that is nearest to the front lot line;
- (h) "home occupation" means any occupation for gain or support conducted entirely within a single-family or semi-detached dwelling by one or more member of the family residing in the dwelling, provided that,
  - (i) there is no external display or advertising other than a sign having a total display area not exceeding two square feet,

- (ii) there is no external storage of goods or materials, and not more than 25 per cent of the total floor area is used for the home occupation use, and
- (iii) there are no persons employed in the dwelling except,
  - a. the members of the family residing in the dwelling, or
  - b. in the case of a dentist, physician or veterinarian, a staff of one person;

- (i) "lot" means a parcel of land, described in a deed or other document legally capable of conveying title to or interest in land, or shown as a lot or block on a registered plan of subdivision;
- (j) "lot area" means the total horizontal area within the lot lines of a lot;
- (k) "rear yard" means a yard extending across the full width of a lot on which a building is situate, and extending from the rear lot line to the main wall of the building for which such rear yard is required that is nearest to the rear lot line;
- (l) "side yard" means a yard extending from the front yard to the rear yard and from the side lot line to the main wall of the building for which such side yard is required that is nearest to the side lot line;
- (m) "single-family dwelling" means a separate building containing only one dwelling;
- (n) "street" means a public highway that is a principal means of access to abutting lots, that is under the jurisdiction of the Province of Ontario or the Regional Municipality of York or the Town of Markham, or is a road within a registered plan of subdivision, or is a road the maintenance of which has been assumed by the town;
- (o) "yard" means a space open from the ground to the sky on a lot on which a building is situate which space is unoccupied except for such accessory buildings as are permitted in this regulation. O. Reg. 473/73, s. 1.

#### SPECIAL GRANTS

##### INTERPRETATION

#### 1. In this Regulation,

- (a) "lower tier municipality" means a city, town, village or township;
- (b) "upper tier municipality" means a county, or regional, metropolitan or district municipality;
- (c) "assessment of property held in trust for a band or body of Indians and occupied by a person who is not a member of a band or body of Indians" means the assessment taxable in 1972 under section 3, paragraph 2 of *The Assessment Act*;
- (d) "1972 lower tier taxes" means the taxes levied for lower tier purposes in 1972 on the assessment of property held in trust for a band or body of Indians and occupied by a person who is not a member of a band or body of Indians;
- (e) "1973 lower tier taxes" means the taxes that would have been levied for lower tier purposes in 1973 on the assessment of property held in trust for a band or body of Indians and occupied by a person who is not a member of a band or body of Indians if such assessment had been liable to taxation in 1973;
- (f) "1972 upper tier taxes" means the taxes levied for upper tier purposes in 1972 on the assessment of property held in trust for a band or body of Indians and occupied by a person who is not a member of a band or body of Indians;
- (g) "1973 upper tier taxes" means the taxes that would have been levied for upper tier purposes in 1973 on the assessment of property held in trust for a band or body of Indians and occupied by a person who is not a member of a band or body of Indians if such assessment had been liable to taxation in 1973. O. Reg. 488/73, s. 1.

2. The Treasurer of each lower tier municipality that levied 1972 lower tier taxes and 1972 upper tier taxes on the assessment of property held in trust for a band or body of Indians and occupied by a person who is not a member of a band or body of Indians shall make application to the ministry certifying the 1972 upper tier taxes and 1972 lower tier taxes levied on such assessment and the 1973 upper tier taxes and 1973 lower tier taxes that would have been levied in 1973 if such assessment had been liable to taxation in 1973. O. Reg. 488/73, s. 2.

#### 3. The minister shall make a grant, in 1973,

- (a) to each lower tier municipality that makes application under section 2, equal to the lesser of,
  - (i) the 1972 lower tier taxes, and
  - (ii) the 1973 lower tier taxes; and
- (b) to each upper tier municipality upon application under clause a by the lower tier municipality that levies the rate for the upper tier municipality, equal to the lesser of,
  - (i) the 1972 upper tier taxes, and
  - (ii) the 1973 upper tier taxes. O. Reg. 488/73, s. 3.

## Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Queen's Printer and Publisher for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Department of Lands and Forests whether or not the land or any part can be purchased or leased from the Department. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

## CORPORATION OF THE TOWNSHIP OF TAY

To Wit:

BY VIRTUE OF A WARRANT issued under the hand of the Reeve and the Seal of the Township of Tay bearing date the 25th day of June, 1973, and to me directed, commanding me to levy upon the lands mentioned in the following list for arrears of taxes due thereon, and the costs as herein set forth, I hereby give notice that unless the said arrears and costs are sooner paid, I shall proceed to sell by public auction or so much thereof as may be necessary to settle the aforesaid arrears of taxes and other charges thereon, at my Office, in the Township Hall in Victoria Harbour, on the 5th day of December, 1973, beginning at 2.00 o'clock in the afternoon in compliance with *The Assessment Act*.

AND TAKE FURTHER NOTICE, at the adjourned sale to be held at the same hour, on the 19th day of December, 1973, if necessary, the Corporation of the Township of Tay intends to purchase any of the lands offered for sale unless the full amount of all arrears and costs be realized from the sale thereof.

WALTER LUMSDEN,  
Treasurer.

## THE MINISTRY OF EDUCATION ACT

### O. Reg. 500/73.

General Legislative Grants.

Made—July 20th, 1973.

Approved—August 8th, 1973.

Filed—August 15th, 1973.

## REGULATION MADE UNDER THE MINISTRY OF EDUCATION ACT

1.—(1) Paragraph 1 of section 1 of Ontario Regulation 80/73 is revoked and the following substituted therefor:

1. "adjusted deficit" means the deficit of a board that was dissolved on the 1st day of January, 1969 or on the 1st day of January, 1970 adjusted to include reserve fund balances and reserves for working funds and further adjusted by relevant financial data included in the report of the arbitrators appointed under section 30 of *The Secondary Schools and Boards of Education Act*, or under section 86 of *The Separate Schools Act*, but does not include any adjustment in respect of a capital asset that was made by arbitrators so appointed;
- (2) Paragraph 9 of the said section 1, exclusive of the clauses, is revoked and the following substituted therefor:
9. "enrolment for grant purposes for 1973" means in respect of elementary school pupils or secondary school pupils, as the case may be, who are resident-internal pupils or resident-external pupils of the board enrolled in regular day-school classes on the last school day of September, 1972, and
- (3) Paragraph 17 of the said section 1 is revoked and the following substituted therefor:

17. "assessment per weighted pupil for 1973" means the integral quotient obtained by dividing the equalized assessment for a board by the product of the enrolment for grant purposes for 1973 and the grant weighting factor for 1973 for the board;

(4) Paragraph 34 of the said section 1 is amended by striking out "and" at the end of clause v, adding "and" at the end of clause vi and adding thereto the following clause:

vii. an expenditure that is not referred to in clauses i to vi, both inclusive, and that the Minister considers expedient for the operation of the schools;

(5) Clause x of paragraph 35 of the said section 1 is revoked and the following substituted therefor:

x. vehicles and watercraft for the transportation of pupils;

2. Section 2 of Ontario Regulation 80/73 is amended by adding thereto the following subsections:

(2) Where the area of jurisdiction of a board is altered effective the 1st day of January, 1973, the enrolment for grant purposes for 1973 in respect of elementary school pupils or secondary school pupils of the board, as the case may be, shall, before being used in any calculation under this Regulation, be adjusted to take into account the pupils who become resident-internal pupils or resident-external pupils of the board and the pupils who cease to be resident-internal pupils or resident-external pupils of the board by reason of such alteration.

(3) Where the limitation on the ordinary expenditure for 1973 of a board is reduced under subsection 2 of section 7 and the recognized ordinary expenditure for 1973 of the board is determined under clause ii of paragraph 33 of section 1, the recognized ordinary expenditure for 1973 of the board shall, before being used in any calculation under this Regulation, be adjusted by reducing the product obtained under subclause a of the said clause ii in proportion to the reduction made in the limitation on the ordinary expenditure for 1973 of the board. O. Reg. 500/73, s. 2.

3. Section 7 of Ontario Regulation 80/73 is amended by adding thereto the following subsections:

(2) Where employees of a board withhold their services during the year 1973, the limitation on ordinary expenditure for 1973 of the board, as determined under subsection 1, shall be reduced by the excess of,

- (a) the salaries and related fringe benefits of such employees that were not payable in respect of the period during which their services were withheld,

over,

- (b) the expenditures incurred by the board in respect of such period that, in the opinion of the Minister, are attributable to such withholding of services.

(3) Where the limitation on ordinary expenditure for 1973 of a board is reduced under subsection 2, the amount of such reduction shall not be taken into account in the determination of the limitation, if any, on ordinary expenditure for 1974 of the board. O. Reg. 500/73, s. 3.

4. Section 11 of Ontario Regulation 80/73, exclusive of the clauses, is revoked and the following substituted therefor:

11. A board shall be paid a grant at the percentage rate determined,

the product of the enrolment for grant purposes for 1973, the grant weighting factor for 1973 for the board, and

O. Reg. 500/73, s. 4.

5. Subclause ii of clause c of subsection 1 of section 19 of Ontario Regulation 80/73, exclusive of the sub-subclauses, is revoked and the following substituted therefor:

- (ii) the extraordinary expenditure for 1973 and the accrued interest on debentures at date of sale thereof in 1973, the sum of which is not in excess of the sum of,

6.—(1) Subsection 1 of section 22 of Ontario Regulation 80/73 is revoked and the following substituted therefor:

(1) A divisional board of education or a county or district combined separate school board formed on the 1st day of January, 1969 shall be paid in 1973 a sum equal to  $33\frac{1}{3}$  per cent of the adjusted deficits, as at the date of dissolution of the predecessor boards, excluding from such adjusted deficits adjustments to achieve uniformity in accounting for instructional salaries, and such sum shall be applied by the board to reduce the adjusted deficits chargeable to the municipalities or parts comprising the jurisdictions of the predecessor boards.

(1a) A divisional board of education or a county combined separate school board formed on the 1st day of January, 1970 shall be paid in 1973 a sum

equal to 100 per cent of the adjusted deficits, as at the date of dissolution of the predecessor boards, excluding from such adjusted deficits adjustments to achieve uniformity in accounting for instructional salaries, and such sum shall be applied by the board to reduce the adjusted deficits chargeable to the municipalities or parts comprising the jurisdictions of the predecessor boards. O. Reg. 500/73, s. 6 (1).

(2) Clause b of subsection 2 of the said section 22 is revoked and the following substituted therefor:

(b) "predecessor board" means in respect of a divisional board of education or a county or district combined separate school board, a board that was dissolved on the 1st day of January, 1969 or on the 1st day of January, 1970 and whose area became,

- (i) part, but not all, of the jurisdiction of the divisional board of education or of the county or district combined separate school board, or
- (ii) in the case of a divisional board of education in the territorial districts, all of the jurisdiction of such board.

7. Schedule A to Ontario Regulation 80/73 is amended by,

- (a) striking out the expenditure weighting factor "1.120" in column 3 opposite Elementary Schools under the heading "London Board of Education" and inserting in lieu thereof "1.135";
- (b) striking out the grant weighting factor "1.023" in Column 2 and the expenditure weighting factor "1.056" in Column 3 both opposite Secondary Schools under the heading "Niagara South Board of Education" and inserting in lieu thereof "1.024" and "1.057" respectively;
- (c) striking out the expenditure weighting factor "1.095" in Column 3 opposite London and Middlesex County RCSS Board and inserting in lieu thereof "1.113"; and
- (d) striking out the expenditure weighting factor "1.103" in Column 3 opposite Wentworth County RCSS Board and inserting in lieu thereof "1.118".

Made—May 15th, 1973.  
Approved—August 15th, 1973.  
Filed—August 17th, 1973.

REGULATION MADE UNDER THE CONSERVATION AUTHORITIES ACT

FILL, CONSTRUCTION AND ALTERATION TO WATERWAYS—LAKEHEAD REGION

INTERPRETATION

- 1. In this Regulation,  
  
(a) "Authority" means The Lakehead Region Conservation Authority;  
  
(b) "building or structure" means a building or structure of any kind;  
  
(c) "fill" means earth, sand, gravel, rubble, rubbish, garbage, or any other material whether similar to or different from any of the aforementioned materials, used or capable of being used to raise, lower or in any way affect the contours of the ground;  
  
(d) "fill line" means any line designated as such on the maps referred to in the schedules;  
  
(e) "river", "lake", "creek", "stream" or "watercourse" means any river, lake, creek, stream or watercourse under the jurisdiction of the Authority;  
  
(f) "regional storm" means,

- (i) for the main channel of the Kaministiquia River, the rainfall, snowmelt, or the combination of rainfall and snowmelt, that would produce at the bridge on the King's Highway No. 61 a peak flow of 32,000 cubic feet per second,
- (ii) for the main channel of the Pigeon River, the rainfall, snowmelt, or the combination of rainfall and snowmelt, that would produce at Middle Falls (latitude 48° 00' north, longitude 89° 37' west) a peak flow of 14,000 cubic feet per second, or
- (iii) for rivers, streams and watercourses other than the main channel of the Kaministiquia River and the main channel of the Pigeon River, a storm producing in a twelve-hour period, on a drainage area of,
  - a. ten square miles or less, a rainfall that has the distribution set out in Table 1, or
  - b. more than ten square miles, a rainfall such that the number of inches of rain referred to in each case in Table 1 shall be modified by the percentage amount shown in Column 2 of Table 2 opposite the size of the drainage area set out opposite thereto in Column 1 of Table 2.

O. Reg. 515/73, s. 1.

2. The areas described in the schedules are areas in which, in the opinion of the Authority, the control of flooding or pollution or the conservation of land may be affected by the placing or dumping of fill. O. Reg. 515/73, s. 2.

3. Subject to section 4, no person shall,

- (a) construct any building or structure or permit any building or structure to be constructed in or on a pond or swamp or in any area susceptible to flooding during a regional storm;
- (b) place or dump fill or permit fill to be placed or dumped in the areas described in the schedules whether such fill is already located in or upon such area, or brought to or on such area from some other place or places; or

(c) straighten, change, divert or interfere in any way with the existing channel of a river, creek, stream or watercourse. O. Reg. 515/73, s. 3.

4. Subject to *The Ontario Water Resources Act* or to any private interest, the Authority may permit in writing the construction of any building or structure or the placing or dumping of fill or the straightening, changing, diverting or interfering with the existing channel of a river, creek, stream or watercourse to which section 3 applies, if, in the opinion of the Authority, the site of the building or structure or the placing or dumping and the method of construction or placing or dumping or the straightening, changing, diverting or interfering with the existing channel will not affect the control of flooding or pollution or the conservation of land. O. Reg. 515/73, s. 4.

5. No person shall commence to construct any building or structure or dump or place fill or straighten, change, divert or interfere with the existing channel of a river, creek, stream or watercourse in any area to which section 3 applies before permission to do so has been obtained under section 4. O. Reg. 515/73, s. 5.

6.—(1) A signed application for permission to construct a building or structure shall be filed with the Authority and shall include,

- (a) four copies of a plan of the property showing the proposed location of the building or structure, its elevation and the proposed final grade plan;
- (b) four copies of a complete description of the type of building or structure to be constructed, including drainage details;
- (c) four copies of a statement of the dates between which the construction will be carried out; and
- (d) four copies of a statement of the proposed use of the building, or structure following completion of the construction.

(2) A signed application for permission to place or dump fill shall be filed with the Authority and shall include,

- (a) four copies of a plan of the property on which the fill is to be placed, showing the proposed location of filling, the depth to which it is proposed to fill and the proposed final grade of the land when filling is completed;
- (b) four copies of a complete description of the type of fill proposed to be placed or dumped;

- (c) four copies of a statement of the dates between which the placing or dumping will be carried out; and
- (d) four copies of a statement of the proposed use of the land following completion of placing or dumping.

(3) A signed application for permission to straighten, change, divert or interfere in any way with the existing channel of a river, creek, stream or watercourse, shall be filed with the Authority and shall include,

- (a) four copies of a plan on which shall be shown in plan view and cross section the details of such straightening, change, diversion or interference;
- (b) four copies of a description of the protective measures to be undertaken;
- (c) four copies of a statement of the dates between which the straightening, changing, diverting or interfering will be carried out; and
- (d) four copies of a statement of the purpose of the proposed work. O. Reg. 515/73, s. 6.

7. The Authority may, at any time, withdraw any permission given under this Regulation if, in the opinion of the Authority, the conditions of the permit are not complied with. O. Reg. 515/73, s. 7.

## Notice of public hearings into the transmission of power from Middleport to Pickering

1. The Province of Ontario appointed Dr. Omond Solandt, under the Public Inquiries Act by Order-in-Council OC-2053/72 dated the 21st of June, 1972, as amended by Order-in-Council OC-2947/72 dated the 13th of September, 1972 "to inquire into the transmission of power from Nanticoke to Pickering".

2. Following on the recommendations contained in Commissioner Solandt's Interim Report, dated the 31st of October, 1972, Mr. Bruce Howlett, environmental consultant, was retained by Commissioner Solandt to undertake a public study and to make recommendations on the best location for the 500 kV transmission lines between Middleport and Pickering.

3. Mr. Howlett will file his report and recommendations pertaining to this matter, with the Commissioner, and will present an oral summary of the report and recommendations to interested parties, at a public hearing on September 13, 1973.

4. Any interested party who wishes to present a brief related to this matter should file a copy of such a brief with the Secretary on or before October 5, 1973 indicating at the same time whether or not he wishes to speak to his brief at a subsequent public hearing.

5. Any other interested party who wishes to make oral representations at the subsequent public hearing, either personally or through a representative, should indicate his intent to do so in writing, to the Secretary, on or before October 5, 1973.

6. Commissioner Solandt will hold further public hearings on October 15, 17, 19, 22, and 24, 1973, (and on such additional days as may be required), in order that interested parties may have an opportunity to ask questions of Mr. Howlett, and to present evidence.

7. The public hearings on September 13, October 15, 17, 19, 22, and 24, 1973, will be held in the Ontario Room, Macdonald Block, Queen's Park, Toronto, commencing at 9:30 a.m. To accommodate special circumstances, and unique local concerns, Commissioner Solandt will consider requests, by interested parties, to hold additional public hearings in other parts of Ontario, either day or evening sessions. All such requests, however, should be filed with the Secretary on or before October 5, 1973.

8. Copies of Mr. Howlett's report and recommendations will be on view in area Municipal Offices and the Solandt Commission office. Copies of all briefs will be on view at the Solandt Commission office. Individual copies of Mr. Howlett's report and recommendations may be purchased from the Ontario Government Bookstore, 880 Bay Street, Toronto, M7A 1N8, for the sum of \$5.00 each.

### O. Reg. 519/73.

Life Companies Special Shares—  
Investment.

Made—August 15th, 1973.

Filed—August 20th, 1973.

### REGULATION MADE UNDER THE INSURANCE ACT

#### LIFE COMPANIES SPECIAL SHARES—INVESTMENT

#### INTERPRETATION

1. In this regulation,

(a) "ancillary business corporation" means a corporation incorporated to carry on any

business, other than a business activity referred to in clauses *a* to *f*, both inclusive, of subsection 8 of section 383 of the Act, that is reasonably ancillary to the business of insurance;

(b) "annual statement" means the statement required by section 79 of the Act;

(c) "equity share" means a share of any class of shares of a corporation to which are attached voting rights exercisable in all circumstances and a share of any class of shares to which are attached voting rights by reason of the occurrence of any contingency that has occurred and is continuing;

(d) "fire and casualty corporation" means a corporation incorporated under the laws of Canada or any province of Canada to undertake contracts of insurance other than contracts of life insurance;

(e) "foreign life corporation" means a corporation incorporated outside Canada to undertake contracts of life insurance;

(f) "life company" means an insurer incorporated and licensed under the laws of Ontario to transact the business of life insurance;

(g) "mutual fund corporation" means a corporation incorporated to offer public participation in an investment portfolio through the issue of one or more classes of mutual fund shares;

(h) "real estate corporation" means a corporation incorporated to acquire, hold, maintain, improve, lease or manage real estate or leaseholds or act as agent or broker in the sale or purchase of real estate or leaseholds; and

(i) "service corporation" means a corporation incorporated to provide,

(i) a life company or a foreign life corporation with advisory, management or sales distribution services in respect of life insurance contracts or annuities the reserves for which vary in amount depending on the market value of a specified group of assets maintained in a separate and distinct fund, or

- (ii) a mutual fund corporation with advisory, management or sales distribution services. O. Reg. 519/73, s. 1.

2. For the purpose of this Regulation,

- (a) a life company shall be deemed to control a corporation if the life company owns shares of the corporation carrying more than 50 per cent of the votes for the election of directors, other than by way of security only or owns, directly or indirectly, more than 50 per cent of the total number of issued and outstanding equity shares of the corporation; and
- (b) a life company and one or more other life companies shall be deemed to control a corporation if all the life companies together own shares of the corporation carrying more than 50 per cent of the votes for the election of directors, other than by way of security or own, directly or indirectly, more than 50 per cent of the total number of the issued and outstanding equity shares of the corporation. O. Reg. 519/73, s. 2.

FOREIGN LIFE CORPORATION SHARES

3.—(1) The terms and conditions under which a life company may, pursuant to clause *a* of subsection 8 of section 383 of the Act, invest its funds in the fully paid shares of a foreign life corporation are as follows:

- (a) subject to clause *b* the life company shall not make or hold an investment in the shares of a foreign life corporation unless it has control, or as a result of the investment will acquire control, of the corporation;
- (b) notwithstanding that it does not have control or would not as a result of the proposed investment acquire control of a foreign life corporation, a life company may, with the approval of the Superintendent, make or hold an investment in the shares of that corporation where,
  - (i) the life company and one or more other life companies have control, or as a result of the investment will acquire control, of a foreign life corporation, or
  - (ii) in the case of a life company that has transacted the business of insurance in the country or state in which the corporation was incorporated,

- a. the laws of that country or state do not permit the life company to acquire or retain control of the corporation, or
- b. the social or economic circumstances in that country or state or the conditions of transacting the business of insurance therein are such that, in the opinion of the Superintendent, investment is in the best interests of the policyholders of the life company;
- (c) before an investment is made in the shares of a foreign life corporation, the life company shall furnish the Superintendent with such information as he may require relating to the proposed investment and, where that investment is in the shares of an existing corporation, the life company shall file with the Superintendent, a certified copy of the instrument of incorporation, by-laws and most recent financial statement of that corporation;
- (d) the life company shall deposit with the Superintendent within two weeks after making an investment in the shares of a foreign life corporation, an undertaking by the corporation that, while the life company holds an investment in the shares of the foreign life corporation, the corporation will,
  - (i) provide the Superintendent with copies of its financial statements and such other information concerning its financial condition and affairs as he may from time to time request,
  - (ii) limit its activities to the transaction of the business of life insurance, personal accident insurance and sickness insurance, together with such other activities as may be necessarily incidental to the transaction of such business,
  - (iii) not make any investment that the life company is prohibited from making by section 386 of the Act,
  - (iv) not acquire or hold shares of any corporation incorporated to undertake contracts of life insurance, and
  - (v) not acquire or hold, except with the approval of the Superintendent, more than 30 per cent of the common shares of any corporation except a real estate corporation;

- (e) the life company shall from time to time at the request of the Superintendent submit such information as the Superintendent may require as evidence that the foreign corporation is complying with the undertaking referred to under clause *d*;
- (f) the life company shall not, except with the approval of the Superintendent, solicit applications for insurance in any jurisdiction where the foreign life corporation is soliciting applications for insurance;
- (g) the common shares of the foreign life corporation owned by the life company shall be taken into account in the annual statement of the life company at a value not greater than the amount obtained by multiplying,

- (i) an amount equal to the excess of the assets of the corporation over the sum of its liabilities and its issued and paid in preferred capital shares,

by,

- (ii) the proportion that the number of common shares of the corporation owned by the life company bears to the total number of the issued and outstanding common shares of the corporation; and
- (h) where the life company has made an investment in the shares of one or more foreign life corporation, the aggregate of,
  - (i) the amounts invested by the life company in the shares of the foreign life corporations,
  - (ii) the amounts advanced, lent or in any way contributed by the life company to the foreign life corporations, and
  - (iii) the amounts, other than the amounts referred to in subclause ii, owing to the life company by the foreign life corporations,

shall not at any time, except with the approval of the Minister, exceed 2 per cent of the book value of the total assets of the life company.

(2) For the purposes of clause *g* of subsection 1,

- (a) the assets of the foreign life corporation shall not include any asset, other than an investment or loan, that if owned by the life company would not be admitted as an asset in the annual statement of the life company;

- (b) the total value of the securities included in the assets of the foreign life corporation shall not exceed the values established by the Superintendent; and

- (c) the liabilities of the foreign life corporation shall be such amount, not less than the liabilities shown on its books and including the actuarial reserves for policies in force as may be certified by an actuary, to adequately provide for the financial obligations of the company.

(3) For the purposes of subclauses i and ii of clause *h* of subsection 1, the amounts referred shall be converted to Canadian dollars at the rates of exchange in effect at the time the investment, advance, loan or contribution was made.

(4) For the purposes of subclause iii of clause *h* of subsection 1, the amounts referred shall be converted to Canadian dollars at the current rate of exchange. O. Reg. 519/73, s. 3.

#### FIRE AND CASUALTY CORPORATION SHARES

4.—(1) The terms and conditions under which a life company may, pursuant to clause *c* of subsection 8 of section 383 of the Act, invest its funds in the fully paid shares of a fire and casualty corporation are as follows:

- (a) the life company shall not make an investment in the shares of a fire and casualty corporation unless it has control, or as a result of the investment will acquire control of the corporation;

- (b) the life company shall deposit with the Superintendent, within two weeks after making an investment in the shares of a fire and casualty corporation, an undertaking by that corporation that, while it is controlled by the life company, the corporation will not,

- (i) make an investment that the life company is prohibited from making by section 386 of the Act, or

- (ii) except for a fire and casualty corporation, acquire or hold shares of any corporation incorporated to undertake contracts of insurance;

- (c) the life company shall not at any time hold an investment in the shares of a fire and casualty corporation pursuant to clause *c* of subsection 8 of section 383 of the Act unless it controls the corporation;

- (d) the common shares of the fire and casualty corporation owned by the life company shall be taken into account in the annual

statement of the life company at a value not greater than the amount obtained by multiplying,

- (i) an amount equal to the excess of the assets of the corporation over the sum of its liabilities and its issued and paid in preferred capital shares,

by,

- (ii) the proportion that the number of common shares of the corporation owned by the life company bears to the total number of the issued and outstanding common shares of the corporation; and
- (e) where the life company has made an investment in the shares of one or more fire and casualty corporations pursuant to clause *c* of subsection 8 of section 383 of the Act, the aggregate of,
  - (i) the amounts invested by the life company in the shares of the corporations,
  - (ii) the amounts advanced, lent or in any way contributed by the life company to the corporations, and
  - (iii) the amounts, other than the amounts referred to in subclause ii, owing to the life company by the corporations,

shall not at any time, except with the approval of the Minister, exceed 2 per cent of the book value of the total assets of the life company.

(2) For the purposes of clause *d* of subsection 1, the values of the assets and the amounts of the liabilities and preferred capital shares of the fire and casualty corporation shall be those shown in its most recent annual statement, but the total value of the securities included in the assets shall not exceed the total of the market values shown for those securities in that annual statement. O. Reg. 519/73, s. 4.

#### REAL ESTATE CORPORATION SHARES

5.—(1) The terms and conditions under which a life company may, pursuant to clause *d* of subsection 8 of section 383 of the Act, invest its funds in the fully paid shares of a real estate corporation are as follows:

- (a) before an investment is made in the shares of a real estate corporation, a life company shall furnish the Superintendent with such information as he may require

relating to the proposed investment and where that investment is in the shares of an existing corporation, the life company shall file with the Superintendent a certified copy of the instrument of incorporation, by-laws and most recent financial statement of that corporation;

- (b) the life company shall deposit with the Superintendent, within two weeks after making an investment in the shares of a real estate corporation, an undertaking by the corporation that, while the life company holds an investment in the shares of the corporation, the corporation will,

- (i) provide the Superintendent with copies of its financial statements and such other information concerning its financial condition and affairs as he may from time to time request and permit the Superintendent or an authorized member of his staff to visit its head office and other offices at any time and examine its books, vouchers, securities and documents,

- (ii) limit its activities to acquiring, holding, maintaining, improving leasing or managing real estate or leaseholds, or to acting as agent or broker in the sale or purchase of real estate or leaseholds,

- (iii) not carry on, except with the approval of the Superintendent, the activities referred to in subclause ii in respect of any real estate or leaseholds other than real estate or leaseholds owned by or mortgaged to,

a. the life company,

b. the real estate corporation,

c. any other real estate corporation in which the life company has made an investment pursuant to clause *d* of subsection 8 of section 383 of the Act, or

d. any other real estate corporation of which more than 30 per cent of the common shares are owned by the corporation or by a real estate corporation referred to in sub-subclause c,

- (iv) procure, at the request of the Superintendent and at its own expense, an appraisal by one or more com-

petent valuers of any parcel of real estate or any leasehold owned by it,

- (v) not make any investment that the life company is prohibited from making by section 386 of the Act,

- (vi) restrict its investments and loans, other than,

- a. investments in real estate or leaseholds, and

- b. investments in the shares of other real estate corporations,

to those it could make if it were a life company, and

- (vii) not make or hold an investment in more than 30 per cent of the common shares of any real estate corporation unless the life company deposits with the Superintendent an undertaking by that other real estate corporation to the same effect as the undertaking referred to hereunder except that that other real estate corporation shall further undertake not to make or hold an investment in the shares of any other real estate corporation;

- (c) the life company shall from time to time at the request of the Superintendent submit such information as the Superintendent may require as evidence that the real estate corporation is complying with the undertaking referred to in clause *b* and, where applicable, that any other real estate corporation described in subclause vii of clause *b* is complying with the undertaking referred to in that clause;

- (d) the common shares of the real estate corporation owned by the life company shall be taken into account in the annual statement of the life company at a value not greater than the amount obtained by multiplying,

- (i) an amount equal to the excess of the assets of the corporation over the sum of its liabilities and its issued and paid in preferred capital shares,

by,

- (ii) the proportion that the number of common shares of the corporation owned by the life company bears to the total number of the issued and outstanding common shares of the corporation;

- (e) in respect of any one parcel of real estate or any one leasehold owned by the real estate corporation or by any other real estate corporation of which more than 30 per cent of the common shares are owned by the corporation, the aggregate of the book values of,

- (i) the investments of the life company in mortgages or hypothecs, bonds, debentures or other evidences of indebtedness specifically secured by that parcel of real estate or leasehold,

- (ii) the loans by the life company specifically secured by that parcel of real estate or leasehold, and

- (iii) all other investments or loans that in the opinion of the Superintendent may reasonably be taken to represent an interest of the life company in that parcel of real estate or leasehold,

shall not at any time exceed 2 per cent of the book value of the total assets of the life company;

- (f) where a life company has made an investment in the shares of a real estate corporation pursuant to clause *d* of subsection 8 of section 383 of the Act, the aggregate of the book values of investments made by the life company in the mortgages or hypothecs, bonds, debentures or other evidences of indebtedness or shares of, or by way of loans to,

- (i) real estate corporations in the shares of which the life company has made an investment pursuant to clause *d* of subsection 8 of section 383 of the Act, and

- (ii) other real estate corporations described in subclause vii of clause *b* of which more than 30 per cent of the common shares are owned by a real estate corporation referred to in subclause i,

shall not at any time exceed 10 per cent of the book value of the total assets of the life company; and

- (g) notwithstanding the provisions of clause *e*, the life company may make an investment in or a loan on the security of a parcel of real estate or leasehold referred to in clause *e* that causes the aggregate of the book values of the investments and loans described in subclauses i to iii, both inclusive, of clause *e* to exceed 2 per cent of the book value of the total assets of the life company where,

(i) the Superintendent is satisfied that the repayment schedules relating to the mortgage loans, bonds or debentures secured by that parcel of real estate or leasehold are such that the said aggregate will be reduced to 2 per cent or less of the book value of the total assets of the life company not later than the end of the fourth calendar year following the calendar year in which that investment or loan is made, and

(ii) that aggregate does not exceed  $2\frac{3}{4}$  per cent of the book value of the total assets of the life company.

(2) For the purposes of clause *d* of subsection 1,

(a) the assets of the real estate corporation shall not include any asset, other than an investment referred to in sub-clauses a. or b. of subclause vi of clause *b* of subsection 1, that if owned by a life company would not be admitted as an asset in its annual statement; and

(b) the total value of any securities included in the assets of the real estate corporation shall not exceed the total of the market values of the assets of the real estate corporation. O. Reg. 519/73, s. 5.

#### MUTUAL FUND CORPORATION SHARES

6.—(1) The terms and conditions under which a life company may, pursuant to clause *e* of subsection 8 of section 383 of the Act, invest its funds in the fully paid shares of a mutual fund corporation, the investment portfolio of which is restricted to investments and loans made and held subject to the same limitations and conditions as are applicable to investments and loans made by the life company by virtue of section 383 of the Act, other than subsection 8 thereof, are as follows;

(a) a life company shall not make an investment in the shares of a mutual fund corporation unless the investment portfolio in which the mutual fund corporation offers participation is managed by the life company or a corporation controlled by the life company;

(b) before an investment is made in the shares of a mutual fund corporation, the life company shall furnish the Superintendent with such information as he may require relating to the proposed investment and, where that investment is in the shares of an existing corporation, the life company shall file with the Superintendent a certified copy of the instrument of incorporation, by-laws and most recent financial statement of that corporation;

(c) the life company shall deposit with the Superintendent, within two weeks after making an investment in the shares of a mutual fund corporation, an undertaking by the company or the corporation managing the investment portfolio of the mutual fund corporation that, while the life company holds an investment in the shares of the mutual fund corporation, the company or corporation managing the investment portfolio will,

(i) provide the Superintendent with copies of the financial statements of the mutual fund corporation and such other information concerning the affairs of that corporation as the Superintendent may from time to time request, and

(ii) not invest the funds of the mutual fund corporation,

a. in any investment that the life company is prohibited from making by section 386 of the Act, or

b. in more than 10 per cent of the common shares of any corporation except with the approval of the Superintendent; and

(d) the life company shall from time to time at the request of the Superintendent submit such information as he may require as evidence that the company or corporation managing the investment portfolio is complying with the undertaking referred to in clause *c*.

(2) The terms and conditions under which a life company may, pursuant to clause *e* of subsection 8 of section 383 of the Act, invest its funds in the fully paid shares of a mutual fund corporation other than a mutual fund corporation referred to in subsection 1 are as follows:

(a) the terms and conditions set out in clauses *a* to *d*, both inclusive, of subsection 1; and

(b) the total market value of the investments held by a life company in the shares of a mutual fund corporation other than a mutual fund corporation referred to in subsection 1, pursuant to clause *e* of subsection 8 of section 383 of the Act, shall not at any time exceed one-third of 1 per cent of the book value of the total assets of the life company. O. Reg. 519/73, s. 6.

#### SERVICE CORPORATION SHARES

7.—(1) The terms and conditions under which a life company may, pursuant to clauses *b* or *f* of

subsection 8 of section 383 of the Act, invest its funds in the fully paid shares of a service corporation are as follows:

- (a) the life company shall not make an investment in the shares of a service corporation unless it has control, or as a result of the investment will acquire control, of that corporation;
- (b) before an investment is made in the shares of a service corporation, the life company shall furnish the Superintendent with such information as he may require relating to the proposed investment and, where that investment is in the shares of an existing corporation, the life company shall file with the Superintendent a certified copy of the instrument of incorporation, by-laws and most recent financial statement of that corporation;
- (c) the life company shall deposit with the Superintendent, within two weeks after making an investment in the shares of a service corporation, an undertaking by that corporation that, while it is controlled by the life company, the corporation will,
  - (i) provide the Superintendent with copies of its financial statements and such other information concerning its affairs as he may from time to time request,
  - (ii) not make any investment that the life company is prohibited from making by section 386 of the Act,
  - (iii) not acquire or hold, except with the approval of the Superintendent, more than 30 per cent of the common shares of any corporation,
  - (iv) not provide any services other than services referred to in clauses *b* and *f* of subsection 8 of section 383 of the Act,
  - (v) provide the services referred to in clause *b* of subsection 8 of section 383 of the Act and such other services as may be necessarily incidental thereto only,
    - a. to the life company and to a foreign life corporation in the shares of which the life company has made an investment, or
    - b. with the approval of the Superintendent, to another life company or foreign life

corporation for such period of time as the Superintendent may determine, and

- (vi) provide the services referred to in clause *f* of subsection 8 of section 383 of the Act and such other services as may be necessarily incidental thereto to one or more mutual fund corporations only where,
  - a. the investment portfolio of at least one of the mutual fund corporations is managed by a corporation controlled by the life company, or
  - b. the life company provides evidence satisfactory to the Superintendent that a corporation controlled by the life company will, within a period of time determined by the Superintendent, assume the management of a mutual fund corporation to which the service corporation provides its services;
- (d) the life company shall from time to time at the request of the Superintendent submit such information as he may require as evidence that the service corporation is complying with the undertaking referred to in clause *c*;
- (e) the life company shall not at any time hold an investment in the shares of a service corporation pursuant to clause *b* or *f* of subsection 8 of section 383 of the Act unless at that time it controls the corporation;
- (f) the common shares of the service corporation owned by the life company shall be taken into account in the annual statement of the life company at a value not greater than the amount obtained by multiplying,
  - (i) an amount equal to the excess of the assets of the corporation over the sum of its liabilities and its issued and paid in preferred capital shares,
 by,
  - (ii) the proportion that the number of common shares of the corporation owned by the life company bears to the total number of the issued and outstanding common shares of the corporation; and

- (g) the total book value of the investments held by a life company in the shares of service corporations pursuant to clause *b* or *f* of subsection 8 of section 383 of the Act shall not at any time exceed one-third of 1 per cent of the book value of the total assets of the life company.

(2) For the purposes of clause *f* of subsection 1, the assets of the service corporation shall not include any asset that if owned by a life company would not be admitted as an asset in its annual statement and the total value of any securities included in the assets shall not exceed the total of their market value. O. Reg. 519/73, s. 7.

#### ANCILLARY BUSINESS CORPORATION SHARES

8.—(1) The terms and conditions under which a life company may, with the prior approval of the Minister, invest its funds in the fully paid shares of an ancillary business corporation pursuant to clause *g* of subsection 8 of section 383 of the Act are as follows:

- (a) the life company shall not make an investment in the shares of an ancillary business corporation unless it has control, or as a result of the investment will acquire control, of that corporation;
- (b) before an investment is made in the shares of an ancillary business corporation, or before a life company makes application for the incorporation of an ancillary business corporation, the life company shall furnish the Superintendent with such information as he may require relating to the proposed investment and, where that investment is in the shares of an existing corporation, the life company shall file with the Superintendent a certified copy of the instrument of incorporation, by-laws and most recent financial statement of that corporation;
- (c) the life company shall deposit with the Superintendent, within two weeks after making an investment in the shares of an ancillary business corporation, an undertaking by that corporation that, while it is controlled by the life company, the corporation will,

- (i) provide the Superintendent with copies of its financial statements and such other information concerning its affairs as he may from time to time request, and permit the Superintendent or an authorized representative of his staff to visit its head office and other offices at any time and examine its books, brochures, securities and documents,

- (ii) not carry on any business,

- a. referred to in clauses *a* to *f*, both inclusive, of subsection 8 of section 383 of the Act, or

- b. that is not reasonably ancillary to the business of insurance,

- (iii) not make any investment that the life company is prohibited from making by section 386 of the Act,

- (iv) not acquire or hold, except with the approval of the Superintendent, more than 30 per cent of the common shares of any corporation, and

- (v) where it was incorporated to provide services of a kind ordinarily required by the life company, not provide, except with the approval of the Superintendent, those services to any other person unless it also provides them to the life company;

- (d) the life company shall from time to time at the request of the Superintendent submit such information as he may require as evidence that the ancillary business corporation is complying with the undertaking referred to in clause *c*;

- (e) a life company shall not at any time hold an investment in the shares of an ancillary business corporation pursuant to clause *g* of subsection 8 of section 383 of the Act unless it controls the corporation at that time;

- (f) the common shares of the ancillary business corporation owned by the life company shall be taken into account in the annual statement of the life company at a value not greater than the amount obtained by multiplying,

- (i) an amount equal to the excess of the assets of the corporation over the sum of its liabilities and its issued and paid in preferred capital shares,

by,

- (ii) the proportion that the number of common shares of the corporation owned by the life company bears to the total number of the issued and outstanding common shares of the corporation; and

- (g) the total book value of the investments held by a life company in the shares of ancillary business corporations pursuant to clause g of subsection 8 of section 383 of the Act shall not at any time exceed 1 per cent of the book value of the total assets of the life company.

- (o) "yard" means a space on a lot appurtenant to a building which space is open, uncovered and unoccupied except for any accessory buildings specifically permitted by this Order. O. Reg. 529/73, s. 1.

## APPLICATION

2. This Order applies to all of the lands in the Township of Marlborough in the Regional Municipality of Ottawa-Carleton. O. Reg. 529/73, s. 2.

## GENERAL

3. No land shall be used and no building or structure shall be erected or used except in accordance with the terms of this Order, but nothing in this Order prevents the use of any land, building or structure for a purpose prohibited by this Order if the land, building or structure was lawfully used for such purpose on the day this Order comes into force, or prevents the erection or use of any building or structure the plans for which have, prior to the day this Order comes into force, been approved by the municipal building inspector. O. Reg. 529/73, s. 3.

## PERMITTED USES

4. Every use of land and every erection or use of buildings or structures to which this Order applies within the Township of Marlborough is prohibited, except agricultural uses and buildings and structures accessory thereto, and one single-family dwelling used in connection with each agricultural operation. O. Reg. 529/73, s. 4.

5. Requirements for agricultural uses and buildings and structures accessory thereto including one single-family dwelling used in connection with the agricultural operation, are established as follows:

No more than one dwelling shall be erected on any lot.

Minimum lot area 55 acres

Minimum lot coverage 900 feet

Minimum front, side and rear yards 50 feet

Minimum ground floor area for dwellings one storey — 1,000 square feet  
one and one-half storeys or more 750 square feet

O. Reg. 529/73, s. 5.

6. A single-family dwelling and buildings or structures accessory thereto existing on the date this Order comes into force may be extended or enlarged provided that such single-family dwelling and buildings or structures accessory thereto as extended or enlarged comply with the following requirements:

Minimum front yard 25 feet

Minimum side yard 10 feet on one side and 4 feet on the other side

Minimum rear yard 25 feet

O. Reg. 529/73, s. 6.

7. Buildings or structures accessory to single-family dwellings may be erected provided that such buildings or structures comply with the following requirements:

1. No accessory building or structure shall be closer to the front lot line than the existing single-family dwelling on such lot.

2. No accessory building or structure, except an attached garage, shall be closer than six feet to the existing single-family dwelling on the lot.

3. No accessory building or structure shall be less than four feet from any lot line.

4. No accessory building or structure shall exceed a height of twelve feet.

5. The total area covered by any accessory building or structure shall not exceed 10 per cent of the area of the lot upon which it is constructed.

6. No accessory building or structure shall be used for human habitation. O. Reg. 529/73, s. 7.

## BUILDING LINE

8. No building or any part thereof shall be erected or extended nearer to the centre line of any street than in accordance with the following:

Provincial highways 100 feet

Regional roads 100 feet

Township roads and other roads or streets 60 feet

O. Reg. 529/73, s. 8.

9. Notwithstanding anything contained in this Order,

(a) the Township of Marlborough or any local board thereof as defined in *The Municipal Affairs Act*;

(b) The Regional Municipality of Ottawa-Carleton;

(c) any ministry, department or agency of the Government of Canada or Ontario;

(d) any telephone or telegraph company;

(e) The Hydro-Electric Power Commission of Ontario;

(f) a gas company holding a franchise from the Township of Marlborough; and

(g) The Rideau Valley Conservation Authority, may use land or erect any building or structure for the purpose of providing a service to the public. O. Reg. 529/73, s. 9.

## REBUILDING AND REPAIRS

## 10. Nothing in this Order prevents,

- (a) the repair or reconstruction of any building or structure that is damaged or destroyed subsequent to the date this Order comes into force if the dimensions of the original building or structure are not increased; or
- (b) the strengthening or restoration to a safe condition of any building or structure or part of any building or structure. O. Reg. 529/73, s. 10.

## BUILDINGS TO FRONT ON STREET

## REGULATION MADE UNDER THE MINISTRY OF EDUCATION ACT

## SCHOOL YEAR AND SCHOOL HOLIDAYS

### INTERPRETATION

#### 1.—(1) In this Regulation,

- (a) "instructional day" means a school day that is designated as an instructional day on a school calendar and upon which day an instructional program that may include examinations is provided for each pupil whose program is governed by such calendar;
- (b) "professional activity" includes evaluation of the progress of pupils, consultation with parents, the counselling of pupils, curriculum and program evaluation and development, professional development of teachers and attending educational conferences;
- (c) "professional activity day" means a school day that is designated as a day for professional activities on a school calendar;
- (d) "school day" means a day that is within a school year and is not a school holiday; and
- (e) "school year" means the period prescribed as such by or approved as such under this Regulation.

(2) A board may designate half a school day an instructional program and the remainder of the day for professional activities, but such a day constitutes a half-day in determining the number of instructional days in the school year. O. Reg. 546/73, s. 1.

2.—(1) Subject to section 4, the school year shall commence on the day following Labour Day and end on the 30th day of June but, when the 30th day of June is a Monday or Tuesday, the school year shall end on the preceding Friday.

(2) Subject to section 4, a school year shall include at least 185 instructional days, and the remaining school days shall be professional activity days.

(3) Subject to section 4, the following are school holidays:

1. Every Saturday and Sunday.
2. A day appointed by the Governor General or the Lieutenant Governor as a public holiday or for thanksgiving.
3. Where the school is open during July and August, Dominion Day and Labour Day.
4. Good Friday.
5. Victoria Day.
6. A Christmas vacation to begin on the 23rd day of December or, when the 23rd day of December is a Tuesday, on the 22nd day of December and to end on the 2nd day of January or, when the 2nd day of January is a Thursday, on the 3rd day of January.
7. Five consecutive days commencing on the Monday next following the Friday preceding the 21st day of March, or five consecutive days, exclusive of Saturday and Sunday, that are within the period from the first school day in January to the last school day in June, and are designated as school holidays in lieu thereof by the board that operates the school.
8. Easter Monday or a day designated as a school holiday in lieu thereof by the board that operates the school.
9. Where Remembrance Day is not Saturday or Sunday, Remembrance Day or a day designated as a school holiday in lieu thereof by the board that operates the school. O. Reg. 546/73, s. 2.

3. In the year 1973 a board may, and in the year 1974 and each subsequent year every board shall, except in respect of a school or class for which the board has submitted a proposed school calendar under section 4, prepare, adopt and submit to the Minister on or before the 1st day of May, in respect of the school year next following, the school calendar or school calendars to be followed in the schools under its jurisdiction, and each such school calendar shall,

- (a) state the school or schools in which the calendar is to be followed;
- (b) conform to section 2; and
- (c) identify each day of the school year as an instructional day, a professional activity day or a school holiday. O. Reg. 546/73, s. 3.

4.—(1) For one or more schools under its jurisdiction a board may designate a school year and school holidays that are different from those

prescribed in section 2 and, where a board does so, the board shall submit to the Minister on or before the 1st day of March a proposed school calendar for the school year next following in respect of such school or schools, identifying thereon each day of the school year as an instructional day, a professional activity day or a school holiday, and the board may, upon approval thereof by the Minister, implement such school calendar.

(2) Where the Minister informs a board that he does not approve the school calendar submitted under subsection 1, the board may amend its proposed school calendar and submit to the Minister a revised school calendar and, upon approval thereof by the Minister, the board may implement the revised school calendar.

(3) Where a board has submitted a proposed school calendar under subsection 1 and the Minister has not approved on or before the 15th day of April such calendar or a revision thereof submitted under subsection 2, the board shall, on or before the 1st day of May, prepare, adopt and submit to the Minister a school calendar in accordance with section 3. O. Reg. 546/73, s. 4.

5.—(1) Where, in the opinion of the board, it is desirable to alter a school calendar that has been submitted under section 3 or subsection 3 of section 4 or approved and implemented under subsection 1 or 2 of section 4, the board may, with the prior approval of the Minister, alter the school calendar.

(2) Where,

- (a) a school or class is closed for a temporary period because of failure of transportation arrangements, inclement weather, fire, flood, a breakdown of the school heating plant or a similar emergency, or a school is closed under *The Emergency Measures Act*, *The Public Health Act*, *The Ministry of Education Act* or subsection 2 of section 4 of *The Schools Administration Act*; and

- (b) the school calendar is not altered under subsection 1,

the day on which the school or class is closed remains an instructional day or a professional activity day, as the case may be, as designated on the school calendar applicable to such school or class. O. Reg. 546/73, s. 5.

6. Nothing in this Regulation shall operate to prevent the holding of a meaningful and significant program in observance of Remembrance Day.

1. The Parcost Comparative Drug Index has been compiled by the Ministry of Health and its advisory committee, "The Drug Quality and Therapeutics Committee".

2. The Index is a compilation of pharmaceutical preparations, arranged in comparative categories and groupings according to the nature, strength and dosage form of the active therapeutic constituent.

3. The products listed in the Index meet recognized standards of quality required by the Drug Quality and Therapeutics Committee.

4. Except where indicated otherwise by the words "not interchangeable", for the purposes of subsection 1 of section 52 of the Act, products listed in the same bar chart of the Parcost C.D.I. are interchangeable.

5. The cost listed in the Index is derived from a price submitted by the pharmaceutical manufacturer or supplier and is based on the package size listed for the product in the C.D.I., and represents the maximum price the pharmacist or hospital should pay for the product.

6. Manufacturers distributing primarily direct to the pharmacy are indicated by a symbol (D) after the firm name in the MANUFACTURERS' PRODUCTS LISTS SECTION.

7. The cost of prescribed pharmaceutical preparations to the patient is composed of two major components:

- (i) Product cost to the pharmacist.
- (ii) Pharmacist's professional fee.

For the purposes of section 52 of this Act, the product cost-plus professional fee method of pricing a prescription shall be used and the prescription fee so used shall not exceed a maximum of \$2.20.

Hypertension — Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant.

## Oral Contraceptives — Grouped According to Estrogenic Content

The products listed together in any given category are considered to be comparably effective when used as ovulatory suppressants. However, it is recognized that there may be a variation in adverse effects among these products as well as a variation in their application when they are used for purposes other than contraception. For this reason, selection of the appropriate agent must be based on professional judgement to meet the individual requirements of the patient.

**THE TOURISM ACT****O. Reg. 551/73.**

General.

Made—August 22nd, 1973.

Filed—August 29th, 1973.

- 1.—(1) Paragraph 4 of subsection 1 of section 1 of Ontario Regulation 390/72 is revoked and the following substituted therefor:

4. "cabin establishment" means a tourist establishment comprised of two or more cabins arranged singly or in pairs and which does not provide cooking facilities.

(2) Paragraph 12 of subsection 1 of the said section 1 is revoked and the following substituted therefor:

12. "hotel" means a tourist establishment that,

(i) consists of one or more than one building containing three or more accommodation units grouped under one roof and accessible from the interior or partially from the exterior,

(ii) may or may not have facilities for serving meals, and

(iii) may or may not be licensed under *The Liquor Licence Act*.

(3) Paragraph 15 of subsection 1 of the said section 1 is revoked and the following substituted therefor:

15. "motel" means a tourist establishment that,

(i) consists of one or more than one building containing three or more attached accommodation units accessible from the exterior only,

(ii) may or may not have facilities for serving meals,

(iii) may or may not be licensed under *The Liquor Licence Act*,

(iv) is designed to accommodate the public for whom the automobile is the principal means of transportation, and

(v) is not a camping establishment or a tourist home;

15a. "motor hotel" means a tourist establishment that,

(i) consists of one or more than one building containing three or more accommodation units grouped under one roof and accessible from the interior or partially from the exterior,

(ii) may or may not have facilities for serving meals,

(iii) may or may not be licensed under *The Liquor Licence Act*, and

(iv) is designed to accommodate the public for whom the automobile is the principal means of transportation.

(4) Subsection 2 of the said section 1 is revoked and the following substituted therefor:

(2) Tourist establishments are classified as,

(a) cabin establishments;

(b) camping establishments;

(c) cottage establishments;

(d) hotels;

(e) motels;

(f) motor hotels;

2. Clause d of section 37 of Ontario Regulation 390/72 is revoked and the following substituted therefor:

(d) take such precautions as are necessary to prevent heating, cooking, refrigerating or other devices from endangering the health or safety of persons accommodated by,

(i) the exhaustion of oxygen from the air, or

(ii) the production of carbon monoxide or other noxious gas or smoke; and

3.—(1) Clause c of subsection 1 of section 39 of Ontario Regulation 390/72 is revoked and the following substituted therefor:

(c) "year" means the fiscal year beginning with the first day of April.

(2) Subsections 3, 4 and 5 of the said section 39 are revoked and the following substituted therefor:

(3) The amount of the grant under subsection 2 up to a maximum of \$7,500 will be equal to the amount raised for the purpose of furthering its objectives by the regional organization in the year next preceding the year for which the grant is applied, but excluding any amount received under this Regulation or other payment received from Ontario.

(4) In the case of a new regional organization, the amounts raised by the organization for its initial year of operation may be considered in calculating the amount of grant to be awarded in that year under subsection 2.

(4a) Where a regional organization is formed by the association of two or more regional organizations, the amount of the grant payable in the first year of its operation shall be computed under subsection 3 as if the amounts raised or expended in the preceding year by the associated organizations were raised or expended by the regional organization.

(5) An application for a grant shall be accompanied by the following statements of the regional organization:

- 1. A financial statement of the regional organization for the latest completed year.
- 2. A report of the activities and achievements of the regional organization in the year next preceding the year for which the grant is applied.
- 3. A description of the plans of the regional organization for the year for which the grant is applied and estimates of the costs of such plans.

4. A statement of the amount expended in the last year for the purpose of furthering the objects of the regional organization, together with detailed information showing the various purposes for which the money was spent. O. Reg. 551/73, s. 3 (2).

(3) Clause *b* of subsection 6 of the said section 39 is revoked and the following substituted therefor:

(b) the activities and projects proposed by the regional organization in applying for a grant shall, in the judgment of the Minister, be for the effective development and promotion of the tourism industry in a region; and

(4) Subsection 7 of the said section 39 is revoked and the following substituted therefor:

(7) A grant given to a regional organization shall be spent by the regional organization in carrying out its objects and shall not be divided among or granted to other organizations within or outside the region. O. Reg. 551/73, s. 3 (4).

3. Forms 2, 3 and 6 of Ontario Regulation 390/72 are revoked and the following substituted therefor:

## CITY OF OTTAWA

### APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that The Corporation of the City of Ottawa will apply to the Legislative Assembly of the Province of Ontario at its next session for an Act to authorize the Corporation to enact by-laws:

1. prohibiting taxicab brokers from operating within the City of Ottawa;

2. limiting the number of taxicab brokers licensed by the Corporation;

3. regulating and controlling stand rents and prohibiting the charging of stand rents in excess of those permitted in any such by-laws;

4. regulating and controlling taxi rents and prohibiting the charging of rents in excess of those permitted in any such by-laws;

5. providing for the use of a standard form of rental agreement for all stand rentals which form shall be attached to such by-laws as a part thereof and also that all stand rents shall, to be effective and binding on the parties, be in the form attached to such by-laws;

6. providing for the use of a standard form of rental agreement for all taxi rentals which form shall be attached to such by-laws as a part thereof and also that all taxi rentals shall, to be effective and binding on the parties, be in the form attached to such by-laws;

7. prohibiting any person from entering into any agreement, whether in writing or not, which deviates from the agreement mentioned in numbers 5 and 6 above;

8. requiring the carrying on the person of a taxi driver his record book which shall show all his employers, giving details of when he worked for them, and also providing information as to any traffic accidents the taxi driver had been involved in and the estimated value of the damage;

9. permitting the entering into of agreements with taxicab brokers for the operation of a central dispatch system and for the sharing of the revenues thereof and the payment by the Corporation of such cost of capital equipment or operating charges as may be deemed appropriate by the Corporation;

10. for the recovery of such costs of capital equipment and operating charges pursuant to any agreement made under the previous paragraph as well as any share of the said revenues;

11. providing for the staffing of said central dispatch system by employees of the Corporation;

12. any such agreements may provide for limitation of the Corporation's liability for any claims arising from the operation of the said central dispatch system, and the Corporation shall not be liable to any person beyond such limit;

13. permitting the establishment and operation of a central taxi dispatch system in competition with others or otherwise and the provision of the funds necessary therefor;

14. providing for the staffing of such central taxi dispatch system and for the entering into agreements with individuals, partnerships and corporations for the provision of taxicabs to be serviced by said central taxi dispatch system;

15. for entering into agreements for the provision of taxi service to individuals, partnerships and corporations;

16. for the recovery and collection of all debts due the Corporation arising from failure to make payment of any charges arising out of any such agreement in paragraph 15 in the same manner and to the same extent as provided in section 469 of *The Municipal Act*.

### Schedule 3

#### GENERAL

##### ANNUAL INSPECTION

1. For inspections and other services carried out pursuant to an annual application for inspection where, in the opinion of the Commission, electrical installation work of a routine nature in connection with the maintenance or operation of a manufacturing, mercantile or other building, or the plant therein is required to be performed at frequent intervals and where the owner or occupant employs his own electricians for the purpose, an annual fee based on the number of persons employed, as follows:

- (i) A basic annual fee of \$50.00 for up to five inspection calls per year for plants employing up to and including 100 persons.
- (ii) For plants employing more than 100 persons, the fee shall be the basic annual fee of \$50.00 together with an additional fee of \$10.00 for every fifty employees or fraction thereof in excess of 100 such that each \$10.00 unit of the fee entitles the person who pays the fee to one inspection call.

- (iii) Where the full entitlement of inspection calls has not been used up within the year for which the fees have been paid, a rebate for the unused entitlement shall be made on a *pro rata* basis, provided that in no case shall the fees be less than the basic annual fee of \$50.00.
- (iv) For each inspection call in excess of the entitlement of inspection calls referred to in paragraphs i and ii, a fee of..... 10.00

2. The annual inspection application and payment of a fee does not include the inspection of electrical work performed by outside contractors who arrange and pay for the inspection of their work in accordance with Schedule 2 or this Schedule.

ADDITIONAL FEES

- 3. For each installation which is found upon inspection to be uncorrected with respect to a defect of defects detected at a previous inspection..... 10.00

MISCELLANEOUS

- 4.—(1) For the inspection of any electrical installation that is not provided for in Schedule 1, Schedule 2 or this Schedule, per inspection call..... 10.00
- (2) For inspection calls in excess of the maximum allowed under an application for inspection, where not provided for under Schedule 1, Schedule 2 or this Schedule, per inspection call..... 10.00

PLANS AND SPECIFICATIONS

- 5. For the examination of plans and specifications, per half-hour or fraction thereof..... 10.00

SPECIAL INSPECTION

- 6.—(1) For the inspection of the first unit of electrical equipment that is submitted to the Commission for examination, testing and approval in accordance with the regulations, \$22.00 for the first hour or fraction thereof, plus \$11.00 for each additional half-hour or part thereof, plus any necessary travelling expenses incurred by the inspector.
- (2) For the inspection of each additional unit at the same location and submitted at the same time, which in the judgment of the inspector does not require a detailed examination, a fee of 10 per cent of the basic inspection fee referred to in subsection 1 shall be charged unless the inspector considers a lesser charge appropriate.

TEMPORARY CONNECTION AUTHORIZATION

- 7. For each application for a temporary connection authorization, in addition to the fees otherwise payable under Schedule 1 or Schedule 2,
  - (a) for a period of 120 days from the date of the application..... 5.00
  - (b) for each additional period of 120 days where an inspection is made prior to the commencement of each period..... 5.00

NOTE: temporary connection authorizations shall not be granted for installations intended to be made permanent unless an application is first filed for the permanent installation.

TRAVELLING EXPENSES

- 8. The travelling expenses incurred by an inspector in carrying out an inspection of an electrical installation located in an area not accessible from travelled roads shall be payable in addition to the fees otherwise payable under Schedule 1, Schedule 2 and this Schedule.
